

24th Edition

Texas Laws Relating to Mental Health and Intellectual Disabilities

*Reflecting changes in law passed by the
88th Legislature, Regular Session – 2023*

The laws reflected in this edition include both substantive and non-substantive revisions to laws passed by the 88th Legislature. Most of the revisions in law take effect on September 1, 2023. Among the changes are references to agencies, such as the Health and Human Services Commission, that have been updated to reflect the governance of the state hospitals and state supported living centers by the Commission. However, not all laws have been substantively changed to fully reconcile the duties, functions and powers of the Health and Human Service agencies and may still reflect an entity, such as the Department of State Health Services, which is no longer performing those duties, functions or powers.

The recent changes in law from the 88th Legislature, R.S., reflected herein may be accessed at <https://lrl.texas.gov/legis/isaf/lrlhome.cfm> and by following these instructions:

**SUBTITLE A. SERVICES FOR PERSONS WITH
MENTAL ILLNESS OR AN INTELLECTUAL DISABILITY**

**CHAPTER 531. PROVISIONS GENERALLY APPLICABLE TO
MENTAL HEALTH AND INTELLECTUAL DISABILITY SERVICES**

PURPOSE; POLICY

Sec.531.001. (a) It is the purpose of this subtitle to provide for the effective administration and coordination of mental health and intellectual disability services at the state and local levels.

(b) Recognizing that a variety of alternatives for serving persons with mental illness or an intellectual disability exists, it is the purpose of this subtitle to ensure that a continuum of services is provided. The continuum of services includes:

- (1) mental health facilities operated by the Department of State Health Services and community services for persons with mental illness provided by the department and other entities through contracts with the department; or
- (2) state supported living centers operated by the Department of Aging and Disability Services and community services for persons with an intellectual disability provided by the department and other entities through contracts with the department.

(c) It is the goal of this state to provide a comprehensive range of services for persons with mental illness or an intellectual disability who need publicly supported care, treatment, or habilitation. In providing those services, efforts will be made to coordinate services and programs with services and programs provided by other governmental entities to minimize duplication and to share with other governmental entities in financing those services and programs.

(d) It is the policy of this state that, when appropriate and feasible, persons with mental illness or an intellectual disability shall be afforded treatment in their own communities.

(e) It is the public policy of this state that mental health and intellectual disability services be the responsibility of local agencies and organizations to the greatest extent possible. The Department of State Health Services shall assist the local agencies and organizations by coordinating the implementation of a statewide system of mental health services. The Department of Aging and Disability Services shall assist the local agencies and organizations by coordinating the implementation of a statewide system of intellectual disability services. Each department shall ensure that mental health and intellectual disability services, as applicable, are provided. Each department shall provide technical assistance for and regulation of the programs that receive funding through contracts with that department.

(f) It is the public policy of this state to offer services first to those persons who are most in need. Therefore, funds appropriated by the legislature for mental health and intellectual disability services may be spent only to provide services to the priority populations identified in the applicable department's long-range plan.

(g) It is the goal of this state to establish at least one special officer for mental health assignment in each county. To achieve this goal, the Department of State Health Services shall assist a local law enforcement agency that desires to have an officer certified under Section 1701.404, Occupations Code.

(h) It is the policy of this state that the Department of State Health Services serves as the state's mental health authority and the Department of Aging and Disability Services serves as the state's intellectual disability authority. The executive commissioner is responsible for the planning, policy development, and resource development and allocation for and oversight of mental health and intellectual disability services in this state. It is the policy of this state that, when appropriate and feasible, the executive commissioner may delegate the executive commissioner's authority to a single entity in each region of the state that may function as the local mental health or intellectual and developmental disability authority for one or more service areas in the region.

(b) The amount of the reimbursement sought may not exceed:

- (1) the amount the department is authorized to charge under Section 552.017, if the patient received the services in a department facility; or
- (2) the amount the community center is authorized to charge under Section 534.017 if the patient received the services in a community center.

(c) The lien attaches to:

- (1) all nonexempt real and personal property owned or later acquired by the patient or by a person legally responsible for the patient's support;
- (2) a judgment of a court in this state or a decision of a public agency in a proceeding brought by or on behalf of the patient to recover damages for an injury for which the patient was admitted to a department facility or community center; and
- (3) the proceeds of a settlement of a cause of action or a claim by the patient for an injury for which the patient was admitted to a department facility or community center.

(d) To secure the lien, the department or community center must file written notice of the lien with the county clerk of the county in which:

A community center may not purchase or lease-purchase property for an amount that is greater than the property's appraised value unless:

- (1) the purchase or lease-purchase of that property at that price is necessary;

- (2) by the guardian of a person described by Subdivision (1), if the person has been judicially declared to lack the required capacity; or
- (3) by the legal representative who under Section 555.155(c) may request electronic monitoring on behalf of a person described by Subdivision (1), if the person does not have capacity to sign the form but has not been judicially declared to lack the required capacity.

(d) The form prescribed by the executive commissioner under Subsection (b)(3) must condition the consent of another resident in the room on the other resident also releasing the center from any civil liability for a violation of the person's privacy rights in connection with the use of the electronic monitoring device.

(e) Another resident in the room may:

- (1) when the proposed electronic monitoring device is a video surveillance camera, condition consent on the camera being pointed away from the consenting resident; and
- (2) condition consent on the use of an audio electronic monitoring device being limited or prohibited.

(f) If authorized electronic monitoring is being conducted in a resident's room and another resident is moved into the room who has not yet consented to the electronic monitoring, authorized electronic monitoring must cease until the new resident has consented in accordance with this section.

(g) The executive commissioner may include other information that the executive commissioner considers to be appropriate on either of the forms that the executive commissioner is required to prescribe under this section.

(h) The executive commissioner by rule may prescribe the place or places that a form signed under this section must be maintained and the period for which it must be maintained.

(i) Authorized electronic monitoring:

- (1) may not commence until all request and consent forms required by this section have been completed and returned to the center; and
- (2) must be conducted in accordance with any limitation placed on the monitoring as a condition of the consent given by or on behalf of another resident in the room.

Sec. 555.157. AUTHORIZED ELECTRONIC MONITORING: GENERAL PROVISIONS. (a) A center shall permit a resident or the resident's guardian or legal representative to monitor the resident's room through the use of electronic monitoring devices.

(b) The center shall require a resident who conducts authorized electronic monitoring or the resident's guardian or legal representative to post and maintain a conspicuous notice at the entrance to the resident's room. The notice must state that the room is being monitored by an electronic monitoring device.

(c) Authorized electronic monitoring conducted under this subchapter is not compulsory and may be conducted only at the request of the resident or the resident's guardian or legal representative.

(d) A center may not refuse to admit an individual to residency in the center and may not remove a resident from the center because of a request to conduct authorized electronic monitoring. A center may not remove a resident from the center because covert electronic monitoring is being conducted by or on behalf of a resident.

(e) A center shall make reasonable physical accommodation for authorized electronic monitoring, including:

- (1) providing a reasonably secure place to mount the video surveillance camera or other electronic monitoring device; and

(2) providing access to power sources for the video surveillance camera or other electronic monitoring device.

(f) The resident or the resident's guardian or legal representative must pay for all costs associated with conducting electronic monitoring, other than the costs of electricity. The resident or the resident's guardian or legal representative is responsible for:

- (1) all costs associated with installation of equipment; and
- (2) maintaining the equipment.

(g) A center may require an electronic monitoring device to be installed in a manner that is safe for residents, employees, or visitors who may be moving about the room. The executive commissioner by rule may adopt guidelines regarding the safe placement of an electronic monitoring device.

(h) If authorized electronic monitoring is conducted, the center may require the resident or the resident's guardian or legal representative to conduct the electronic monitoring in plain view.

(i) A center may but is not required to place a resident in a different room to accommodate a request to conduct authorized electronic monitoring.

Sec. 555.158. REPORTING ABUSE, NEGLECT, OR EXPLOITATION. (a) A person who is conducting authorized electronic monitoring under this subchapter and who has cause to believe, based on the viewing of or listening to a tape or recording, that a resident is in a state of abuse, neglect, or exploitation or has been abused, neglected, or exploited shall:

- (1) report that information to the Department of Family and Protective Services as required by Section 48.051, Human Resources Code; and
- (2) provide the original tape or recording to the Department of Family and Protective Services.

(b) If the Department of Family and Protective Services has cause to believe that a resident has been abused, neglected, or exploited by another person in a manner that constitutes a criminal offense, the department shall immediately notify law enforcement and the inspector general as provided by Section 48.1522, Human Resources Code, and provide a copy of the tape or recording to law enforcement or the inspector general on request.

Sec. 555.159. USE OF TAPE OR RECORDING BY AGENCY OR COURT. (a) Subject to applicable rules of evidence and procedure and the requirements of this section, a tape or recording created through the use of covert or authorized electronic monitoring described by this subchapter may be admitted into evidence in a civil or criminal court action or administrative proceeding.

(b) A court or administrative agency may not admit into evidence a tape or recording created through the use of covert or authorized electronic monitoring or take or authorize action based on the tape or recording unless:

- (1) if the tape or recording is a video tape or recording, the tape or recording shows the time and date that the events acquired on the tape or recording occurred;
- (2) the contents of the tape or recording have not been edited or artificially enhanced; and
- (3) if the contents of the tape or recording have been transferred from the original format to another technological format, the transfer was done by a qualified professional and the contents of the tape or recording were not altered.

(c) A person who sends more than one tape or recording to the department shall identify for the department each tape or recording on which the person believes that an incident of abuse or exploitation or evidence of neglect may be found. The executive commissioner by rule may encourage persons who send a tape or recording to the department to identify the place on the tape or recording where an incident of abuse or evidence of neglect may be found.

Sec. 555.160. NOTICE AT ENTRANCE TO CENTER. Each center shall post a notice at the entrance to the center stating that the rooms of some residents may be being monitored electronically by or on behalf of the residents and that the monitoring is not necessarily open and obvious. The executive commissioner by rule shall prescribe the format and the precise content of the notice.

Sec. 555.161. ENFORCEMENT. The department may impose appropriate sanctions under this chapter on a director of a center who knowingly:

- (1) refuses to permit a resident or the resident's guardian or legal representative to conduct authorized electronic monitoring;
- (2) refuses to admit an individual to residency or allows the removal of a resident from the center because of a request to conduct authorized electronic monitoring;

- (3) allows the removal of a resident from the center because covert electronic monitoring is being conducted by or on behalf of the resident; or
- (4) violates another provision of this subchapter.

Sec. 555.162. INTERFERENCE WITH DEVICE; CRIMINAL PENALTY. (a) A person who intentionally hampers, obstructs, tampers with, or destroys an electronic monitoring device installed in a resident's room in accordance with this subchapter or a tape or recording made by the device commits an offense. An offense under this subsection is a Class B misdemeanor.

(b) It is a defense to prosecution under Subsection (a) that the person took the action with the effective consent of the resident on whose behalf the electronic monitoring device was installed or the resident's guardian or legal representative.

SUBCHAPTER F. RIGHT TO ESSENTIAL CAREGIVER VISITS

Sec. 555.201. DEFINITION. In this chapter, "essential caregiver" means a family member, friend, guardian, or other individual selected by a resident, resident's guardian, or resident's legally authorized representative for in-person visits.

Sec. 555.202. RESIDENT'S RIGHT TO ESSENTIAL CAREGIVER VISITS. (a) A resident of a state supported living center, the resident's guardian, or the resident's legally authorized representative has the right to designate an essential caregiver with whom the center may not prohibit in-person visitation.

(b) Notwithstanding Subsection (a), the executive commissioner by rule shall develop guidelines to assist state supported living centers in establishing essential caregiver visitation policies and procedures. The guidelines must require the centers to:

- (1) allow a resident, resident's guardian, or resident's legally authorized representative to designate for in-person visitation an essential caregiver;
- (2) establish a visitation schedule allowing the essential caregiver to visit the resident for at least two hours each day;
- (3) establish procedures to enable physical contact between the resident and essential caregiver;
- and
- (4) obtain the signature of the essential caregiver certifying that the caregiver will follow the center's safety protocols and any other rules adopted under this section.

(c) A state supported living center may revoke an individual's designation as an essential caregiver if the essential caregiver violates the center's safety protocols or rules adopted under this section. If a state supported living center revokes an individual's designation as an essential caregiver under this subsection, the resident, resident's guardian, or resident's legally authorized representative has the right to immediately designate another individual as the resident's essential caregiver. The commission by rule shall establish an appeals process to evaluate the revocation of an individual's designation as an essential caregiver under this subsection.

(d) Safety protocols adopted by a state supported living center for an essential caregiver under this section may not be more stringent than safety protocols for center staff.

(e) A state supported living center may petition the commission to suspend in-person essential caregiver visits for not more than seven days if in-person visitation poses a serious community health risk. The commission may deny the state supported living center's request to suspend in-person essential caregiver visitation if the commission determines that in-person visitation does not pose a serious community health risk. A state supported living center may request an extension from the commission to suspend in-person essential caregiver visitation for more than seven days. The commission may not approve an extension under this subsection for a period that exceeds seven days, and a state supported living center must separately request each extension. A state supported living center may not suspend in-person essential caregiver visitation in any year for a number of days that exceeds 14 consecutive days or a total of 45 days.

(f) This section may not be construed as requiring an essential caregiver to provide necessary care to a resident, and a state supported living center may not require an essential caregiver to provide necessary care.

If a person detained under this subtitle would otherwise be released because the original signed copy of a paper is not filed within the 72-hour period but for the extension of the filing period under this section, the person may be detained until the expiration of the extended filing period. This subsection does not affect another provision of this subtitle requiring the release or discharge of a person.

(d) If the clerk does not receive the original signed copy of a paper within the period prescribed by this section, the judge may dismiss the proceeding on the court's own motion or on the motion of a party and, if the proceeding is dismissed, shall order the immediate release of a proposed patient who is not at liberty.

(b) A judge may not issue an order under Subsection (a) unless the judge enters a finding that:

- (1) the use, inspection, or copying is justified and in the public interest; or
- (2) the paper is to be released to the person to whom it relates or to a person designated in a written release signed by the person to whom the paper relates.

(c) In addition to the finding required by Subsection (b), if a law relating to confidentiality of mental health information or physician-patient privilege applies, the judge must find that the reasons for the use, inspection, or copying fall within the applicable statutory exemptions.

(d) The papers shall be released to an attorney representing the proposed patient in a proceeding held under this subtitle.

(e) This section does not affect access of law enforcement personnel to necessary information in execution of a writ or warrant.

NOTICE OF SUIT

Sec.571.024. Not later than the seventh day before the date on which the attorney general intends to bring suit on his own initiative, the attorney general shall provide to the department notice of the suit. The attorney general is not required to provide notice of a suit if the attorney general determines that waiting to bring suit until the notice is provided will create an immediate threat to the health and safety of a patient. This section does not create a requirement that the attorney general obtain the permission of or a referral from the department before filing suit.

ADMINISTRATIVE PENALTY

Sec.571.025. (a) The department may impose an administrative penalty against a person licensed or regulated under this subtitle who violates this subtitle or a rule or order adopted under this subtitle.

(b) The penalty for a violation may be in an amount not to exceed \$25,000. Each day a violation continues or occurs is a separate violation for purposes of imposing a penalty.

(c) The amount of the penalty shall be based on:

- (1) the seriousness of the violation, including the nature, circumstances, extent, and gravity of any prohibited acts, and the hazard or potential hazard created to the health, safety, or economic welfare of the public;
- (2) enforcement costs relating to the violation, including investigation costs, witness fees, and deposition expenses;
- (3) the history of previous violations;
- (4) the amount necessary to deter future violations;

(e) Within 14 days after the date the report is issued, the department shall give written notice of the report to the person. The notice may be given by certified mail. The notice must include a brief summary of the alleged

violation and a statement of the amount of the recommended penalty and must inform the person that the person has a right to a hearing on the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty.

(f) Within 20 days after the date the person receives the notice, the person in writing may accept the determination and recommended penalty of the department or may make a written request for a hearing on the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty.

(g) If the person accepts the determination and recommended penalty of the department, the department by order shall impose the recommended penalty.

(h) If the person requests a hearing or fails to respond timely to the notice, the department shall set a hearing and give notice of the hearing to the person. The administrative law judge shall make findings of fact and conclusions of law and promptly issue to the department a proposal for a decision about the occurrence of the violation and the amount of a proposed penalty. Based on the findings of fact, conclusions of law, and proposal for a decision, the department by order may find that a violation has occurred and impose a penalty or may find that no violation occurred.

(i) The notice of the department's order given to the person under the Administrative Procedure Act (V.C.T.A. Government Code, Section 2001.001 et seq.) must include a statement of the right of the person to judicial review of the order.

(1) pay the amount of the penalty;

(2) pay the amount of the penalty and file a petition for judicial review contesting the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty; or

(3) without paying the amount of the penalty, file a petition for judicial review contesting the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty.

(k) Within the 30-day period, a person who acts under Subsection (j)(3) may:

(1) stay enforcement of the penalty by:

(A) paying the amount of the penalty to the court for placement in an escrow account; or

(B) giving to the court a supersedeas bond that is approved by the court for the amount of the penalty and that is effective until all judicial review of the department's order is final; or

(2) request the court to stay enforcement of the penalty by:

(A) filing with the court a sworn affidavit of the person stating that the person is financially unable to pay the amount of the penalty and is financially unable to give the supersedeas bond; and

(B) giving a copy of the affidavit to the department by certified mail.

(l) The department on receipt of a copy of an affidavit under Subsection (k)(2) may file with the court within five days after the date the copy is received a contest to the affidavit. The court shall hold a hearing on the facts alleged in the affidavit as soon as practicable and shall stay the enforcement of the penalty on finding that the alleged facts are true. The person who files an affidavit has the burden of proving that the person is financially unable to pay the amount of the penalty and to give a supersedeas bond.

(m) If the person does not pay the amount of the penalty and the enforcement of the penalty is not stayed, the department may refer the matter to the attorney general for collection of the amount of the penalty.

(n) Judicial review of the order of the department:

(1) is instituted by filing a petition as provided by Section 2001.171, Administrative Procedure Act (V.T.C.A. Government Code, Section 2001.001 et seq.); and

(2) is under the substantial evidence rule.

(o) If the court sustains the occurrence of the violation, the court may uphold or reduce the amount of the penalty and order the person to pay the full or reduced amount of the penalty. If the court does not sustain the occurrence of the violation, the court shall order that no penalty is owed.

(p) When the judgment of the court becomes final, the court shall proceed under this subsection. If the person paid the amount of the penalty and if that amount is reduced or is not upheld by the court, the court shall order that the appropriate amount plus accrued interest be remitted to the person. The rate of the interest is the rate charged on loans to depository institutions by the New York Federal Reserve Bank, and the interest shall be paid for the period beginning on the date the penalty was paid and ending on the date the penalty is remitted. If the person gave a supersedeas bond and if the amount of the penalty is not upheld by court, the court shall order the release of the bond.

If the person gave a supersedeas bond and if the amount of the penalty is reduced, the court shall order the release of the bond after the person pays the amount.

(q) A penalty collected under this section shall be remitted to the comptroller for deposit in the general revenue fund.

(r) All proceedings under this section are subject to the Administrative Procedure Act (V.T.C.A. Government Code, Section 2001.001 et seq.).

RECOVERY OF COSTS

Sec.571.026. If the attorney general brings an action to enforce an administrative penalty assessed under this chapter and the court orders the payment of the penalty, the attorney general may recover reasonable expenses incurred in the investigation, initiation, or prosecution of the enforcement suit, including investigative costs, court costs, reasonable attorney fees, witness fees, and deposition expenses.

REQUEST FOR ADMISSION

Sec.572.001. (a) A person 16 years of age or older may request admission to an inpatient mental health facility or for outpatient mental health services by filing a request with the administrator of the facility where admission or outpatient treatment is requested. Subject to Subsection (c-1), the parent, managing conservator, or guardian of a person younger than 18 years of age may request the admission of the person to an inpatient mental health facility or for outpatient mental health services by filing a request with the administrator of the facility where admission or outpatient treatment is requested.

The petitioner for temporary authorization may be represented by the county attorney or district attorney.

(a-2) Except as provided by Subsection (c-1), an inpatient mental health facility may admit or provide services to a person 16 years of age or older and younger than 18 years of age if the person's parent, managing conservator, or guardian consents to the admission or services, even if the person does not consent to the admission or services.

(b) An admission request must be in writing and signed by the person requesting the admission.

(c) A person or agency appointed as the guardian or a managing conservator of a person younger than 18 years of age and acting as an employee or agent of the state or a political subdivision of the state may request admission of the person younger than 18 years of age to an inpatient mental health facility only as provided by Subsection (c-2) or pursuant to an application for court-ordered mental health services or emergency detention or an order for protective custody.

(c-2) The Department of Family and Protective Services may request the admission to an inpatient mental health facility of a minor in the managing conservatorship of that department only if a physician states the physician's opinion, and the detailed reasons for that opinion, that the minor is a person:

- (1) with mental illness or who demonstrates symptoms of a serious emotional disorder; and
- (2) who presents a risk of serious harm to self or others if not immediately restrained or hospitalized.

(c-3) The admission to an inpatient mental health facility under Subsection (c-2) of a minor in the managing conservatorship of the Department of Family and Protective Services is a significant event for purposes of Section 264.018, Family Code, and the Department of Family and Protective Services shall provide notice of the significant event:

- (1) in accordance with that section to all parties entitled to notice under that section; and
- (2) to the court with continuing jurisdiction before the expiration of three business days after the minor's admission.

(c-4) The Department of Family and Protective Services periodically shall review the need for continued inpatient treatment of a minor admitted to an inpatient mental health facility under Subsection (c-2). If following the review that department determines there is no longer a need for continued inpatient treatment, that department shall notify the facility administrator designated to detain the minor that the minor may no longer be detained unless an application for court-ordered mental health services is filed.

(d) The administrator of an inpatient or outpatient mental health facility may admit a minor who is 16 years of age or older to an inpatient or outpatient mental health facility as a voluntary patient without the consent of the parent, managing conservator, or guardian.

(e) A request for admission as a voluntary patient must state that the person for whom admission is requested agrees to voluntarily remain in the facility until the person's discharge and that the person consents to the diagnosis, observation, care, and treatment provided until the earlier of:

- (1) the person's discharge; or
- (2) the period prescribed by Section 572.004.

ADMISSION

Sec.572.002. The facility administrator or the administrator's authorized, qualified designee may admit a person for whom a proper request for voluntary inpatient or outpatient services is filed if the administrator or the designee determines:

INFORMATION ON MEDICATIONS

Sec.572.0022. (a) A mental health facility shall provide to a patient in patient's primary language, if possible, and in accordance with departmental rules information relating to prescription medication ordered by the patient's treating physician.

(b) The facility shall also provide the information to the patient's family on request, but only to the extent not otherwise prohibited by state or federal confidentiality laws.

Sec.572.0025. (a) The executive commissioner shall adopt rules governing the voluntary admission of a patient to an inpatient mental health facility, including rules governing the intake and assessment procedures of the admission process.

(b) The rules governing the intake process shall establish minimum standards for:

- (1) reviewing a prospective patient's finances and insurance benefits;
- (2) explaining to a prospective patient the patient's rights; and
- (3) explaining to a prospective patient the facility's services and treatment process.

(c) The assessment provided for by the rules may be conducted only by a professional who meets the qualifications prescribed by department rules.

(d) The rules governing the assessment process shall prescribe:

- (2) the minimum credentials each type of professional must have to conduct an assessment; and
- (3) the type of assessment that professional may conduct.

(e) In accordance with department rule, a facility shall provide annually a minimum of eight hours of inservice training regarding intake and assessment for persons who will be conducting an intake or assessment for the facility. A person may not conduct intake or assessments without having completed the initial and applicable annual inservice training.

(f) A prospective voluntary patient may not be formally accepted for treatment in a facility unless:

(1) the facility has a physician's order admitting the prospective patient, which order may be issued orally, electronically, or in writing, signed by the physician, provided that, in the case of an oral order or an electronically transmitted unsigned order, a signed original is presented to the mental health facility within 24 hours of the initial order, the order must be from:

(A) an admitting physician who has, either in person or through the use of audiovisual or other telecommunications technology, conducted a physical and psychiatric examination within:

- (i) 72 hours before admission; or

(f-2) A facility that discharges a patient under the circumstances described by Subsection (f-1) may not bill the patient or the patient's third-party payor for the temporary admission of the patient to the inpatient mental health facility.

(f-3) Section 572.001(c-2) applies to the admission of a minor in the managing conservatorship of the Department of Family and Protective Services to an inpatient mental health facility.

(g) An assessment conducted as required by rules adopted under this section does not satisfy a statutory or regulatory requirement for a personal evaluation of a patient or a prospective patient by a physician.

(h) In this section:

- (1) "Admission" means the formal acceptance of a prospective patient to a facility.
- (2) "Assessment" means the administrative process a facility uses to gather information from a prospective patient, including a medical history and the problem for which the patient is seeking treatment, to determine whether a prospective patient should be examined by a physician to determine if admission is clinically justified.
- (3) "Intake" means the administrative process for gathering information about a prospective patient and giving a prospective patient information about the facility and the facility's treatment and services.

VOLUNTARY ADMISSION RESTRICTIONS

Sec. 572.0026. The facility administrator of an inpatient mental health facility or the administrator's designee may only approve the admission of a person for whom a proper request for voluntary inpatient services is filed if, at the time the request is filed, there is available space at the inpatient mental health facility.

RIGHTS OF PATIENTS

Sec. 572.003. (a) A person's voluntary admission to an inpatient mental health facility under this chapter does not affect the person's civil rights or legal capacity or affect the person's right to obtain a writ of habeas corpus.

(b) In addition to the rights provided by this subtitle, a person voluntarily admitted to an inpatient mental health facility under this chapter has the right:

- (1) to be reviewed periodically to determine the person's need for continued inpatient treatment; and

- (2) through the use of a means reasonably calculated to communicate with a hearing impaired or visually impaired person, if applicable.

(d) The patient's parent, managing conservator, or guardian shall also be informed of the patient's rights as required by this section if the patient is a minor.

(e) In addition to the rights provided by this subtitle, a person voluntarily admitted to an inpatient mental health facility under Section 572.002(3)(B) has the right to be evaluated by a physician at regular intervals to determine the person's need for continued inpatient treatment. The executive commissioner by rule shall establish the intervals at which a physician shall evaluate a person under this subsection.

DISCHARGE

Sec. 572.004. (a) A voluntary patient is entitled to leave an inpatient mental health facility in accordance with this section after a written request for discharge is filed with the facility administrator or the administrator's designee. The request must be signed, timed, and dated by the patient or a person legally responsible for the patient and must be

made a part of the patient's clinical record. If a patient informs an employee of or person associated with the facility of the patient's desire to leave the facility, the employee or person shall, as soon as possible, assist the patient in creating the written request and present it to the patient for the patient's signature.

(b) The facility shall, within four hours after a request for discharge is filed, notify the physician responsible for the patient's treatment. If that physician is not available during that period, the facility shall notify any available physician of the request.

(c) The notified physician shall discharge the patient before the end of the four-hour period unless the physician has reasonable cause to believe that the patient might meet the criteria for court-ordered mental health services or emergency detention.

(d) A physician who has reasonable cause to believe that a patient might meet the criteria for court-ordered mental health services or emergency detention shall examine the patient as soon as possible within 24 hours after the time the request for discharge is filed. The physician shall discharge the patient on completion of the examination unless the physician determines that the person meets the criteria for court-ordered mental health services or emergency detention. If the physician makes a determination that the patient meets the criteria for court-ordered mental health services or emergency detention, the physician shall, not later than 4 p.m. on the next succeeding business day after the date on which the examination occurs, either discharge the patient or file an application for court-ordered mental health services or emergency detention and obtain a written order for further detention. The physician shall notify the patient if the physician intends to detain the patient under this subsection or intends to file an application for court-ordered mental health services or emergency detention. A decision to detain a patient under this subsection and the reasons for the decision shall be made a part of the patient's clinical record.

(e) If extremely hazardous weather conditions exist or a disaster occurs, the physician may request the judge of a court that has jurisdiction over proceedings brought under Chapter 574 to extend the period during which the patient may be detained. The judge or a magistrate appointed by the judge may by written order made each day extend the period during which the patient may be detained until 4 p.m. on the first succeeding business day. The written order must declare that an emergency exists because of the weather or the occurrence of a disaster.

(f) The patient is not entitled to leave the facility if before the end of the period prescribed by this section:

(1) a written withdrawal of the request for discharge is filed; or

(2) an application for court-ordered mental health services or emergency detention is filed and the patient is detained in accordance with this subtitle.

(g) A plan for continuing care shall be prepared in accordance with Section 574.081 for each patient discharged. If sufficient time to prepare a continuing care plan before discharge is not available, the plan may be prepared and mailed to the appropriate person within 24 hours after the patient is discharged.

(h) The patient or other person who files a request for discharge of a patient shall be notified that the person filing the request assumes all responsibility for the patient on discharge.

(i) On receipt of a written request for discharge from a patient admitted under Section 572.002(3)(B) who is younger than 18 years of age, a facility shall consult with the patient's parent, managing conservator, or guardian regarding the discharge. If the parent, managing conservator, or guardian objects in writing to the patient's discharge, the facility shall continue treatment of the patient as a voluntary patient.

APPLICATION FOR COURT-ORDERED TREATMENT

Sec.572.005. (a) An application for court-ordered mental health services may not be filed against a patient receiving voluntary inpatient services unless:

(1) a request for release of the patient has been filed with the facility administrator; or

(2) in the opinion of the physician responsible for the patient's treatment opinion, the patient meets the criteria for court-ordered mental health services and:

(A) is absent from the facility without authorization;

(B) is unable to consent to appropriate and necessary psychiatric treatment; or

(C) refuses to consent to necessary and appropriate treatment recommended by the physician responsible for the patient's treatment and that physician completes a certificate of medical examination for mental illness that, in addition to the information required by Section 574.011, includes the opinion of the physician that:

(i) there is no reasonable alternative to the treatment recommended by the physician; and

- (1) resides;
- (2) is found; or

(3) is receiving mental health services by court order or under Subchapter A, Chapter 573.

(c) If the application is not filed in the county in which the proposed patient resides, the court may, on request of the proposed patient or the proposed patient's attorney and if good cause is shown, transfer the application to that county.

(d) An application may be transferred to the county in which the person is being detained under Subchapter B if the county to which the application is to be transferred approves such transfer. A transfer under this subsection does not preclude the proposed patient from filing a motion to transfer under Subsection (c).

(e) An order transferring a criminal defendant against whom all charges have been dismissed to the appropriate court for a hearing on court-ordered mental health services in accordance with Subchapter F Chapter 46B, Code of Criminal Procedure, serves as an application under this section. The order must state that all charges have been dismissed.

(f) An application in which the proposed patient is a child in the custody of the Texas Juvenile Justice Department may be filed in the county in which the child's commitment to the Texas Juvenile Justice Department was ordered.

FORM OF APPLICATION

Sec.574.002. (a) An application for court-ordered mental health services must be styled using the proposed patient's initials and not the proposed patient's full name.

(b) The application must state whether the application is for temporary or extended mental health services. (4) whether the proposed patient is charged with a criminal offense.

APPOINTMENT OF ATTORNEY

Sec.574.003. (a) The judge shall appoint an attorney to represent a proposed patient within 24 hours after the time an application for court-ordered mental health services is filed if the proposed patient does not have an attorney. At that time, the judge shall also appoint a language or sign interpreter if necessary to ensure effective communication with the attorney in the proposed patient's primary language.

(b) The court shall inform the attorney in writing of the attorney's duties under Section 574.004.

A court-appointed attorney shall also inform the proposed patient that the proposed patient may obtain personal legal counsel at the proposed patient's expense instead of accepting the court-appointed counsel.

(c) The attorney may advise the proposed patient of the wisdom of agreeing to or resisting efforts to provide mental health services, but the proposed patient shall make the decision to agree to or resist the efforts. Regardless of an attorney's personal opinion, the attorney shall use all reasonable efforts within the bounds of law to advocate the proposed patient's right to avoid court-ordered mental health services if the proposed patient expresses a desire to avoid the services. If the proposed patient desires, the attorney shall advocate for the least restrictive treatment alternatives to court-ordered inpatient mental health services.

(d) Before a hearing, the attorney shall:

- (1) review the application, the certificates of medical examination for mental illness, and the proposed patient's relevant medical records;
 - (2) interview supporting witnesses and other witnesses who will testify at the hearing; and
 - (3) explore the least restrictive treatment alternatives to court-ordered inpatient mental health services.
- (e) The attorney shall advise the proposed patient of the proposed patient's right to attend a hearing or to waive the right to attend a hearing and shall inform the court why a proposed patient is absent from a hearing.
- (f) The attorney shall discuss with the proposed patient:
- (1) the procedures for appeal, release, and discharge if the court orders participation in mental health services; and
 - (2) other rights the proposed patient may have during the period of the court's order.
- (g) To withdraw from a case after interviewing a proposed patient, an attorney must file a motion to withdraw with the court. The court shall act on the motion as soon as possible. An attorney may not withdraw from a case unless the withdrawal is authorized by court order.
- (h) The attorney is responsible for a person's legal representation until:
- (1) the application is dismissed;
 - (2) an appeal from an order directing treatment is taken;
 - (3) the time for giving notice of appeal expires by operation of law; or
 - (4) another attorney assumes responsibility for the case.

SETTING ON APPLICATION

- Sec.574.005.** (a) The judge or a magistrate designated under Section 574.021(e) shall set a date for a hearing to be held within 14 days after the date on which the application is filed.

- (c) The court may grant one or more continuances of the hearing on the motion by a party and for good cause shown or on agreement of the parties. However, the hearing shall be held not later than the 30th day after the date on which the original application is filed. If extremely hazardous weather conditions exist or a disaster occurs that threatens the safety of the proposed patient or other essential parties to the hearing, the judge or magistrate may, by written order made each day, postpone the hearing for 24 hours. The written order must declare that an emergency exists because of the weather or the occurrence of a disaster.

- (d) Notice of the time and place of any hearing and of the name, telephone number, and address of any attorneys known or believed to represent the state or the proposed patient shall be furnished to any person stating that that person has evidence to present upon any proposed patient. The notice shall not include the application, medical records, names or addresses of other potential witnesses, or any other information whatsoever. Any clerk, judge, magistrate, court coordinator, or other officer of the court shall provide such information and shall be entitled to judicial immunity in any civil suit seeking damages as a result of providing such notice. Should such evidence be offered at trial and the adverse party claim surprise, the hearing may be continued under the provisions of Section 574.005, and the person producing such evidence shall be entitled to timely notice of the date and time of such continuance.

Any officer, employee, or agent of the department shall refer any inquiring person to the court authorized to provide the notice if such information is in the possession of the department. The notice shall be provided in the form that is most understandable to the person making such inquiry.

DISCLOSURE OF INFORMATION

- Sec.574.007.** (a) The proposed patient's attorney may request information from the county or district attorney in accordance with this section if the attorney cannot otherwise obtain the information.

(b) If the proposed patient's attorney requests the information at least 48 hours before the time set for the hearing, the county or district attorney shall, within a reasonable time before the hearing, provide the attorney with a statement that includes:

- (3) the name, address, and telephone number of each witness who may testify at the hearing;
- (4) a brief description of the reasons court-ordered temporary or extended inpatient or outpatient, as appropriate, mental health services are required; and
- (5) a list of any acts committed by the proposed patient that the applicant will attempt to prove at the hearing.

(c) At the hearing, the judge may admit evidence or testimony that relates to matters not disclosed under Subsection (b) if the admission would not deprive the proposed patient of a fair opportunity to contest the evidence or testimony.

(d) Except as provided by this subsection, not later than 48 hours before the time set for the hearing on the petition for commitment, the county or district attorney shall inform the proposed patient through the proposed patient's attorney whether the county or district attorney will request that the proposed patient be committed to inpatient services or outpatient services. The proposed patient, the proposed patient's attorney, and the county or district attorney may agree to waive the requirement of this subsection. The waiver must be made by the proposed patient:

- (1) orally and in the presence of the court; or

The county judge shall transfer the case after receiving the request and the receiving court shall hear the case as if it had been originally filed in that court.

(c) If a patient is receiving temporary inpatient mental health services in a county other than the county that initiated the court-ordered inpatient mental health services and the patient requires extended inpatient mental health services, the county in which the proceedings originated shall pay the expenses of transporting the patient back to the county for the hearing unless the court that entered the temporary order arranges with the appropriate court in the county in which the patient is receiving services to hold the hearing on court-ordered extended mental health services before the original order expires.

(d) If an order for outpatient services designates that such services be provided in a county other than the county in which the order was initiated, the court shall transfer the case to the appropriate court in the county in which the services are being provided. That court shall thereafter have exclusive, continuing jurisdiction of the case, including the receipt of the general treatment program required by Section 574.037(b).

ASSOCIATE JUDGES

Sec.574.0085. (a) The county judge may appoint a full-time or a part-time associate judge to preside over the proceedings for court-ordered mental health services if the commissioner's court of a county in which the court has jurisdiction authorizes the employment of an associate judge.

(b) To be eligible for appointment as an associate judge, a person must be a resident of this state and have been licensed to practice law in this state for at least four years or be a retired county judge, statutory or constitutional, with at least 10 years of service.

(c) An associate judge shall be paid as determined by the commissioner's court of the county in which the associate judge serves. If an associate judge serves in more than one county, the associate judge shall be paid as determined by agreement of the commissioner's courts of the counties in which the associate judge serves. The associate judge may be paid from county funds available for payment of officers' salaries.

(d) An associate judge who serves a single court serves at the will of the judge of that court. The services of an associate judge who serves more than two courts may be terminated by a majority vote of all the judges of the courts the associate judge serves. The services of an associate judge who serves two courts may be terminated by either of the judges of the courts the associate judge serves.

(f) Except as limited by an order of referral, an associate judge appointed under this section has all the powers and duties set forth in Section 201.007, Family Code.

(g) A bailiff may attend a hearing held by an associate judge if directed by the referring court.

A magistrate's duty under this section is in addition to the magistrate's duties prescribed by other law.

ISSUANCE OF ORDER

Sec.574.022. (a) The judge or designated magistrate may issue a protective custody order if the judge or magistrate determines:

(d) The judge or magistrate may take additional evidence if a fair determination of the matter cannot be made from consideration of the application and certificate only.

(e) The judge or magistrate may issue a protective custody order for a proposed patient who is charged with a criminal offense if the proposed patient meets the requirements of this section and the facility administrator designated to detain the proposed patient agrees to the detention.

(a) A protective custody order shall direct a person authorized to transport patients under Section 574.045 to take the proposed patient into protective custody and transport the person immediately to a mental health facility deemed suitable by the local mental health authority for the area. On request of the local mental health authority, the judge may order that the proposed patient be detained in an inpatient mental health facility operated by the department.

(b) The proposed patient shall be detained in the facility until a hearing is held under Section 574.025.

(c) The hearing shall be held before a magistrate or, at the discretion of the presiding judge, before an associate judge appointed by the presiding judge. Notwithstanding any other law or requirement, an associate judge appointed to conduct a hearing under this section may practice law in the court the master serves. ORDER FOR CONTINUED DETENTION

Sec.574.026. (a) The magistrate or associate judge shall order that a proposed patient remain in protective custody if the magistrate or associate judge determines after the hearing that an adequate factual basis exists for probable cause to believe that the proposed patient presents a substantial risk of serious harm to himself or others to the extent that he cannot remain at liberty pending the hearing on court-ordered mental health services.

(b) The magistrate or associate judge shall arrange for the proposed patient to be returned to the mental health facility or other suitable place, along with copies of the certificate of medical examination, any affidavits or other material submitted as evidence in the hearing, and the notification prepared as prescribed by Subsection (d).

(c) The proposed patient is entitled to be present at the hearing. The proposed patient or the proposed patient's attorney may waive this right.

(d-1) In a hearing for temporary inpatient or outpatient mental health services under Section 574.034 or 574.0345, the proposed patient or the proposed patient's attorney, by a written document filed with the court, may waive the right to cross-examine witnesses, and, if that right is waived, the court may admit, as evidence, the certificates of medical examination for mental illness. The certificates admitted under this subsection constitute

competent medical or psychiatric testimony, and the court may make its findings solely from the certificates. If the proposed patient or the proposed patient's attorney does not waive in writing the right to cross-examine witnesses, the court shall proceed to hear testimony. The testimony must include competent medical or psychiatric testimony.

(d-2) In a hearing for extended inpatient or outpatient mental health services under Section 574.035 or 574.0355, the court may not make its findings solely from the certificates of medical examination for mental illness but shall hear testimony. The court may not enter an order for extended mental health services unless appropriate findings are made and are supported by testimony taken at the hearing. The testimony must include competent medical or psychiatric testimony.

(e) The Texas Rules of Evidence apply to the hearing unless the rules are inconsistent with this subtitle.

The presiding judge shall provide a certification of expenses approved to the county judge responsible for payments of costs under Section 571.018.

(e) A court may not require a jury fee.

(a) The court, in an order that directs a patient to participate in outpatient mental health services, shall designate the person identified under Section 574.0125 as responsible for those services or may designate a different person if necessary. The person designated must be the facility administrator or an individual involved in providing court-ordered outpatient services. A person may not be designated as responsible for the ordered services without the person's consent unless the person is the facility administrator of a department facility or the facility administrator of a community center that provides mental health services:

- (1) in the region in which the committing court is located; or
- (2) in a county where a patient has previously received mental health services.

(b) The person responsible for the services shall submit to the court a general program of the treatment to be provided as required by this subsection and Subsection (b-2). The program must be incorporated into the court order. The program must include:

(b-1) If the patient is receiving inpatient mental health services at the time the program is being prepared, the person responsible for the services under this section shall seek input from the patient's inpatient treatment providers in preparing the program.

(b-2) The person responsible for the services shall submit the program to the court before the hearing under Section 574.0345 or 574.0355 or before the court modifies an order under Section 574.061, as appropriate.

(c) The person responsible for the services shall inform the court of:

- (1) the patient's failure to comply with the court order; and
 - (2) any substantial change in the general program of treatment that occurs before the order expires.
- (c-1) A patient subject to court-ordered outpatient services may petition the court for specific enforcement of the court order.
- (c-2) A court may set a status conference in accordance with Section 574.0665.

- (1) set a modification hearing under Section 574.062; and
 - (2) issue an order for temporary detention if an application is filed under Section 574.063.
- (c-4) The failure of a patient to comply with the program incorporated into a court order is not grounds for punishment for contempt of court under Section 21.002, Government Code.
- (d) A facility must comply with this section to the extent that the commissioner determines that the designated mental health facility has sufficient resources to perform the necessary services.
- (e) A patient may not be detained in a private mental health facility without the consent of the facility administrator.

(a) The facility administrator of a facility to which a patient is committed for inpatient mental health services, not later than the 30th day after the date the patient is committed to the facility, shall assess the appropriateness of transferring the patient to outpatient mental health services. The facility administrator may recommend that the court that entered the commitment order modify the order to require the patient to participate in outpatient mental health services.

(b) A facility administrator's recommendation under Subsection (a) must explain in detail the reason for the recommendation. The recommendation must be accompanied by a supporting certificate of medical examination for mental illness signed by a physician who examined the patient during the seven days preceding the recommendation.

(c) The patient shall be given notice of a facility administrator's recommendation under Subsection (a).

(d) On request of the patient or any other interested person, the court shall hold a hearing on a facility administrator's recommendation that the court modify the commitment order. The court shall appoint an attorney to represent the patient at the hearing and shall consult with the local mental health authority before issuing a decision. The hearing shall be held before the court without a jury and as prescribed by Section 574.031. The patient shall be represented by an attorney and receive proper notice.

(e) If a hearing is not requested, the court may make a decision regarding a facility administrator's recommendation based on:

- (1) the recommendation;
- (2) the supporting certificate; and
- (3) consultation with the local mental health authority concerning available resources to treat the patient.

(f) If the court modifies the order, the court shall designate a person to be responsible for the outpatient services as prescribed by Section 574.037.

(g) The person responsible for the services must comply with Section 574.037(b).

(h) A modified order may extend beyond the term of the original order, but may not exceed the term of the original order by more than 60 days.

MOTION FOR MODIFICATION OF ORDER FOR OUTPATIENT TREATMENT

Sec.574.062. (a) The court that entered an order directing a patient to participate in outpatient mental health services may set a hearing to determine if the order should be modified in a way that is a substantial deviation from the original program of treatment incorporated in the court's order. The court may set the hearing on its own motion, at the request of the person responsible for the treatment, or at the request of any other interested person.

(b) The court shall appoint an attorney to represent the patient if a hearing is scheduled. The patient shall be given notice of the matters to be considered at the hearing. The notice must comply with the requirements of Section 574.006 for notice before a hearing on court-ordered mental health services.

(c) The hearing shall be held before the court, without a jury, and as prescribed by Section 574.031. The patient shall be represented by an attorney and receive proper notice.

(d) The court shall set a date for a hearing on the motion to be held not later than the seventh day after the date the motion is filed. The court may grant one or more continuances of the hearing on the motion by a party and for good cause shown or on the agreement of the parties. Except as provided by Subsection (e), the court shall hold the hearing not later than the 14th day after the date the motion is filed.

(e) If extremely hazardous weather conditions exist or a disaster occurs that threatens the safety of the proposed patient or other essential parties to the hearing, the court, by written order made each day, may postpone the hearing for not more than 24 hours. The written order must declare that an emergency exists because of the weather or the occurrence of a disaster.

ORDER FOR TEMPORARY DETENTION

Sec.574.063. (a) The person responsible for a patient's court-ordered outpatient treatment or the facility administrator of the outpatient facility in which a patient receives treatment may file a sworn application for the patient's temporary detention pending the modification hearing under Section 574.062.

(b) The application must state the applicant's opinion and detail the reasons for the applicant's opinion that:

- (1) the patient meets the criteria described by Section 574.064(a-1); and
- (2) detention in an inpatient mental health facility is necessary to evaluate the appropriate setting for continued court-ordered services.

(c) The court may issue an order for temporary detention if a modification hearing is set and the court finds from the information in the application that there is probable cause to believe that the opinions stated in the application are valid.

(d) At the time the temporary detention order is signed, the judge shall appoint an attorney to represent a patient who does not have an attorney.

(e) Within 24 hours after the time detention begins, the court that issued the temporary detention order shall provide to the patient and the patient's attorney a written notice that states:

- (1) that the patient has been placed under a temporary detention order;
- (2) the grounds for the order; and
- (3) the time and place of the modification hearing.

APPREHENSION AND RELEASE UNDER TEMPORARY DETENTION ORDER

Sec.574.064. (a) A temporary detention order shall direct a peace officer or other designated person to take the patient into custody and transport the patient immediately to:

- (1) the nearest appropriate inpatient mental health facility; or
- (2) a mental health facility deemed suitable by the local mental health authority for the area, if an appropriate inpatient mental health facility is not available.

(a-1) A physician shall evaluate the patient as soon as possible within 24 hours after the time detention begins to determine whether the patient, due to mental illness, presents a substantial risk of serious harm to the patient or others so that the patient cannot be at liberty pending the probable cause hearing under Subsection (b). The determination that the patient presents a substantial risk of serious harm to the patient or others may be demonstrated by:

- (1) the patient's behavior; or
- (2) evidence of severe emotional distress and deterioration in the patient's mental condition to the extent that the patient cannot live safely in the community.

(a-2) If the physician who conducted the evaluation determines that the patient does not present a substantial risk of serious harm to the patient or others, the facility shall:

- (1) notify:
 - (A) the person designated under Section 574.037 as responsible for providing outpatient mental health services or the facility administrator of the outpatient facility treating the patient; and
 - (B) the court that entered the order directing the patient to receive court-ordered outpatient mental health services; and
- (2) release the patient.

(b) A patient who is not released under Subsection (a-2) may be detained under a temporary detention order for more than 72 hours, excluding Saturdays, Sundays, legal holidays, and the period prescribed by Section 574.025(b) for an extreme emergency only if, after a hearing held before the expiration of that period, the court, a magistrate, or a designated associate judge finds that there is probable cause to believe that:

- (1) the patient, due to mental illness, presents a substantial risk of serious harm to the patient or others, using the criteria prescribed by Subsection (a-1), to the extent that the patient cannot be at liberty pending the final hearing under Section 574.062; and
- (2) detention in an inpatient mental health facility is necessary to evaluate the appropriate setting for continued court-ordered services.

(c) If probable cause is found under Subsection (b), the patient may be detained under the temporary detention until the hearing set under Section 574.062 is completed.

(d) A facility administrator shall immediately release a patient held under a temporary detention order if the facility administrator does not receive notice that the patient's continued detention is authorized:

- (1) after a probable cause hearing held within 72 hours after the patient's detention begins; or
- (2) after a modification hearing held within the period prescribed by Section 574.062.

(e) A patient released from an inpatient mental health facility under Subsection (a-2) or (d) continues to be subject to the order for court-ordered outpatient services, if the order has not expired.

(f) A person detained under this section may not be detained in a non-medical facility used to detain persons charged with or convicted of a crime.

ORDER OF MODIFICATION OF ORDER FOR OUTPATIENT SERVICES

Sec.574.065. (a) The court may modify an order for outpatient services at the modification hearing if the court determines that the patient meets the applicable criteria for court-ordered inpatient mental health services prescribed by Section 574.034(a) or 574.035(a).

(b) The court may refuse to modify the order and may direct the patient to continue to participate in outpatient mental health services in accordance with the original order even if the criteria prescribed by Subsection (a) have been met.

(c) The court's decision to modify an order must be supported by at least one certificate of medical examination for mental illness signed by a physician who examined the patient not earlier than the seventh day before the date on which the hearing is held.

(d) A modification may include:

- (1) incorporating in the order a revised treatment program and providing for continued outpatient mental health services under the modified order, if a revised general program of treatment was submitted to and accepted by the court; or
- (2) providing for commitment to an inpatient mental health facility.

(e) A court may not extend the provision of mental health services beyond the period prescribed in the original order.

RENEWAL OF ORDER FOR EXTENDED MENTAL HEALTH SERVICES

Sec.574.066. (a) A county or district attorney or other adult may file an application to renew an order for extended mental health services.

(b) The application must explain in detail why the person requests renewal. An application to renew an order committing the patient to extended inpatient mental health services must also explain in detail why a less restrictive setting is not appropriate.

(c) The application must be accompanied by two certificates of medical examination for mental illness signed by physicians who examined the patient during the 30 days preceding the date on which the application is filed.

(d) The court shall appoint an attorney to represent the patient when an application is filed.

(e) The patient, the patient's attorney, or other individual may request a hearing on the application. The court may set a hearing on its own motion. An application for which a hearing is requested or set is considered an original application for court-ordered extended mental health services.

(f) A court may not renew an order unless the court finds that the patient meets the criteria for extended mental health services prescribed by Sections 574.035(a)(1), (2), and (3). The court must make the findings prescribed by this subsection to renew an order, regardless of whether a hearing is requested or set. A renewed order authorizes treatment for not more than 12 months.

(g) If a hearing is not requested or set, the court may admit into evidence the certificates of medical examination for mental illness. The certificates constitute competent medical or psychiatric testimony and the court may make its findings solely from the certificates and the detailed request for renewal.

(h) The court, after renewing an order for extended inpatient mental health services, may modify the order to provide for outpatient mental health services in accordance with Section 574.037.

STATUS CONFERENCE

Sec. 574.0665. A court on its own motion may set a status conference with the patient, the patient's attorney, and the person designated to be responsible for the patient's court-ordered outpatient services under Section 574.037.

MOTION FOR REHEARING

(b) Pending the hearing, the court may:

(1) stay the court-ordered mental health services and release the proposed patient from custody before the hearing if the court is satisfied that the proposed patient does not meet the criteria for protective custody under Section 574.022; and

(2) if the proposed patient is at liberty, require an appearance bond in an amount set by the court.

REQUEST FOR REEXAMINATION

Sec.574.068. (a) A patient receiving court-ordered extended mental health services, or any interested person on the patient's behalf and with the patient's consent, may file a request with a court for a reexamination and a hearing to determine if the patient continues to meet the criteria for the services.

(b) The request must be filed in the county in which the patient is receiving the services.

(c) The court may, for good cause shown:

(1) require that the patient be reexamined;

(2) schedule a hearing on the request; and

(3) notify the facility administrator of the facility providing mental health services to the patient.

(d) A court is not required to order a reexamination or hearing if the request is filed within six months after an order for extended mental health services is entered or after a similar request is filed.

(e) After receiving the court's notice, the facility administrator shall arrange for the patient to be reexamined.

(f) The facility administrator or the administrator's qualified authorized designee shall immediately discharge the patient if the facility administrator or designee determines that the patient no longer meets the criteria for court-ordered extended mental health services.

(g) If the facility administrator or the administrator's designee determines that the patient continues to meet the criteria for court-ordered extended mental health services, the facility administrator or designee shall file a certificate of medical examination for mental illness with the court within 10 days after the date on which the request for reexamination and hearing is filed.

HEARING ON REQUEST FOR REEXAMINATION

Sec.574.069. (a) A court that required a patient's reexamination under Section 574.068 may set a date and place for a hearing on the request if, not later than the 10th day after the date on which the request is filed:

- (1) a certificate of medical examination for mental illness stating that the patient continues to meet the criteria for court-ordered extended mental health services has been filed; or
- (2) a certificate has not been filed and the patient has not been discharged.

(b) At the time the hearing is set, the judge shall:

- (1) appoint an attorney to represent a patient who does not have an attorney; and
- (2) give notice of the hearing to the patient, the patient's attorney, and the facility administrator.

(c) The judge shall appoint a physician to examine the patient and file a certificate of medical examination for mental illness with the court. The judge shall appoint a physician who is not on the staff of the mental health facility in which the patient is receiving services and who is a psychiatrist if a psychiatrist is available in the county. The court shall ensure that the patient may be examined by a physician of the patient's choice and at the patient's own expense if requested by the patient.

(d) The hearing is held before the court and without a jury. The hearing must be held in accordance with the requirements for a hearing on an application for court-ordered mental health services.

(e) The court shall dismiss the request if the court finds from clear and convincing evidence that the patient continues to meet the criteria for court-ordered extended mental health services prescribed by Section 574.035 or 574.0355.

(f) The judge shall order the facility administrator to discharge the patient if the court fails to find from clear and convincing evidence that the patient continues to meet the criteria.

(b) Notice of appeal must be filed not later than the 10th day after the date on which the order is signed.

(c) When an appeal is filed, the clerk shall immediately send a certified transcript of the proceedings to the court of appeals.

(d) Pending the appeal, the trial judge in whose court the cause is pending may:

- (1) stay the order and release the patient from custody before the appeal if the judge is satisfied that the patient does not meet the criteria for protective custody under Section 574.022; and
- (2) if the proposed patient is at liberty, require an appearance bond in an amount set by the court.

(e) The court of appeals and supreme court shall give an appeal under this section preference over all other cases and shall advance the appeal on the docket. The courts may suspend all rules relating to the time for filing briefs and docketing cases.

SUBCHAPTER F. FURLOUGH, DISCHARGE, AND TERMINATION OF COURT-ORDERED MENTAL HEALTH SERVICES

CONTINUING CARE PLAN BEFORE FURLOUGH OR DISCHARGE

Sec.574.081. (a) The physician responsible for the patient's treatment shall prepare a continuing care plan for a patient who is scheduled to be furloughed or discharged unless the patient does not require continuing care.

(a-1) Subject to available resources, Subsections (a), (b), (c), (c-1), and (c-2) apply to a patient scheduled to be furloughed or discharged from:

- (1) a state hospital; or
- (2) any psychiatric inpatient bed funded under a contract with the Health and Human Services Commission or operated by or funded under a contract with a local mental health authority or a behavioral mental health authority.

(b) The physician shall prepare the plan as prescribed by Health and Human Services Commission rules and shall consult the patient and the local mental health authority in the area in which the patient will reside before preparing the plan. The local mental health authority shall be informed of and must participate in planning the discharge of a patient.

(c) The plan must address the patient's mental health and physical needs, including, if appropriate:

- (1) the need for outpatient mental health services following furlough or discharge; and
- (2) the need for sufficient psychoactive medication on furlough or discharge to last until the patient can see a physician.

(c-1) Except as otherwise specified in the plan and subject to available funding provided to the Health and Human Services Commission and paid to a private mental health facility for this purpose, a private mental health facility is responsible for providing or paying for psychoactive medication and any other medication prescribed to the patient to counteract adverse side effects of psychoactive medication on furlough or discharge sufficient to last until the patient can see a physician.

(c-2) The Health and Human Services Commission shall adopt rules to determine the quantity and manner of providing psychoactive medication, as required by this section. The executive commissioner may not adopt rules requiring a mental health facility to provide or pay for psychoactive medication for more than seven days after furlough or discharge.

(d) The physician shall deliver the plan and other appropriate information to the community center or other provider that will deliver the services if:

(1) the services are provided by:

(A) a community center or other provider that serves the county in which the patient will reside and that has been designated by the commissioner to perform continuing care services; or

(B) any other provider that agrees to accept the referral; and

(2) the provision of care by the center or provider is appropriate.

(e) The facility administrator or the administrator's designee shall have the right of access to discharged patients and records of patients who request continuing care services.

(f) A patient who is to be discharged may refuse the continuing care services.

(g) A physician who believes that a patient does not require continuing care and who does not prepare a continuing care plan under this section shall document in the patient's treatment record the reasons for that belief.

(h) Subsection (c) does not create a mandate that a facility described by Section 571.003(9)(B) or (E) provide or pay for a medication for a patient.

PASS OR FURLOUGH FROM INPATIENT CARE

Sec.574.082. (a) The facility administrator may permit a patient admitted to the facility under an order for temporary or extended inpatient mental health services to leave the facility under a pass or furlough.

(b) A pass authorizes the patient to leave the facility for not more than 72 hours. A furlough authorizes the patient to leave for a longer period.

(c) The pass or furlough may be subject to specified conditions.

(d) When a patient is furloughed, the facility administrator shall notify the court that issued the commitment order.

RETURN TO FACILITY UNDER CERTIFICATE OF FACILITY ADMINISTRATOR OR COURT ORDER

Sec.574.083. (a) The facility administrator of a facility to which a patient was admitted for court-ordered inpatient health care services may authorize a peace officer of the municipality or county in which the facility is located to take an absent patient into custody, detain the patient, and return the patient to the facility by issuing a certificate as prescribed by Subsection (c) to a law enforcement agency of the municipality or county.

(b) If there is reason to believe that an absent patient may be outside the municipality or county in which the facility is located, the facility administrator may file an affidavit as prescribed by Subsection(c) with a magistrate requesting the magistrate to issue an order for the patient's return. The magistrate with whom the affidavit is filed may issue an order directing a peace or health officer to take an absent patient into custody and return the patient to the facility. An order issued under this subsection extends to any part of this state and authorizes any peace officer to whom the order is directed or transferred to execute the order, take the patient into custody, detain the patient, and return the patient to the facility.

(c) The certificate or affidavit filed under Subsection (a) or (b) must set out facts establishing that the patient is receiving court-ordered inpatient mental health services at the facility and show that the facility administrator reasonably believes that:

(1) the patient is absent without authority from the facility;

(2) the patient has violated the conditions of a pass or furlough; or

(3) the patient's condition has deteriorated to the extent that the patient's continued absence from the facility under a pass or furlough is inappropriate.

(d) A peace or health officer shall take the patient into custody and return the patient to the facility as soon as possible if the patient's return is authorized by a certificate issued or court order issued under this section.

(e) A peace or health officer may take the patient into custody without having the certificate or court order in the officer's possession.

(f) A peace or health officer who cannot immediately return a patient to the facility named in the order may transport the patient to a local facility for detention. If the patient is detained at a nonmedical facility:

(1) the patient:

(A) may not be detained in the facility for more than 24 hours; and

(B) must be isolated from all persons charged with or convicted of a crime; and

(b) A hearing officer shall conduct the hearing. The hearing officer may be a mental health professional if the person is not directly involved in treating the patient.

(c) The hearing is informal and the patient is entitled to present information and argument.

(d) The hearing officer may revoke the furlough if the officer determines that the revocation is justified under Section 574.083(c).

(e) A hearing officer who revokes a furlough shall place in the patient's file:

(1) a written notation of the decision; and

(2) a written explanation of the reasons for the decision and the information on which the hearing officer relied.

(f) The patient shall be permitted to leave the facility under the furlough if the hearing officer determines that the furlough should not be revoked.

(b) The facility administrator of a facility to which the patient was committed for inpatient mental health services shall consider before discharging the patient whether the patient should receive outpatient court-ordered mental health services in accordance with:

(1) a furlough under Section 574.082; or

(2) a modified order under Section 574.061 that directs the patient to participate in outpatient mental health services.

(c) A discharge under Subsection (a) terminates the court order, and the person discharged may not be required to submit to involuntary mental health services unless a new court order is entered in accordance with this subtitle.

 - (1) the circumstances that led to imposition of the firearms disability under 18 U.S.C. Section 922(g)(4);
 - (2) the person's mental history;
 - (3) the person's criminal history; and
 - (4) the person's reputation.
- (c) A court may not grant relief unless it makes and enters in the record the following affirmative findings:
 - (1) the person is no longer likely to act in a manner dangerous to public safety; and

- (3) "Psychoactive medication" means a medication prescribed for the treatment of symptoms of psychosis or other severe mental or emotional disorders and that is used to exercise an effect on the central nervous system to influence and modify behavior, cognition, or affective state when treating the symptoms of mental illness. APPLICATION OF SUBCHAPTER

Sec.574.102. This subchapter applies to the application of medication to a patient subject to a court order for mental health services under this chapter or other law.

ADMINISTRATION OF MEDICATION TO PATIENT UNDER COURT-ORDERED MENTAL HEALTH SERVICES

Sec.574.103. (a) In this section "ward" has the meaning assigned by 1002.030, Estates Code.

(b) A person may not administer a psychoactive medication to a patient under court-ordered inpatient mental health services who refuses to take the medication voluntarily unless:

- (1) the patient is having a medication-related emergency;
- (2) the patient is under an order issued under Section 574.106 authorizing the administration of the medication regardless of the patient's refusal; or
- (3) the patient is a ward who is 18 years of age or older and the guardian of the person of the ward consents to the administration of psychoactive medication regardless of the ward's expressed preferences regarding treatment with psychoactive medication.

PHYSICIAN'S APPLICATION FOR ORDER TO AUTHORIZE PSYCHOACTIVE MEDICATION; DATE OF HEARING

Sec.574.104. (a) A physician who is treating a patient may, on behalf of the state, file an application in a probate court or a court with probate jurisdiction for an order to authorize the administration of a psychoactive medication regardless of the patient's refusal if:

- (1) the physician believes that the patient lacks the capacity to make a decision regarding the administration of the psychoactive medication;
- (2) the physician determines that the medication is the proper course of treatment for the patient;
- (3) the patient is under an order for inpatient mental health services under this chapter or other law or an application for court-ordered mental health services under Section 574.034, 574.0345, 574.035, or 574.0355 has been filed for the patient; and
- (4) the patient, verbally or by other indication, refuses to take the medication voluntarily.

(b) An application filed under this section must state:

- (1) that the physician believes that the patient lacks the capacity to make a decision regarding administration of the psychoactive medication and the reasons for that belief;
- (2) each medication the physician wants the court to compel the patient to take;
- (3) whether an application for court-ordered mental health services under Section 574.034, 574.0345, 574.035, or 574.0355 has been filed;
- (4) whether a court order for inpatient mental health services for the patient has been issued and, if so, under what authority it was issued;
- (5) the physician's diagnosis of the patient; and
- (6) the proposed method for administering the medication and, if the method is not customary, an explanation justifying the departure from the customary methods.

(c) An application filed under this section is separate from an application for court-ordered mental health services.

(d) The hearing on the application may be held on the date of a hearing on an application for court-ordered mental health services under Section 574.034, 574.0345, 574.035, or 574.0355 but shall be held not later than 30 days after the filing of the application for the order to authorize psychoactive medication. If the hearing is not held on the same day as the application for court-ordered mental health services under those sections and the patient is transferred to a mental health facility in another county, the court may transfer the application for an order to authorize psychoactive medication to the county where the patient has been transferred.

(e) Subject to the requirement in Subsection (d) that the hearing shall be held not later than 30 days after the filing of the application, the court may grant one continuance on a party's motion and for good cause shown. The court may grant more than one continuance only with the agreement of the parties.

RIGHTS OF PATIENT

Sec.574.105. A patient for whom an application for an order to authorize the administration of a psychoactive medication is filed is entitled to:

- (1) representation by a court-appointed attorney who is knowledgeable about issues to be adjudicated at the hearing;
- (2) meet with that attorney as soon as is practicable to prepare for the hearing and to discuss any of the patient's questions or concerns;
- (3) receive, immediately after the time of the hearing is set, a copy of the application and written notice of the time, place, and date of the hearing;
- (4) be told, at the time personal notice of the hearing is given, of the patient's right to a hearing and right to the assistance of an attorney to prepare for the hearing and to answer any questions or concerns;
- (5) be present at the hearing;
- (6) request from the court an independent expert; and

(7) oral notification, at the conclusion of the hearing, of the court's determinations of the patient's capacity and best interests.

HEARING AND ORDER AUTHORIZING PSYCHOACTIVE MEDICATION

Sec.574.106. (a) The court may issue an order authorizing the administration of one or more classes of psychoactive medication to a patient who:

- (1) is under a court order to receive inpatient mental health services; or
- (2) is in custody awaiting trial in a criminal proceeding and was ordered to receive inpatient mental health services in the six months preceding a hearing under this section.

(a-1) The court may issue an order under this section only if the court finds by clear and convincing evidence after the hearing:

- (1) that the patient lacks the capacity to make a decision regarding the administration of the proposed medication and treatment with the proposed medication is in the best interest of the patient; or
- (2) if the patient was ordered to receive inpatient mental health services by a criminal court with jurisdiction over the patient, that treatment with the proposed medication is in the best interest of the patient and either:
 - (A) the patient presents a danger to the patient or others in the inpatient mental health facility in which the patient is being treated as a result of a mental disorder or mental defect as determined under Section 574.1065; or
 - (B) the patient:
 - (i) has remained confined in a correctional facility, as defined by Section 1.07, Penal Code, for a period exceeding 72 hours while awaiting transfer for competency restoration treatment; and
 - (ii) presents a danger to the patient or others in the correctional facility as a result of a mental disorder or mental defect as determined under Section 574.1065.

(b) In making the finding that treatment with the proposed medication is in the best interest of the patient, the court shall consider:

- (1) the patient's expressed preferences regarding treatment with psychoactive medication;
- (2) the patient's religious beliefs;
- (3) the risks and benefits, from the perspective of the patient, of taking psychoactive medication;
- (4) the consequences to the patient if the psychoactive medication is not administered;
- (5) the prognosis for the patient if the patient is treated with psychoactive medication;
- (6) alternative, less intrusive treatments that are likely to produce the same results as treatment with psychoactive medication; and
- (7) less intrusive treatments likely to secure the patient's agreement to take the psychoactive medication.

(c) A hearing under this subchapter shall be conducted on the record by the probate judge or judge with probate jurisdiction, except as provided by Subsection (d).

(d) A judge may refer a hearing to a magistrate or court-appointed associate judge who has training regarding psychoactive medications. The magistrate or associate judge may effectuate the notice, set hearing dates, and appoint attorneys as required in this subchapter. A record is not required if the hearing is held by a magistrate or court-appointed associate judge.

(e) A party is entitled to a hearing de novo by the judge if an appeal of the magistrate's or associate judge's report is filed with the court within three days after the report is issued. The hearing de novo shall be held within 30 days of the filing of the application for an order to authorize psychoactive medication.

(f) If a hearing or an appeal of an associate judge's or magistrate's report is to be held in a county court in which the judge is not a licensed attorney, the proposed patient or the proposed patient's attorney may request that the proceeding be transferred to a court with a judge who is licensed to practice law in this state. The county judge shall transfer the case after receiving the request, and the receiving court shall hear the case as if it had been originally filed in that court.

(g) As soon as practicable after the conclusion of the hearing, the patient is entitled to have provided to the patient and the patient's attorney written notification of the court's determinations under this section. The notification shall include a statement of the evidence on which the court relied and the reasons for the court's determinations.

(h) An order entered under this section shall authorize the administration to a patient, regardless of the patient's refusal, of one or more classes of psychoactive medications specified in the application and consistent with the

patient's diagnosis. The order shall permit an increase or decrease in a medication's dosage, restitution of medication authorized but discontinued during the period the order is valid, or the substitution of a medication within the same class.

(i) The classes of psychoactive medications in the order must conform to classes determined by the department.

(j) An order issued under this section may be reauthorized or modified on the petition of a party. The order remains in effect pending action on a petition for reauthorization or modification. For the purpose of this subsection, "modification" means a change of a class of medication authorized in the order.

(k) This section does not apply to a patient who receives services under an order of protective custody under Section 574.021.

(l) For a patient described by Subsection (a-1)(2)(B), an order issued under this section:

(1) authorizes the initiation of any appropriate mental health treatment for the patient awaiting transfer; and

(2) does not constitute authorization to retain the patient in a correctional facility for competency restoration treatment.

(m) An order issued under this section authorizes the taking of a patient's blood sample to conduct reasonable and medically necessary evaluations and laboratory tests to safely administer a psychoactive medication authorized by the order.

FINDING THAT PATIENT PRESENTS A DANGER

Sec. 574.1065. In making a finding under Section 574.106 (a-1)(2) that, as a result of a mental disorder or mental defect, the patient presents a danger to the patient or others in the inpatient mental health facility in which the patient is being treated or in the correctional facility, as applicable, the court shall consider:

(1) an assessment of the patient's present mental condition;

(2) whether the patient has inflicted, attempted to inflict, or made a serious threat of inflicting substantial physical harm to the patient's self or to another while in the facility; and

(3) whether the patient, in the six months preceding the date the patient was placed in the facility, has inflicted, attempted to inflict, or made a serious threat of inflicting substantial physical harm to another that resulted in the patient being placed in the facility.

COSTS

Sec.574.107. (a) The costs for a hearing under this subchapter shall be paid in accordance with Sections 571.017 and 571.018.

(b) The county in which the applicable criminal charges are pending or were adjudicated shall pay as provided by Subsection (a) the costs of a hearing that is held under Section 574.106 to evaluate the court-ordered administration of psychoactive medication to:

(1) a patient ordered to receive mental health services as described by Section

574.106(a)(1) after having been determined to be incompetent to stand trial or having been acquitted of an offense by reason of insanity; or

(2) a patient who:

(A) is awaiting trial after having been determined to be competent to stand trial; and

(B) was ordered to receive mental health services as described by Section 574.106(a)(2).

APPEAL

Sec.574.108. (a) A patient may appeal an order under this subchapter in the manner provided by Section 574.070 for an appeal of an order requiring court-ordered mental health services.

(b) An order authorizing the administration of medication regardless of the refusal of the patient is effective pending an appeal of the order.

EFFECT OF ORDER

Sec.574.109. (a) A person's consent to take a psychoactive medication is not valid and may not be relied on if the person is subject to an order issued under Section 574.106.

(b) The issuance of an order under Section 574.106 is not a determination or adjudication of mental incompetency and does not limit in any other respect that person's rights as a citizen or the person's property rights or legal capacity.

EXPIRATION OF ORDER

Sec.574.110. (a) Except as provided by Subsection (b), an order issued under Section 574.106 expires on the expiration or termination date of the order for temporary or extended mental health services in effect when the order for psychoactive medication is issued.

(b) An order issued under Section 574.106 for a patient who is returned to a correctional facility, as defined by Section 1.07, Penal Code, to await trial in a criminal proceeding continues to be in effect until the earlier of the following dates, as applicable:

- (1) the 180th day after the date the defendant was returned to the correctional facility;
- (2) the date the defendant is acquitted, is convicted, or enters a plea of guilty; or

(2) an involuntary patient who is 16 years of age or older and who has not been adjudicated by an appropriate court of law as incompetent to manage the patient's personal affairs.

(c) Electroconvulsive therapy may not be used on an involuntary patient who is 16 years of age or older and who has been adjudicated incompetent to manage the patient's personal affairs unless the patient's guardian of the person consents to the treatment in accordance with Section 578.003. The decision of the guardian must be based on knowledge of what the patient would desire, if known.

CONSENT TO THERAPY

Sec.578.003. (a) The executive commissioner by rule shall adopt a standard written consent form to be used when electroconvulsive therapy is considered. The executive commissioner by rule shall also prescribe the information that must be contained in the written supplement required under Subsection (c). In addition to the information required under this section, the form must include the information required by the Texas Medical Disclosure Panel for electroconvulsive therapy. In developing the form, the executive commissioner shall consider recommendations of the panel. Use of the consent form prescribed by the executive commissioner in the manner prescribed by this section creates a rebuttable presumption that the disclosure requirements of Sections 74.104 and 74.105, Civil Practice and Remedies Code, have been met.

(b) The written consent form must clearly and explicitly state:

(1) the nature and purpose of the procedure;

(2) the nature, degree, duration, and probability of the side effects and significant risks of the treatment commonly known by the medical profession, especially noting the possible degree and duration of memory loss, the possibility of permanent irrevocable memory loss, and the possibility of death;

(3) that there is a division of opinion as to the efficacy of the procedure; and

(4) the probable degree and duration of improvement or remission expected with or without the procedure.

(c) Before a patient receives each electroconvulsive treatment, the hospital, facility, or physician administering the therapy shall ensure that:

(1) the patient and the patient's guardian of the person, if any, receives a written copy of the consent form that is in the person's primary language, if possible;

(2) the patient and the patient's guardian of the person, if any, receives a written supplement that contains related information that pertains to the particular patient being treated;

(3) the contents of the consent form and the written supplement are explained to the patient and the patient's guardian of the person, if any:

(A) orally, in simple, nontechnical terms in the person's primary language, if possible; or

(B) through the use of a means reasonably calculated to communicate with a hearing impaired or visually impaired person, if applicable;

(4) the patient or the patient's guardian of the person, as appropriate, signs a copy of the consent form stating that the person has read the consent form and the written supplement and understands the information included in the documents; and

(5) the signed copy of the consent form is made a part of the patient's clinical record.

(d) Consent given under this section is not valid unless the person giving the consent understands the information presented and consents voluntarily and without coercion or undue influence.

(e) For a patient 65 years of age or older, before each treatment series begins, the hospital, facility, or physician administering the procedure shall:

(1) ensure that two physicians have signed an appropriate form that states the procedure is medically necessary;

- (2) make the form described by Subdivision (1) available to the patient or the patient's guardian of the person; and
- (3) inform the patient or the patient's guardian of the person of any known current medical condition that may increase the possibility of injury or death as a result of the treatment.

WITHDRAWAL OF CONSENT

Sec.578.004. (a) A patient or guardian who consents to the administration of electroconvulsive therapy may revoke the consent for any reason and at any time.

- (b) Revocation of consent is effective immediately.

PHYSICIAN REQUIREMENT

Sec.578.005. (a) Only a physician may administer electroconvulsive therapy.

(b) A physician may not delegate the act of administering the therapy. A nonphysician who administers electroconvulsive therapy is considered to be practicing medicine in violation of Subtitle B, Title 3, Occupations Code.

REGISTRATION OF EQUIPMENT

Sec.578.006. (a) A person may not administer electroconvulsive therapy unless the equipment used to administer the therapy is registered with the department.

(b) A mental hospital or facility administering electroconvulsive therapy or a private physician administering the therapy on an outpatient basis must file an application for registration under this section. The applicant must submit the application to the department on a form prescribed by department rule.

(c) The application must be accompanied by a nonrefundable application fee. The executive commissioner shall set the fee in a reasonable amount not to exceed the cost to the department to administer this section.

(d) The application must contain:

- (1) the model, manufacturer, and age of each piece of equipment used to administer the therapy; and
- (2) any other information required by department rule.

(e) The department may conduct an investigation as considered necessary after receiving the proper application and the required fee.

(f) The executive commissioner by rule may prohibit the registration and use of equipment of a type, model, or age the board determines is dangerous.

(g) The department may deny, suspend, or revoke a registration if the department determines that the equipment is dangerous. The denial, suspension, or revocation of a registration is a contested case under the Administrative Procedure Act (V.T.C.A. Government Code, Section 2001.001 et seq.).

REPORTS

Sec.578.007. (a) A mental hospital or facility administering electroconvulsive therapy, psychosurgery, pre-frontal sonic sound treatment, or any other convulsive or coma-producing therapy administered to treat mental illness or a physician administering the therapy on an outpatient basis shall submit to the department quarterly reports relating to the administration of the therapy in the hospital or facility or by the physician.

(b) A report must state for each quarter:

(1) the number of patients who received the therapy, including:

(A) the number of persons voluntarily receiving mental health services who consented to the therapy;

(B) the number of involuntary patients who consented to the therapy; and

(C) the number of involuntary patients for whom a guardian of the person consented to the therapy;

(2) the age, sex, and race of the person receiving the therapy;

(3) the source of the treatment payment;

(4) the average number of nonelectroconvulsive treatments;

(5) the average number of electroconvulsive treatments administered for each complete series of treatments, but not including maintenance treatments;

(6) the average number of electroconvulsive treatments administered per month;

(7) the number of fractures, reported memory losses, incidents of apnea, and cardiac arrests without death;

(8) autopsy findings if death followed within 14 days after the date of the administration of the therapy; and

(9) any other information required by department rule.

USE OF INFORMATION

Sec.578.008. The department shall use the information received under Sections 578.006 and 578.007 to analyze, audit, and monitor the use of electroconvulsive therapy, psychosurgery, pre-frontal sonic sound treatment, or any other convulsive or coma-producing therapy administered to treat mental illness.

SUBTITLE E. SPECIAL PROVISIONS RELATING TO MENTAL ILLNESS AND INTELLECTUAL DISABILITY

CHAPTER 611. MENTAL HEALTH RECORDS

DEFINITIONS

Sec.611.001. In this chapter:

(1) "Patient" means a person who consults or is interviewed by a professional for diagnosis, evaluation, or treatment of any mental or emotional condition or disorder, including alcoholism or drug addiction.

(2) "Professional" means:

(A) a person authorized to practice medicine in any state or nation;

(B) a person licensed or certified by this state to diagnose, evaluate, or treat any mental or emotional condition or disorder; or

(C) a person the patient reasonably believes is authorized, licensed, or certified as provided by this subsection.

CONFIDENTIALITY OF INFORMATION AND PROHIBITION AGAINST DISCLOSURE

Sec.611.002. (a) Communications between a patient and a professional, and records of the identity, diagnosis, evaluation, or treatment of a patient that are created or maintained by a professional, are confidential.

(b) Confidential communications or records may not be disclosed except as provided by Section 611.004, 611.0041, or 611.0045.

(b-1) No exception to the privilege of confidentiality under Section 611.004 may be construed to create an independent duty or requirement to disclose the confidential information to which the exception applies.

(c) This section applies regardless of when the patient received services from a professional.

PERSONS WHO MAY CLAIM PRIVILEGE OF CONFIDENTIALITY

Sec.611.003. (a) The privilege of confidentiality may be claimed by:

(1) the patient;

(2) a person listed in Section 611.004(a)(4) or (a)(5) who is acting on the patient's behalf; or

(3) the professional, but only on behalf of the patient.

(b) The authority of a professional to claim the privilege of confidentiality on behalf of the patient is presumed in the absence of evidence to the contrary.

AUTHORIZED DISCLOSURE OF CONFIDENTIAL INFORMATION OTHER THAN IN A JUDICIAL OR ADMINISTRATIVE PROCEEDING

Sec.611.004. (a) A professional may disclose confidential information only:

(1) to a governmental agency if the disclosure is required or authorized by law;

(2) to medical, mental health, or law enforcement personnel if the professional determines that there is a probability of imminent physical injury by the patient to the patient or others or there is a probability of immediate mental or emotional injury to the patient;

(3) to qualified personnel for management audits, financial audits, program evaluations, or research, in accordance with Subsection (b);

(4) to a person who has the written consent of the patient, or a parent if the patient is a minor, or a guardian if the patient has been adjudicated as incompetent to manage the patient's personal affairs;

(5) to the patient's personal representative if the patient is deceased;

(6) to individuals, corporations, or governmental agencies involved in paying or collecting fees for mental or emotional health services provided by a professional;

(7) to other professionals and personnel under the professionals' direction who participate in the diagnosis, evaluation, or treatment of the patient;

(8) in an official legislative inquiry relating to a state hospital or state school as provided by Subsection (c);

(9) to designated persons or personnel of a correctional facility in which a person is detained if the disclosure is for the sole purpose of providing treatment and health care to the person in custody;

(10) to an employee or agent of the professional who requires mental health care information to provide mental health care services or in complying with statutory, licensing, or accreditation requirements, if the professional has taken appropriate action to ensure that the employee or agent:

(A) will not use or disclose the information for any other purposes; and

(B) will take appropriate steps to protect the information; or

(11) to satisfy a request for medical records of a deceased or incompetent person pursuant to Section 74.051(e), Civil Practice and Remedies Code.

(a-1) No civil, criminal, or administrative cause of action exists against a person described by Section 611.001(2)(A) or (B) for the disclosure of confidential information in accordance with Subsection (a)(2). A cause of action brought against the person for the disclosure of the confidential information must be dismissed with prejudice.

(b) Personnel who receive confidential information under Subsection (a)(3) may not directly or indirectly identify or otherwise disclose the identity of a patient in a report or in any other manner.

(c) The exception in Subsection (a)(8) applies only to records created by the state hospital or state school or by the employees of the hospital or school. Information or records that identify a patient may be released only with the patient's proper consent.

(d) A person who receives information from confidential communications or records may not disclose the information except to the extent that disclosure is consistent with the authorized purposes for which the person first obtained the information. This subsection does not apply to a person listed in Subsection (a)(4) or (a)(5) who is acting on the patient's behalf.

REQUIRED DISCLOSURE OF CONFIDENTIAL INFORMATION OTHER THAN IN JUDICIAL OR ADMINISTRATIVE PROCEEDING

Sec. 611.0041. (a) In this section:

(1) "Patient" has the meaning assigned by Section 552.0011.

(2) "State hospital" has the meaning assigned by Section 552.0011.

(b) To the extent permitted by federal law, a professional shall disclose confidential information to the descendant of a patient of a state hospital if:

(1) the patient has been deceased for at least 50 years; and

(2) the professional does not have information indicating that releasing the medical record is inconsistent with any prior expressed preference of the deceased patient or personal representatives of the deceased patient's estate.

(c) A person who receives information from confidential communications or records may not disclose the information except to the extent that disclosure is consistent with the authorized purposes for which the person first obtained the information.

RIGHT TO MENTAL HEALTH RECORD

Sec. 611.0045. (a) Except as otherwise provided by this section, a patient is entitled to have access to the content of a confidential record made about the patient.

(b) The professional may deny access to any portion of a record if the professional determines that release of that portion would be harmful to the patient's physical, mental, or emotional health.

(c) If the professional denies access to any portion of a record, the professional shall give the patient a signed and dated written statement that having access to the record would be harmful to the patient's physical, mental, or emotional health and shall include a copy of the written statement in the patient's records. The statement must specify the portion of the record to which access is denied, the reason for denial, and the duration of the denial.

(d) The professional who denies access to a portion of a record under this section shall redetermine the necessity for the denial at each time a request for the denied portion is made. If the professional again denies access, the professional shall notify the patient of the denial and document the denial as prescribed by Subsection (c).

(e) If a professional denies access to a portion of a confidential record, the professional shall allow examination and copying of the record by another professional if the patient selects the professional to treat the patient for the same or a related condition as the professional denying access.

(f) The content of a confidential record shall be made available to a person listed by Section 611.004(a)(4) or (5) who is acting on the patient's behalf.

(g) A professional shall delete confidential information about another person who has not consented to the release, but may not delete information relating to the patient that another person has provided, the identity of the person responsible for that information, or the identity of any person who provided information that resulted in the patient's commitment.

(h) If a summary or narrative of a confidential record is requested by the patient or other person requesting release under this section, the professional shall prepare the summary or narrative.

(i) The professional or other entity that has possession or control of the record shall grant access to any portion of the record to which access is not specifically denied under this section within a reasonable time and may charge a reasonable fee.

(j) Notwithstanding 159.002 Occupations Code, this section applies to the release of a confidential record created or maintained by a professional, including a physician, that relates to the diagnosis, evaluation, or treatment of a mental or emotional condition or disorder, including alcoholism or drug addiction.

(k) The denial of a patient's access to any portion of a record by the professional or other entity that has possession or control of the record suspends, until the release of that portion of the record, the running of an applicable statute of limitations on a cause of action in which evidence relevant to the cause of action is in that portion of the record.

LEGAL REMEDIES FOR IMPROPER DISCLOSURE OR FAILURE TO DISCLOSE

Sec.611.005. (a) A person aggrieved by the improper disclosure of or failure to disclose confidential communications or records in violation of this chapter may petition the district court of the county in which the person resides for appropriate relief, including injunctive relief. The person may petition a district court of Travis County if the person is not a resident of this state.

(b) In a suit contesting the denial of access under Section 611.0045, the burden of proving that the denial was proper is on the professional who denied the access.

(c) The aggrieved person also has a civil cause of action for damages.

AUTHORIZED DISCLOSURE OF CONFIDENTIAL INFORMATION IN JUDICIAL OR ADMINISTRATIVE PROCEEDING

Sec.611.006. (a) A professional may disclose confidential information in:

- (1) a judicial or administrative proceeding brought by the patient or the patient's legally authorized representative against a professional, including malpractice proceedings;
- (2) a license revocation proceeding in which the patient is a complaining witness and in which disclosure is relevant to the claim or defense of a professional;
- (3) a judicial or administrative proceeding in which the patient waives the patient's right in writing to the privilege of confidentiality of information or when a representative of the patient acting on the patient's behalf submits a written waiver to the confidentiality privilege;
- (4) a judicial or administrative proceeding to substantiate and collect on a claim for mental or emotional health services rendered to the patient;
- (5) a judicial proceeding if the judge finds that the patient, after having been informed that communications would not be privileged, has made communications to a professional in the course of a court-ordered examination relating to the patient's mental or emotional condition or disorder, except that those communications may be disclosed only with respect to issues involving the patient's mental or emotional health;
- (6) a judicial proceeding affecting the parent-child relationship;
- (7) any criminal proceeding, as otherwise provided by law;
- (8) a judicial or administrative proceeding regarding the abuse or neglect, or the cause of abuse or neglect, or a resident of an institution, as that term is defined by Chapter 242;
- (9) a judicial proceeding relating to a will if the patient's physical or mental condition is relevant to the execution of the will;
- (10) an involuntary commitment proceeding for court-ordered treatment or for a probable cause hearing under:
 - (A) Chapter 462;
 - (B) Chapter 574; or
 - (C) Chapter 593; or
- (11) a judicial or administrative proceeding where the court or agency has issued an order or subpoena.

(b) On granting an order under Subsection (a)(5), the court, in determining the extent to which disclosure of all or any part of a communication is necessary, shall impose appropriate safeguards against unauthorized disclosure.

REVOCACTION OF CONSENT

Sec.611.007. (a) Except as provided by Subsection (b), a patient or a patient's legally authorized representative may revoke a disclosure consent to a professional at any time. A revocation is valid only if it is written, dated, and signed by the patient or legally authorized representative.

(b) A patient may not revoke a disclosure that is required for purposes of making payment to the professional for mental health care services provided to the patient.

(c) A patient may not maintain an action against a professional for a disclosure made by the professional in good faith reliance on an authorization if the professional did not have notice of the revocation of the consent.

REQUEST BY PATIENT

Sec.611.008. (a) On receipt of a written request from a patient to examine or copy all or part of the patient's recorded mental health care information, a professional, as promptly as required under the circumstances but not later than the 15th day after the date of receiving the request, shall:

(1) make the information available for examination during regular business hours and provide a copy to the patient, if requested; or

(2) inform the patient if the information does not exist or cannot be found.

(b) Unless provided for by other state law, the professional may charge a reasonable fee for retrieving or copying mental health care information and is not required to permit examination or copying until the fee is paid unless there is a medical emergency.

(c) A professional may not charge a fee for copying mental health care information under Subsection (b) to the extent the fee is prohibited under Subchapter M, Chapter 161.

CHAPTER 612. INTERSTATE COMPACT ON MENTAL HEALTH

EXECUTION OF INTERSTATE COMPACT

Sec.612.001. This state enters into a compact with all other states legally joining in the compact in substantially the following form:

"INTERSTATE COMPACT ON MENTAL HEALTH

"The contracting states solemnly agree that:

"ARTICLE I

"The party states find that the proper and expeditious treatment of the mentally ill and mentally deficient can be facilitated by cooperative action, to the benefit of the patients, their families, and society as a whole. Further, the party states find that the necessity of and desirability for furnishing such care and treatment bears no primary relation to the residence or citizenship of the patient but that, on the contrary, the controlling factors of community safety and humanitarianism require that facilities and services be made available for all who are in need of them. Consequently, it is the purpose of this compact and of the party states to provide the necessary legal basis for the institutionalization or other appropriate care and treatment of the mentally ill and mentally deficient under a system that recognizes the paramount importance of patient welfare and to establish the responsibilities of the party states in terms of such welfare.

"ARTICLE II

"As used in this compact:

"(a) 'Sending state' shall mean a party state from which a patient is transported pursuant to the provisions of the compact or from which it is contemplated that a patient may be so sent.

"(b) 'Receiving state' shall mean a party state to which a patient is transported pursuant to the provisions of the compact or to which it is contemplated that a patient may be so sent.

"(c) 'Institution' shall mean any hospital or other facility maintained by a party state or political subdivision thereof for the care and treatment of mental illness or mental deficiency.

"(d) 'Patient' shall mean any person subject to or eligible as determined by the laws of the sending state, for institutionalization or other care, treatment, or supervision pursuant to the provisions of this compact.

"(e) 'After-care' shall mean care, treatment and services provided a patient, as defined herein, on convalescent status or conditional release.

"(f) 'Mental illness' shall mean mental disease to such extent that a person so afflicted requires care and treatment for his own welfare, or the welfare of others, or of the community.

"(g) 'Mental deficiency' shall mean mental deficiency as defined by appropriate clinical authorities to such extent that a person so afflicted is incapable of managing himself and his affairs, but shall not include mental illness as defined herein.

"(h) 'State' shall mean any state, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

"ARTICLE III

"(a) Whenever a person physically present in any party state shall be in need of institutionalization by reason of mental illness or mental deficiency, he shall be eligible for care and treatment in an institution in that state irrespective of his residence, settlement or citizenship qualifications.

"(b) The provisions of paragraph (a) of this article to the contrary notwithstanding, any patient may be transferred to an institution in another state whenever there are factors based upon clinical determinations indicating that the care and treatment of said patient would be facilitated or improved thereby. Any such institutionalization may be for the entire period of care and treatment or for any portion or portions thereof. The factors referred to in this paragraph shall include the patient's full record with due regard for the location of the patient's family, character of the illness and probable duration thereof, and such other factors as shall be considered appropriate.

"(c) No state shall be obliged to receive any patient pursuant to the provisions of paragraph (b) of this article unless the sending state has given advance notice of its intention to send the patient; furnished all available medical and other pertinent records concerning the patient; given the qualified medical or other appropriate clinical authorities of the receiving state an opportunity to examine the patient if said authorities so wish; and unless the receiving state shall agree to accept the patient.

"(d) In the event that the laws of the receiving state establish a system of priorities for the admission of patients, an interstate patient under this compact shall receive the same priority as a local patient and shall be taken in the same order and at the same time that he would be taken if he were a local patient.

"(e) Pursuant to this compact, the determination as to the suitable place of institutionalization for a patient may be reviewed at any time and such further transfer of the patient may be made as seems likely to be in the best interest of the patient.

"ARTICLE IV

"(a) Whenever, pursuant to the laws of the state in which a patient is physically present, it shall be determined that the patient should receive after-care or supervision, such care or supervision may be provided in a receiving state. If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state shall have reason to believe that after-care in another state would be in the best interest of the patient and would not jeopardize the public safety, they shall request the appropriate authorities in the receiving state to investigate the desirability of affording the patient such after-care in said receiving state, and such investigation shall be made with all reasonable speed. The request for investigation shall be accompanied by complete information concerning the patient's intended place of residence and the identity of the person in whose charge it is proposed to place the patient, the complete medical history of the patient, and such other documents as may be pertinent.

"(b) If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state and the appropriate authorities in the receiving state find that the best interest of the patient would be served thereby, and if the public safety would not be jeopardized thereby, the patient may receive after-care or supervision in the receiving state.

"(c) In supervising, treating, or caring for a patient on after-care pursuant to the terms of this article, a receiving state shall employ the same standards of visitation, examination, care, and treatment that it employs for similar local patients.

"ARTICLE V

"Whenever a dangerous or potentially dangerous patient escapes from an institution in any party state, that state shall promptly notify all appropriate authorities within and without the jurisdiction of the escape in a manner reasonably calculated to facilitate the speedy apprehension of the escapee. Immediately upon the apprehension and identification of any such dangerous or potentially dangerous patient, he shall be detained in the state where found pending disposition in accordance with law.

"ARTICLE VI

"The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the patient, shall be permitted to transport any patient being moved pursuant to this compact through any and all states party to this compact, without interference.

"ARTICLE VII

"(a) No person shall be deemed a patient of more than one institution at any given time. Completion of transfer of any patient to an institution in a receiving state shall have the effect of making the person a patient of the institution in the receiving state.

"(b) The sending state shall pay all costs of and incidental to the transportation of any patient pursuant to this compact, but any two or more party states may, by making a specific agreement for that purpose, arrange for a different allocation of costs as among themselves.

"(c) No provision of this compact shall be construed to alter or affect any internal relationships among the departments, agencies and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

"(d) Nothing in this compact shall be construed to prevent any party state or subdivision thereof from asserting any right against any person, agency or other entity in regard to costs for which such party state or subdivision thereof may be responsible pursuant to any provision of this compact.

"(e) Nothing in this compact shall be construed to invalidate any reciprocal agreement between a party state and a non-party state relating to institutionalization, care or treatment of the mentally ill or mentally deficient, or any statutory authority pursuant to which such agreements may be made.

"ARTICLE VIII

"(a) Nothing in this compact shall be construed to abridge, diminish, or in any way impair the rights, duties, and responsibilities of any patient's guardian on his own behalf or in respect of any patient for whom he may serve, except that where the transfer of any patient to another jurisdiction makes advisable the appointment of a supplemental or substitute guardian, any court of competent jurisdiction in the receiving state may make such supplemental or substitute appointment and the court which appointed the previous guardian shall upon being duly advised of the new appointment, and upon the satisfactory completion of such accounting and other acts as such court may by law require, relieve the previous guardian of power and responsibility to whatever extent shall be appropriate in the circumstances; provided, however, that in the case of any patient having settlement in the sending state, the court of competent jurisdiction in the sending state shall have the sole discretion to relieve a guardian appointed by it or continue his power and responsibility, whichever it shall deem advisable. The court in the receiving state may, in its discretion, confirm or reappoint the person or persons previously serving as guardian in the sending state in lieu of making a supplemental or substitute appointment.

"(b) The term guardian as used in paragraph (a) of this article shall include any guardian, trustee, legal committee, conservator, or other person or agency however denominated who is charged by law with power to act for or responsibility for the person or property of a patient.

"ARTICLE IX

"(a) No provision of this compact except Article V shall apply to any person institutionalized while under sentence in a penal or correctional institution or while subject to trial on a criminal charge, or whose institutionalization is due to the commission of an offense for which, in the absence of mental illness or mental deficiency, said person would be subject to the incarceration in a penal or correctional institution.

"(b) To every extent possible, it shall be the policy of states party to this compact that no patient shall be placed or detained in any prison, jail or lockup, but such patient shall, with all expedition, be taken to a suitable institutional facility for mental illness or mental deficiency.

"ARTICLE X

"(a) Each party state shall appoint a compact administrator who, on behalf of his state, shall act as general coordinator of activities under the compact in his state and who shall receive copies of all reports, correspondence, and other documents relating to any patient processed under the compact by his state either in the capacity of sending or receiving state. The compact administrator or his duly designated representative shall be the official with whom other party states shall deal in any matter relating to the compact or any patient processed thereunder.

"(b) The compact administrators of the respective party states shall have power to promulgate reasonable rules and regulations to carry out more effectively the terms and provisions of this compact.

"ARTICLE XI

"The duly constituted administrative authorities of any two or more party states may enter into supplementary agreements for the provision of any service or facility or for the maintenance of any institution on a joint or cooperative basis whenever the states concerned shall find that such agreements will improve services, facilities, or institutional care and treatment in the fields of mental illness or mental deficiency. No such supplementary agreement shall be construed so as to relieve any party state of any obligation which it otherwise would have under other provisions of this compact.

"ARTICLE XII

"This compact shall enter into full force and effect as to any state when enacted by it into law and such state shall thereafter be a party thereto with any and all states legally joining therein.

"ARTICLE XIII

"(a) A state party to this compact may withdraw therefrom by enacting a statute repealing the same. Such withdrawal shall take effect one year after notice thereof has been communicated officially and in writing to the governors and compact administrators of all other party states. However, the withdrawal of any state shall not change the status of any patient who has been sent to said state or sent out of said state pursuant to the provisions of the compact.

"(b) Withdrawal from any agreement permitted by Article VII(b) as to costs or from any supplementary agreement made pursuant to Article XI shall be in accordance with the terms of such agreement.

"ARTICLE XIV

"This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters."

COMPACT ADMINISTRATOR

Sec.612.002. (a) Under the compact, the governor shall appoint the executive commissioner of the Health and Human Services Commission as the compact administrator.

(b) The compact administrator may appoint a designee to perform the administrator's duties.

Sec.612.004. (a) The compact administrator, acting jointly with like officers of other states that are parties to the compact, may adopt rules to carry out the compact more effectively.

(b) The compact administrator shall cooperate with all departments, agencies, and officers of this state and its subdivisions in facilitating the proper administration of the compact or of a supplementary agreement entered into by this state under the compact.

(c) For informational purposes, the compact administrator shall file with the secretary of state notice of compact meetings for publication in the Texas Register.

SUPPLEMENTARY AGREEMENTS

Sec.612.005. (a) The compact administrator may enter into supplementary agreements with appropriate officials of other states under Articles VII and XI of the compact.

(b) If a supplementary agreement requires or contemplates the use of an institution or facility of this state or requires or contemplates the provision of a service by this state, the supplementary agreement does not take effect until approved by the executive commissioner and the head of the department or agency:

- (1) under whose jurisdiction the institution or facility is operated; or
- (2) that will perform the service.

Sec.612.006. The compact administrator may make or arrange for the payments necessary to discharge the financial obligations imposed on this state by the compact or by a supplementary agreement entered into under the compact, subject to the approval of the comptroller.

Sec.612.007. (a) The compact administrator shall consult with the immediate family of any person proposed to be transferred.

Sec. 15. Right of Trial by Jury.

The right of trial by jury shall remain inviolate. The Legislature shall pass such laws as may be needed to regulate the same, and to maintain its purity and efficiency. Provided, that the Legislature may provide for the temporary commitment, for observation and/or treatment, of mentally ill persons not charged with a criminal offense, for a period of time not to exceed ninety (90) days, by order of the County Court without the necessity of a trial by jury.

Sec. 15-a. Commitment of Persons of Unsound Mind.

No person shall be committed as a person of unsound mind except on competent medical or psychiatric testimony. The Legislature may enact all laws necessary to provide for the trial, adjudication of insanity and commitment of persons of unsound mind and to provide for a method of appeal from judgments rendered in such cases. Such laws may provide for a waiver of trial by jury, in cases where the person under inquiry has not been charged with the commission of a criminal offense, by the concurrence of the person under inquiry, or his next of kin, and an attorney ad litem appointed by a judge of either the County or Probate Court of the county where the trial is being held, and shall provide for a method of service of notice of such trial upon the person under inquiry and of his right to demand a trial by jury.

Sec. 35. Designation of Essential Caregiver for In-person Visitation.

(a) A resident of a nursing facility, assisted living facility, intermediate care facility for individuals with an intellectual disability, residence providing home and community-based services, or state supported living center, as those terms are defined by general law, has the right to designate an essential caregiver with whom the facility, residence, or center may not prohibit in-person visitation.

(b) Notwithstanding Subsection (a) of this section, the legislature by general law may provide guidelines for a facility, residence, or center described by Subsection (a) of this section to follow in establishing essential caregiver visitation policies and procedures.

ARTICLE 9. Counties

Sec. 9. Hospital Districts; Creation, Operation, Powers, Duties and Dissolution.

The legislature may by law provide for the creation, establishment, maintenance and operation of hospital districts composed of one or more counties or all or any part of one or more counties with power to issue bonds for the purchase, construction, acquisition, repair or renovation of buildings and improvements and equipping same, for hospital purposes; providing for the transfer to the hospital district of the title to any land, buildings, improvements and equipment located wholly within the district which may be jointly or separately owned by any city, town or county, providing that any district so created shall assume full responsibility for providing medical and hospital care for its needy inhabitants and assume the outstanding indebtedness incurred by cities, towns and counties for hospital purposes prior to the creation of the district, if same are located wholly within its boundaries, and a pro rata portion of such indebtedness based upon the then last approved tax assessment rolls of the included cities, towns and counties if less than all the territory thereof is included within the district boundaries; providing that after its creation no other municipality or political subdivision shall have the power to levy taxes or issue bonds or other obligations for hospital purposes or for providing medical care within the boundaries of the district; providing for the levy of annual taxes at a rate not to exceed seventy-five cents (75 cents) on the One Hundred Dollar valuation of all taxable property within such district for the purpose of meeting the requirements of the district's bonds, the indebtedness assumed by it and its maintenance and operating expenses, providing that such district shall not be created or such tax authorized unless approved by a majority of the qualified property taxpaying electors thereof voting at an election called for the purpose; and providing further that the support and maintenance of the district's hospital system shall never become a charge against or obligation of the State of Texas nor shall any direct appropriation be made by the Legislature for the construction, maintenance or improvement of any of the facilities of such district.

Provided, however, that no district shall be created except by act of the Legislature and then only after thirty (30) days' public notice to the district affected, and in no event may the Legislature provide for a district to be created without the affirmative vote of a majority of the taxpaying voters in the district concerned.

The Legislature may also provide for the dissolution of hospital districts provided that a process is afforded by statute for:

- (1) determining the desire of a majority of the qualified voters within the district to dissolve it;
- (2) disposing of or transferring the assets, if any, of the district; and
- (3) satisfying the debts and bond obligations, if any, of the district, in such manner as to protect the interests of the citizens within the district, including their collective property rights in the assets and property of the district, provided, however, that any grant from federal funds, however dispensed, shall be considered an obligation to be repaid in satisfaction and provided that no election to dissolve shall be held more often than once each year. In such connection, the statute shall provide against disposal or transfer of the assets of the district except for due compensation unless such assets are transferred to another governmental agency, such as a county, embracing such district and using such transferred assets in such a way as to benefit citizens formerly within the district.

Sec. 13. Participation of Municipalities and Other Political Subdivisions in Establishment of Mental Health, Mental Retardation or Public Health Services.

Notwithstanding any other section of this article, the Legislature in providing for the creation, establishment, maintenance and operation of a hospital district, shall not be required to provide that such district shall assume full responsibility for the establishment, maintenance, support, or operation of mental health services or mental retardation services including the operation of any community mental health centers, community mental retardation centers or community mental health and mental retardation centers which may exist or be thereafter established within the boundaries of such district, nor shall the Legislature be required to provide that such district shall assume full responsibility of public health department units and clinics and related public health activities or services, and the Legislature shall not be required to restrict the power of any municipality or political subdivision to levy taxes or issue bonds or other obligations or to expend public monies for the establishment, maintenance, support, or operation of mental health services, mental retardation services, public health units or clinics or related public health activities or services or the operation of such community mental health or mental retardation centers within the boundaries of the hospital districts; and unless a statute creating a hospital district shall expressly prohibit participation by any entity other than the hospital district in the establishment, maintenance, or support of mental health services, mental retardation services, public health units or clinics or related public health activities within or partly within the boundaries of any hospital district, any municipality or any other political subdivision or state-supported entity within the hospital district may participate in the establishment, maintenance, and support of mental health services, mental retardation services, public health units and clinics and related public health activities and may levy taxes, issue bonds or other obligations, and expend public monies for such purposes as provided by law.

(b) State agencies charged with the responsibility of providing services to those who are blind, crippled, or otherwise physically or mentally handicapped may accept money from private or federal sources, designated by the private or federal source as money to be used in and establishing and equipping facilities for assisting those who are blind, crippled, or otherwise physically or mentally handicapped in becoming gainfully employed, in rehabilitating and restoring the handicapped, and in providing other services determined by the state agency to be essential for the better care and treatment of the handicapped. State agencies may spend money accepted under this subsection, and no other money, for specific programs and projects to be conducted by local level or other private, nonsectarian associations, groups, and nonprofit organizations, in establishing and equipping facilities for assisting those who are blind, crippled, or otherwise physically or mentally handicapped in becoming gainfully employed, in rehabilitating and restoring the handicapped, and in providing other services determined by the state agency to be essential for the better care or treatment of the handicapped.

The state agencies may deposit money accepted under this subsection either in the state treasury or in other secure depositories. The money may not be expended for any purpose other than the purpose for which it was given. Notwithstanding any other provision of this Constitution, the state agencies may expend money accepted under this subsection without the necessity of an appropriation, unless the Legislature, by law, requires that the money be expended only on appropriation. The Legislature may prohibit state agencies from accepting money under this subsection or may regulate the amount of money accepted, the way the acceptance and expenditure of the money is

administered, and the purposes for which the state agencies may expend the money. Money accepted under this subsection for a purpose prohibited by the Legislature shall be returned to the entity that gave the money.

This subsection does not prohibit state agencies authorized to render services to the handicapped from contracting with privately-owned or local facilities for necessary and essential services, subject to such conditions, standards, and procedures as may be prescribed by law.

(b) A juvenile court may order a forensic mental examination if the court determines that probable cause exists to believe that a child who is alleged by petition or found to have engaged in delinquent conduct or conduct indicating a need for supervision is a child with mental illness, is unfit to proceed in juvenile court due to mental illness or an intellectual disability, or lacks responsibility for conduct due to mental illness or an intellectual disability.

(e) A court may appoint as an expert a physician or psychologist who does not meet the requirements of Subsections (c) and (d) only if the court determines that exigent circumstances require the court to appoint an expert with specialized expertise to examine the child that is not ordinarily possessed by a physician or psychologist who meets the requirements of Subsections (c) and (d).

Sec. 55.05. CRITERIA FOR COURT-ORDERED MENTAL HEALTH SERVICES FOR CHILD. (a) A juvenile court may order a child who is subject to the jurisdiction of the juvenile court to receive temporary inpatient mental health services only if the court finds, from clear and convincing evidence, that:

- (2) as a result of that mental illness, the child:
 - (A) is likely to cause serious harm to the child's self;
 - (B) is likely to cause serious harm to others; or

- (2) clear and convincing evidence that:
 - (A) the child is a child with severe and persistent mental illness;
 - (B) as a result of the mental illness, the child will, if not treated, experience deterioration of the ability to function independently to the extent that the child will be unable to live safely in the community without court-ordered outpatient mental health services;
 - (C) outpatient mental health services are needed to prevent a relapse that would likely result in serious harm to the child or others; and
 - (D) the child has an inability to effectively and voluntarily participate in outpatient treatment services, demonstrated by:
 - (i) any of the child's actions occurring within the two-year period preceding the date of the hearing; or
 - (ii) specific characteristics of the child's clinical condition that significantly impair the child's ability to make a rational and informed decision as to whether to submit to voluntary outpatient treatment.

(c) A juvenile court may order a child who is subject to the jurisdiction of the juvenile court to receive extended inpatient mental health services only if the court finds, from clear and convincing evidence, that, in addition to the findings in Subsection (a):

 - (B) is unable to provide for and is not providing for the child's most basic personal physical needs;
- (3) the child cannot be adequately and appropriately habilitated in an available, less restrictive setting;

SUBCHAPTER B. COURT-ORDERED MENTAL HEALTH SERVICES FOR CHILD WITH MENTAL ILLNESS

Sec. 55.11. MENTAL ILLNESS DETERMINATION; EXAMINATION. (a) On a motion by a party, the juvenile court shall determine whether probable cause exists to believe that a child who is alleged by petition or found to have engaged in delinquent conduct or conduct indicating a need for supervision has a mental illness. In making its determination, the court may:

- (1) consider the motion, supporting documents, professional statements of counsel, and witness testimony; and
- (2) make its own observation of the child.

(b) If the court determines that probable cause exists to believe that the child is a child with mental illness, the court shall temporarily stay the juvenile court proceedings and immediately order the child to be examined under Section 55.04. The information obtained from the examination must include expert opinion as to:

- (1) whether the child is a child with mental illness;
- (2) whether the child meets the criteria for court-ordered mental health services under Section 55.05 for:
 - (A) temporary inpatient mental health services;
 - (B) temporary outpatient mental health services;
 - (C) extended inpatient mental health services; or
 - (D) extended outpatient mental health services; and
- (3) if applicable, the specific criteria the child meets under Subdivision (2).

(c) After considering all relevant information, including information obtained from an examination under Section 55.04, the court shall:

- (1) proceed under Section 55.12 if the court determines that evidence exists to support a finding that the child is a child with mental illness and that the child meets the criteria for court-ordered mental health services under Section 55.05; or
- (2) dissolve the stay and continue the juvenile court proceedings if the court determines that evidence does not exist to support a finding that the child is a child with mental illness or that the child meets the criteria for court-ordered mental health services under Section 55.05.

Sec. 55.12. INITIATION OF PROCEEDINGS FOR COURT-ORDERED MENTAL HEALTH SERVICES. If, after considering all relevant information, the juvenile court determines that evidence exists to support a finding that a child is a child with mental illness and that the child meets the criteria for court-ordered mental health services under Section 55.05, the court shall:

- (1) initiate proceedings as provided by Section 55.65 to order temporary or extended mental health services, as provided in this chapter and Subchapter C, Chapter 574, Health and Safety Code; or
- (2) refer the child's case as provided by Section 55.68 to the appropriate court for the initiation of proceedings in that court to order temporary or extended mental health services for the child under this chapter and Subchapter C, Chapter 574, Health and Safety Code.

Sec. 55.13. Pursuant to Section 19, SB 1585, 88th Leg.,R.S., this section redesignated as Section 55.65

Sec. 55.14 Pursuant to Section 19, SB 1585, 88th Leg.,R.S., this section redesignated as Section 55.68

Sec. 55.15. STANDARDS OF CARE; EXPIRATION OF COURT ORDER FOR MENTAL HEALTH SERVICES. Treatment ordered under this subchapter for a child with mental illness must focus on the stabilization of the child's mental illness and on meeting the child's psychiatric needs in the least restrictive appropriate setting. If the juvenile court or a court to which the child's case is referred under Section 55.12(2) orders mental health services for the child, the child shall be cared for, treated, and released in conformity to Subtitle C, Title 7, Health and Safety Code, except:

- (1) a court order for mental health services for a child automatically expires on the 120th day after the date the child becomes 18 years of age; and
- (2) the administrator of a mental health facility shall notify, in writing, by certified mail, return receipt requested, the juvenile court that ordered mental health services or the juvenile court that referred the case to a court that ordered the mental health services of the intent to discharge the child at least 10 days prior to discharge.

Sec. 55.16. ORDER FOR MENTAL HEALTH SERVICES; STAY OF PROCEEDINGS. (a) If the court to which the child's case is referred under Section 55.12(2) orders temporary or extended mental health services for the child, the court shall immediately notify in writing the referring juvenile court of the court's order for mental health services.

(b) If the juvenile court orders temporary or extended mental health services for the child or if the juvenile court receives notice under Subsection (a) from the court to which the child's case is referred, the proceedings under this title then pending in juvenile court shall be stayed.

Sec. 55.17. MENTAL HEALTH SERVICES NOT ORDERED; DISSOLUTION OF STAY. (a) If the court to which a child's case is referred under Section 55.12(2) does not order temporary or extended mental health services for the child, the court shall immediately notify in writing the referring juvenile court of the court's decision.

(b) If the juvenile court does not order temporary or extended mental health services for the child or if the juvenile court receives notice under Subsection (a) from the court to which the child's case is referred, the juvenile court shall dissolve the stay and continue the juvenile court proceedings.

Sec. 55.18. DISCHARGE FROM COURT-ORDERED INPATIENT OR OUTPATIENT MENTAL HEALTH SERVICES BEFORE REACHING 18 YEARS OF AGE. If the child is discharged from the mental health facility or from outpatient treatment services before reaching 18 years of age, the juvenile court may:

- (1) dismiss the juvenile court proceedings with prejudice; or
- (2) dissolve the stay and continue with proceedings under this title as though no order of mental health services had been made.

Sec. 55.19. DISCRETIONARY TRANSFER TO CRIMINAL COURT ON 18TH BIRTHDAY. (a) The juvenile court may waive its exclusive original jurisdiction and transfer all pending proceedings from the juvenile court to a criminal court on or after the 18th birthday of a child for whom the juvenile court or a court to which the child's case was referred under Section 55.12(2) ordered inpatient mental health services if:

- (1) the child is not discharged or furloughed from the inpatient mental health facility before reaching 18 years of age; and
- (2) the child is alleged to have engaged in delinquent conduct that included a violation of a penal law listed in Section 53.045 and no adjudication concerning the alleged conduct has been made.

(b) A court conducting a waiver of jurisdiction and discretionary transfer hearing under this section shall conduct the hearing according to Sections 54.02(j), (k), and (l).

(c) If after the hearing the juvenile court waives its jurisdiction and transfers the person to criminal court, the juvenile court shall send notification of the transfer of a child under Subsection (a) to the inpatient mental health facility. The criminal court shall, within 90 days of the transfer, institute proceedings under Chapter 46B, Code of Criminal Procedure. If those or any subsequent proceedings result in a determination that the defendant is competent to stand trial, the defendant may not receive a punishment for the delinquent conduct described by Subsection (a)(2) that results in confinement for a period longer than the maximum period of confinement the defendant could have received if the defendant had been adjudicated for the delinquent conduct while still a child and within the jurisdiction of the juvenile court.

(Sections 55.20-55.30 reserved for expansion)

**SUBCHAPTER C. CHILD UNFIT TO PROCEED
AS A RESULT OF MENTAL ILLNESS OR INTELLECTUAL DISABILITY**

S (a) A child alleged by petition or found to have engaged in delinquent conduct or conduct indicating a need for supervision who as a result of mental illness or an intellectual disability lacks capacity to understand the proceedings in juvenile court or to assist in the child's own defense is unfit to proceed and shall not be subjected to discretionary transfer to criminal court, adjudication, disposition, or modification of disposition as long as such incapacity endures.

(b) On a motion by a party, the juvenile court shall determine whether probable cause exists to believe that a child who is alleged by petition or who is found to have engaged in delinquent conduct or conduct indicating a need for supervision is unfit to proceed as a result of mental illness or an intellectual disability. In making its determination, the court may:

- (1) consider the motion, supporting documents, professional statements of counsel, and witness testimony; and
- (2) make its own observation of the child.

(c) If the court determines that probable cause exists to believe that the child is unfit to proceed, the court shall temporarily stay the juvenile court proceedings and immediately order the child to be examined under Section 55.04.

(d) During an examination ordered under this section, and in any report based on that examination, an expert shall consider, in addition to other issues determined relevant by the expert:

- (1) whether the child, as supported by current indications and the child's personal history:
 - (A) is a child with mental illness; or
 - (B) is a child with an intellectual disability;
- (2) the child's capacity to:
 - (A) appreciate the allegations against the child;
 - (B) appreciate the range and nature of allowable dispositions that may be imposed in the proceedings against the child;
 - (C) understand the roles of the participants and the adversarial nature of the legal process;
 - (D) display appropriate courtroom behavior; and
 - (E) testify relevantly; and
- (3) the degree of impairment resulting from the child's mental illness or intellectual disability and the specific impact on the child's capacity to engage with counsel in a reasonable and rational manner.

(e) An expert's report to the court must state an opinion on the child's fitness to proceed or explain why the expert is unable to state that opinion and include:

- (1) the child's history and current status regarding any possible mental illness or intellectual disability;
- (2) the child's developmental history as it relates to any possible mental illness or intellectual disability;
- (3) the child's functional abilities related to fitness to stand trial;
- (4) the relationship between deficits in the child's functional abilities related to fitness to proceed and any mental illness or intellectual disability; and
- (5) if the expert believes the child is in need of remediation or restoration services, a discussion of:
 - (A) whether the child's abilities are likely to be remediated or restored within the period described by Section 55.33(a)(1), (2), or (3);
 - (B) whether the child may be adequately treated in an alternative setting;
 - (C) any recommended interventions to aid in the remediation or restoration of the child's fitness;
 - (D) whether the child meets criteria for court-ordered treatment or services under Section 55.05 or 55.06; and
 - (E) if applicable, the specific criteria the child meets under Paragraph (D).

(f) After considering all relevant information, including information obtained from an examination under Section 55.04, the court shall:

- (1) if the court determines that evidence exists to support a finding that the child is unfit to proceed, proceed under Section 55.32; or
- (2) if the court determines that evidence does not exist to support a finding that the child is unfit to proceed, dissolve the stay and continue the juvenile court proceedings.

Sec. 55.32. HEARING ON ISSUE OF FITNESS TO PROCEED (a) If the juvenile court determines that evidence exists to support a finding that a child is unfit to proceed as a result of mental illness or an intellectual disability, the court shall set the case for a hearing on that issue.

(b) The issue of whether the child is unfit to proceed as a result of mental illness or an intellectual disability shall be determined at a hearing separate from any other hearing.

(c) The court shall determine the issue of whether the child is unfit to proceed unless the child or the attorney for the child demands a jury before the 10th day before the date of the hearing.

(d) Unfitness to proceed as a result of mental illness or an intellectual disability must be proved by a preponderance of the evidence.

(e) If the court or jury determines that the child is fit to proceed, the juvenile court shall continue with proceedings under this title as though no question of fitness to proceed had been raised.

(f) If the court or jury determines that the child is unfit to proceed as a result of mental illness or an intellectual disability, the court shall:

(1) stay the juvenile court proceedings for as long as that incapacity endures; and

(2) proceed under Section 55.33.

(g) The fact that the child is unfit to proceed as a result of mental illness or an intellectual disability does not preclude any legal objection to the juvenile court proceedings which is susceptible of fair determination prior to the adjudication hearing and without the personal participation of the child.

Sec. 55.33. PROCEEDINGS FOLLOWING FINDING OF UNFITNESS TO PROCEED. (a) If the juvenile court or jury determines under Section 55.32 that a child is unfit as a result of mental illness or an intellectual disability to proceed with the juvenile court proceedings for delinquent conduct, the court shall:

(1) provided that the child meets the inpatient mental health services or residential intellectual disability services criteria under Section 55.05 or 55.06, order the child placed with the Health and Human Services Commission for a period of not more than 90 days, which order may not specify a shorter period, for placement in a facility designated by the commission;

(2) on application by the child's parent, guardian, or guardian ad litem, order the child placed in a private psychiatric inpatient facility or residential care facility for a period of not more than 90 days, which order may not specify a shorter period, but only if:

(A) the unfitness to proceed is a result of mental illness or an intellectual disability; and

(B) the placement is agreed to in writing by the administrator of the facility; or

(1) Not later than 12 hours after the sheriff or municipal jailer having custody of a defendant receives credible information that may establish reasonable cause to believe that the defendant has a mental illness or is a person with an intellectual disability, the sheriff or municipal jailer shall provide written or electronic notice to the magistrate. The notice must include any information related to the sheriff's or municipal jailer's determination, such as information regarding the defendant's behavior immediately before, during, and after the defendant's arrest and, if applicable, the results of any previous assessment of the defendant. On a determination that there is reasonable cause to believe that the defendant has a mental illness or is a person with an intellectual disability, the magistrate, except as provided by Subdivision (2), shall order the service provider that contracts with the jail to provide mental health or intellectual and developmental disability services, the local mental health authority, the local intellectual and developmental disability authority, or another qualified mental health or intellectual and developmental disability expert to:

(A) interview the defendant if the defendant has not previously been interviewed by a qualified mental health or intellectual and developmental disability expert on or after the date the defendant was arrested for the offense for which the defendant is in custody and otherwise collect information regarding whether the defendant has a mental illness as defined by Section 571.003, Health and Safety Code, or is a person with an intellectual disability as defined by Section 591.003, Health and Safety Code, including, if applicable, information obtained from any previous assessment of the defendant and information regarding any previously recommended treatment or service; and

(B) provide to the magistrate a written report of an interview described by Paragraph (A) and the other information collected under that paragraph on the form approved by the Texas Correctional Office on Offenders with Medical or Mental Impairments under Section 614.0032(c), Health and Safety Code.

(A) is no longer in custody;

(B) in the year preceding the defendant's applicable date of arrest has been determined to have a mental illness or to be a person with an intellectual disability by the service provider that contracts with the jail to provide mental health or intellectual and developmental disability services, the local mental health authority, the local intellectual and developmental disability authority, or another mental health or intellectual and developmental disability expert described by Subdivision (1); or

(C) was only arrested or charged with an offense punishable as a Class C misdemeanor.

(3) A court that elects to use the results of a determination described by Subdivision (2) (B) may proceed under Subsection (c).

(4) If the defendant fails or refuses to submit to the interview and collection of other information regarding the defendant as required under Subdivision (1), the magistrate may order the defendant to submit to an examination in a jail, or in another place determined to be appropriate by the local mental health authority or local intellectual and developmental disability authority, for a reasonable period not to exceed 72 hours. If applicable, the county in which the committing court is located shall reimburse the local mental health authority or local intellectual and developmental disability authority for the mileage and per diem expenses of the personnel required to transport the defendant, calculated in accordance with the state travel regulations in effect at the time.

(a-1) If a magistrate orders a local mental health authority, a local intellectual and developmental disability authority, or another qualified mental health or intellectual and developmental disability expert to conduct an interview or collect information under Subsection (a)(1), the commissioners court for the county in which the magistrate is located shall reimburse the local mental health authority, local intellectual and developmental disability authority, or qualified mental health or intellectual and developmental disability expert for the cost of performing those duties in the amount provided by the fee schedule adopted under Subsection (a-2) or in the amount determined by the judge under Subsection (a-3), as applicable.

(a-2) The commissioners court for a county may adopt a fee schedule to pay for the costs to conduct an interview and collect information under Subsection (a)(1). In developing the fee schedule, the commissioners court shall consider the generally accepted reasonable cost in that county of performing the duties described by Subsection (a)(1). A fee schedule described by this subsection must be adopted in a public hearing and must be periodically reviewed by the commissioners court.

(a-3) If the cost of performing the duties described by Subsection (a)(1) exceeds the amount provided by the applicable fee schedule or if the commissioners court for the applicable county has not adopted a fee schedule, the authority or expert who performed the duties may request that the judge who has jurisdiction over the underlying offense determine the reasonable amount for which the authority or expert is entitled to be reimbursed under Subsection (a-1). The amount determined under this subsection may not be less than the amount provided by the fee schedule, if applicable. The judge shall determine the amount not later than the 45th day after the date the request is made. The judge is not required to hold a hearing before making a determination under this subsection.

(a-4) An interview under Subsection (a)(1) may be conducted in person in the jail, by telephone, or through a telemedicine medical service or telehealth service.

(b) Except as otherwise permitted by the magistrate for good cause shown, a written report of an interview described by Subsection (a)(1)(A) and the other information collected under that paragraph shall be provided to the magistrate:

(1) for a defendant held in custody, not later than 96 hours after the time an order was issued under Subsection (a); or

(2) for a defendant released from custody, not later than the 30th day after the date an order was issued under Subsection (a).

(b-1) The magistrate shall provide copies of the written report to:

(1) the defense counsel;

(B) the director of the office or department that is responsible for supervising the defendant while the defendant is released on bail and receiving mental health or intellectual and developmental disability services as a condition of bail.

(b-2) The written report must include a description of the procedures used in the interview and collection of other information under Subsection (a)(1)(A) and the applicable expert's observations and findings pertaining to:

(1) whether the defendant is a person who has a mental illness or is a person with an intellectual disability;

(2) subject to Article 46B.002, whether there is clinical evidence to support a belief that the defendant may be incompetent to stand trial and should undergo a complete competency examination under Subchapter B, Chapter 46B; and

(3) any appropriate or recommended treatment or service.

(c) After the trial court receives the applicable expert's written report relating to the defendant under Subsection (b-1) or elects to use the results of a previous determination as described by Subsection (a)(2), the trial court may, as applicable:

(1) resume criminal proceedings against the defendant, including any appropriate proceedings related to the defendant's release on personal bond under Article 17.032 if the defendant is being held in custody;

(2) resume or initiate competency proceedings, if required, as provided by Chapter 46B;

(3) consider the written report during the punishment phase after a conviction of the offense for which the defendant was arrested, as part of a presentence investigation report, or in connection with the impositions of conditions following placement on community supervision, including deferred adjudication community supervision;

(4) refer the defendant to an appropriate specialty court established or operated under Subtitle K, Title 2, Government Code; or

(5) if the offense charged does not involve an act, attempt, or threat of serious bodily injury to another person, release the defendant on bail while charges against the defendant remain pending and

enter an order transferring the defendant to the appropriate court for court-ordered outpatient mental health services under Chapter 574, Health and Safety Code.

(c-1) If an order is entered under Subsection (c)(5), an attorney representing the state shall file the application for court-ordered outpatient services under Chapter 574, Health and Safety Code.

(c-2) On the motion of an attorney representing the state, if the court determines the defendant has complied with appropriate court-ordered outpatient treatment, the court may dismiss the charges pending against the defendant and discharge the defendant.

(c-3) On the motion of an attorney representing the state, if the court determines the defendant has failed to comply with appropriate court-ordered outpatient treatment, the court shall proceed under this chapter or with the trial of the offense.

(d) This article does not prevent the applicable court from, before, during, or after the interview and collection of other information regarding the defendant as described by this article:

(1) releasing a defendant who has a mental illness or is a person with an intellectual disability from custody on personal or surety bond, including imposing as a condition of release that the defendant submit to an examination or other assessment; or

(2) subject to Article 46B.002, ordering an examination regarding the defendant's competency to stand trial.

(e) The Texas Judicial Council shall adopt rules to require the reporting of the number of written reports provided to a court under Subsection (a)(1)(B). The rules must require submission of the reports to the Office of Court Administration of the Texas Judicial System on a monthly basis.

(f) A written report submitted to a magistrate under Subsection (a)(1)(B) is confidential and not subject to disclosure under Chapter 552, Government Code, but may be used or disclosed as provided by this article.

Art. 46B.002. This chapter applies to a defendant charged with a felony or with a misdemeanor punishable by confinement.

FACILITY DESIGNATION

Art. 46B.0021. The commission may designate for the commitment of a defendant under this chapter only a facility operated by the commission or under a contract with the commission for that purpose.

INCOMPETENCY; PRESUMPTIONS

- Art. 46B.003.** (a) A person is incompetent to stand trial if the person does not have:
- (1) sufficient present ability to consult with the person's lawyer with a reasonable degree of rational understanding; or
 - (2) a rational as well as factual understanding of the proceedings against the person.
- (b) A defendant is presumed competent to stand trial and shall be found competent to stand trial unless proved incompetent by a preponderance of the evidence.

RAISING ISSUE OF INCOMPETENCY TO STAND TRIAL

- Art. 46B.004.** (a) Either party may suggest by motion, or the trial court may suggest on its own motion, that the defendant may be incompetent to stand trial. A motion suggesting that the defendant may be incompetent to stand trial may be supported by affidavits setting out the facts on which the suggestion is made.
- (b) If evidence suggesting the defendant may be incompetent to stand trial comes to the attention of the court, the court on its own motion shall suggest that the defendant may be incompetent to stand trial.
- (c) On suggestion that the defendant may be incompetent to stand trial, the court shall determine by informal inquiry whether there is some evidence from any source that would support a finding that the defendant may be incompetent to stand trial.

(c-1) A suggestion of incompetency is the threshold requirement for an informal inquiry under Subsection (c) and may consist solely of a representation from any credible source that the defendant may be incompetent. A further evidentiary showing is not required to initiate the inquiry, and the court is not required to have a bona fide doubt about the competency of the defendant. Evidence suggesting the need for an informal inquiry may be based on observations made in relation to one or more of the factors described by Article 46B.024 or on any other indication that the defendant is incompetent within the meaning of Article 46B.003.

(d) If the court determines there is evidence to support a finding of incompetency, the court, except as provided by Subsection (e) and Article 46B.005(d), shall stay all other proceedings in the case.

(e) At any time during the proceedings under this chapter after the issue of the defendant's incompetency to stand trial is first raised, the court on the motion of the attorney representing the state may dismiss all charges pending against the defendant, regardless of whether there is any evidence to support a finding of the defendant's incompetency under Subsection (d) or whether the court has made a finding of incompetency under this chapter. If the court dismisses the charges against the defendant, the court may not continue the proceedings under this chapter, except that, if there is evidence to support a finding of the defendant's incompetency under Subsection (d), the court may proceed under Subchapter F. If the court does not elect to proceed under Subchapter F, the court shall discharge the defendant.

DETERMINING INCOMPETENCY TO STAND TRIAL

Art. 46B.005. (a) If after an informal inquiry the court determines that evidence exists to support a finding of incompetency, the court shall order an examination under Subchapter B to determine whether the defendant is incompetent to stand trial in a criminal case.

(b) Except as provided by Subsection (c), the court shall hold a trial under Subchapter C before determining whether the defendant is incompetent to stand trial on the merits.

(c) A trial under this chapter is not required if:

- (1) neither party's counsel requests a trial on the issue of incompetency;
- (2) neither party's counsel opposes a finding of incompetency; and
- (3) the court does not, on its own motion, determine that a trial is necessary to determine incompetency.

(d) If the issue of the defendant's incompetency to stand trial is raised after the trial on the merits begins, the court may determine the issue at any time before the sentence is pronounced. If the determination is delayed until after the return of a verdict, the court shall make the determination as soon as reasonably possible after the return. If a verdict of not guilty is returned, the court may not determine the issue of incompetency.

APPOINTMENT OF AND REPRESENTATION BY COUNSEL

Art. 46B.006. (a) A defendant is entitled to representation by counsel before any court-ordered competency evaluation and during any proceeding at which it is suggested that the defendant may be incompetent to stand trial.

(b) If the defendant is indigent and the court has not appointed counsel to represent the defendant, the court shall appoint counsel as necessary to comply with Subsection (a).

ADMISSIBILITY OF STATEMENTS AND CERTAIN OTHER EVIDENCE

Art. 46B.007. A statement made by a defendant during an examination or hearing on the defendant's incompetency, the testimony of an expert based on that statement, and evidence obtained as a result of that statement may not be admitted in evidence against the defendant in any criminal proceeding, other than at:

- (1) a trial on the defendant's incompetency; or
- (2) any proceeding at which the defendant first introduces into evidence a statement, testimony, or evidence described by this article.

RULES OF EVIDENCE

Art. 46B.008. Notwithstanding Rule 101, Texas Rules of Evidence, the Texas Rules of Evidence apply to a trial under Subchapter C or other proceeding under this chapter whether the proceeding is before a jury or before the court.

TIME CREDITS

Art. 46B.009. A court sentencing a person convicted of a criminal offense shall credit to the term of the person's sentence each of the following periods for which the person may be confined in a mental health facility, residential care facility, or jail:

(1) any period of confinement that occurs pending a determination under Subchapter C as to the defendant's competency to stand trial; and

(2) any period of confinement that occurs between the date of any initial determination of the defendant's incompetency under that subchapter and the date the person is transported to jail following a final judicial determination that the person has been restored to competency.

**MAXIMUM PERIOD OF COMMITMENT OR PROGRAM
PARTICIPATION DETERMINED BY MAXIMUM TERM FOR OFFENSE**

Art. 46B.0095. (a) A defendant may not, under Subchapter D or E or any other provision of this chapter, be committed to a mental hospital or other inpatient or residential facility or to a jail-based competency restoration program, ordered to participate in an outpatient competency restoration or treatment program, or subjected to any combination of inpatient treatment, outpatient competency restoration or treatment program participation, or jail-based competency restoration under this chapter for a cumulative period that exceeds the maximum term provided by law for the offense for which the defendant was to be tried, except that if the defendant is charged with a misdemeanor and has been ordered only to participate in an outpatient competency restoration or treatment program under Subchapter D or E, the maximum period of restoration is two years.

(b) On expiration of the maximum restoration period under Subsection (a), the mental hospital, facility, or program provider identified in the most recent order of commitment or order of outpatient competency restoration or treatment program participation under this chapter shall assess the defendant to determine if civil proceedings under Subtitle C or D, Title 7, Health and Safety Code, are appropriate. The defendant may be confined for an additional period in a mental hospital or other facility or may be ordered to participate for an additional period in an outpatient treatment program, as appropriate, only pursuant to civil proceedings conducted under Subtitle C or D, Title 7, Health and Safety Code, by a court with probate jurisdiction.

(c) The cumulative period described by Subsection (a):

- (1) begins on the date the initial order of commitment or initial order for outpatient competency restoration or treatment program participation is entered under this chapter; and
- (2) in addition to any inpatient or outpatient competency restoration periods or program participation periods described by Subsection (a), includes any time that, following the entry of an order described by Subdivision (1), the defendant is confined in a correctional facility, as defined by Section 1.07, Penal Code, or is otherwise in the custody of the sheriff during or while awaiting, as applicable:

(A) the defendant's transfer to:

- (i) a mental hospital or other inpatient or residential facility; or
- (ii) a jail-based competency restoration program;

(B) the defendant's release on bail to participate in an outpatient competency restoration or treatment program; or

(C) a criminal trial following any temporary restoration of the defendant's competency to stand trial.

(d) The court shall credit to the cumulative period described by Subsection (a) any time that a defendant, following arrest for the offense for which the defendant was to be tried, is confined in a correctional facility, as defined by Section 1.07, Penal Code, before the initial order of commitment or initial order for outpatient competency restoration or treatment program participation is entered under this chapter.

(e) In addition to the time credit awarded under Subsection (d), the court may credit to the cumulative period described by Subsection (a) any good conduct time the defendant may have been granted under Article 42.032 in relation to the defendant's confinement as described by Subsection (d).

MANDATORY DISMISSAL OF MISDEMEANOR CHARGES

Art. 46B.010. If a court orders that a defendant charged with a misdemeanor punishable by confinement be committed to a mental hospital or other inpatient or residential facility or to a jail-based competency restoration program, that the defendant participate in an outpatient competency restoration or treatment program, or that the defendant be subjected to any combination of inpatient treatment, outpatient competency restoration or treatment program participation, or jail-based competency restoration under this chapter, and the defendant is not tried before the expiration of the maximum period of restoration described by Article 46B.0095:

- (1) on the motion of the attorney representing the state, the court shall dismiss the charge; or
- (2) on the motion of the attorney representing the defendant and notice to the attorney representing the state, the court:

(A) shall set the matter to be heard not later than the 10th day after the date of filing of the motion; and

(B) may dismiss the charge on a finding that the defendant was not tried before the expiration of the maximum period of restoration.

APPEALS

Art. 46B.011. Neither the state nor the defendant is entitled to make an interlocutory appeal relating to a determination or ruling under Article 46B.005.

COMPLIANCE WITH CHAPTER

Art. 46B.012. The failure of a person to comply with this chapter does not provide a defendant with a right to dismissal of charges.

USE OF ELECTRONIC BROADCAST SYSTEM IN CERTAIN PROCEEDINGS UNDER THIS CHAPTER

Art. 46B.013. (a) A hearing may be conducted using an electronic broadcast system as permitted by this chapter and in accordance with the other provisions of this code if:

(c) A recording of the communication shall be made and preserved until any appellate proceedings have been concluded. The defendant may obtain a copy of the recording on payment of a reasonable amount to cover the costs of reproduction or, if the defendant is indigent, the court shall provide a copy to the defendant without charging a cost for the copy.

(d) If the defendant is not charged with an offense described by Subsection (c) and the indictment does not allege an affirmative finding under Article 42A.054(c) or (d), the court shall enter an order committing the defendant to a mental health facility or residential care facility determined to be appropriate by the local mental health authority or local intellectual and developmental disability authority or to a jail-based competency restoration program. (f) A defendant charged with an offense punishable as a Class B misdemeanor may be committed to a mental health facility or residential care facility described by Subsection (d) only if a jail-based competency restoration program is not available or a licensed or qualified mental health professional determines that a jail-based competency restoration program is not appropriate.

DATE COMPETENCY RESTORATION PERIOD BEGINS

Art. 46B.0735. The initial restoration period for a defendant under Article 46B.0711, 46B.072, or 46B.073 begins on the later of:

- (1) the date the defendant is:
 - (A) ordered to participate in an outpatient competency restoration program; or
 - (B) committed to a mental health facility, residential care facility, or jail-based competency restoration program; or
- (2) the date competency restoration services actually begin.

COMPETENT TESTIMONY REQUIRED

Art. 46B.074. (a) A defendant may be committed to a jail-based competency restoration program, mental health facility or residential care facility under this subchapter only on competent medical or psychiatric testimony provided by an expert qualified under Article 46B.022.

(b) The court may allow an expert to substitute the expert's report under Article 46B.025 for any testimony by the expert that may be required under this article.

TRANSFER OF DEFENDANT TO FACILITY OR TREATMENT PROGRAM

Art. 46B.075. An order issued under Article 46B.0711, 46B.072, or 46B.073 must place the defendant in the custody of the sheriff or sheriff's deputy for transportation to the facility or program, as applicable, in which the defendant is to receive competency restoration services.

PROCEDURES ON CREDIBLE EVIDENCE OF IMMEDIATE RESTORATION

Art. 46B.0755. (a) Notwithstanding any other provision of this subchapter, if the court receives credible evidence indicating that the defendant has been restored to competency at any time after the defendant's incompetency trial under Subchapter C but before the defendant is transported under Article 46B.075 to the facility or program, as applicable, the court may appoint disinterested experts to reexamine the defendant in accordance with Subchapter B. The court is not required to appoint the same expert or experts who performed the initial examination of the defendant under that subchapter.

(b) If after a reexamination of the defendant the applicable expert's report states an opinion that the defendant remains incompetent, the court's order under Article 46B.0711, 46B.072, or 46B.073 remains in effect, and the defendant shall be transported to the facility or program as required by Article 46B.075. If after a reexamination of the defendant the applicable expert's report states an opinion that the defendant has been restored to competency, the court shall withdraw its order under Article 46B.0711, 46B.072, or 46B.073 and proceed under Subsection (c) or (d).

(c) The court shall find the defendant competent to stand trial and proceed in the same manner as if the defendant had been found restored to competency at a hearing if:

- (1) both parties agree that the defendant is competent to stand trial; and
- (2) the court concurs.

(d) The court shall hold a hearing to determine whether the defendant has been restored to competency if any party fails to agree or if the court fails to concur that the defendant is competent to stand trial. If a court holds a hearing under this subsection, on the request of the counsel for either party or the motion of the court, a jury shall make the competency determination. For purposes of the hearing, incompetency is presumed, and the defendant's competency must be proved by a preponderance of the evidence. If after the hearing the defendant is again found to be incompetent to stand trial, the court shall issue a new order under Article 46B.0711, 46B.072 or 46B.073, as appropriate based on the defendant's current condition.

COURT'S ORDER

Art. 46B.076. (a) If the defendant is found incompetent to stand trial, not later than the date of the order of commitment or of release on bail, as applicable, the court shall send a copy of the order to the applicable facility or program. The court shall also provide to the facility or program copies of the following made available to the court during the incompetency trial:

- (1) reports of each expert;
- (2) psychiatric, psychological, or social work reports that relate to the mental condition of the defendant;
- (3) documents provided by the attorney representing the state or the attorney representing the defendant that relate to the defendant's current or past mental condition;

- (5) the defendant's criminal history record; and
- (6) the addresses of the attorney representing the state and the attorney representing the defendant.

(b) The court shall order that the transcript of all medical testimony received by the jury or court be promptly prepared by the court reporter and forwarded to the applicable facility or program.

Art. 46B.077. (a) The facility or jail-based competency restoration program to which the defendant is committed or the outpatient competency restoration program to which the defendant is released on bail shall:

- (1) develop an individual program of treatment;
- (2) assess and evaluate whether the defendant is likely to be restored to competency in the foreseeable future; and
- (3) report to the court and to the local mental health authority or to the local intellectual and developmental disability authority on the defendant's progress toward achieving competency.

(b) If the defendant is committed to an inpatient mental health facility, residential care facility, or jail-based competency restoration program, the facility or program shall report to the court at least once during the commitment period.

(c) If the defendant is released to an outpatient competency restoration program, the program shall report to the court:

- (1) not later than the 14th day after the date on which the defendant's competency restoration services begin; and
- (2) until the defendant is no longer released to the program, at least once during each 30-day period following the date of the report required by Subdivision (1).

CHARGES SUBSEQUENTLY DISMISSED

Art. 46B.078. If the charges pending against a defendant are dismissed, the court that issued the order under Article 46B.0711, 46B.072, or 46B.073 shall send a copy of the order of dismissal to the sheriff of the county in which the court is located and to the head of the facility, the provider of the jail-based competency restoration program, or the provider of the outpatient competency restoration program, as appropriate. On receipt of the copy of the order, the facility or program shall discharge the defendant into the care of the sheriff or sheriff's deputy for transportation in the manner described by Article 46B.082.

NOTICE AND REPORT TO COURT

Art. 46B.079. (a) The head of the facility, the provider of the jail-based competency restoration program, or the provider of the outpatient competency restoration program, as appropriate, not later than the 15th day before the date on which the initial restoration period is to expire according to the terms of the order or under Article 46B.0095 or other applicable provisions of this chapter, shall notify the applicable court that the period is about to expire.

(b) The head of the facility or jail-based competency restoration program provider shall promptly notify the court when the head of the facility or program provider believes that:

- (1) the defendant is clinically ready and can be safely transferred to a competency restoration program for education services but has not yet attained competency to stand trial;
- (2) the defendant has attained competency to stand trial; or
- (3) the defendant is not likely to attain competency in the foreseeable future.

(b-1) The outpatient competency restoration program provider shall promptly notify the court when the program provider believes that:

- (1) the defendant has attained competency to stand trial; or
- (2) the defendant is not likely to attain competency in the foreseeable future.

(c) When the head of the facility or program provider gives notice to the court under Subsection (a), (b), or (b-1), the head of the facility or program provider also shall file a final report with the court stating the reason for the proposed discharge or transfer under this chapter and including a list of the types and dosages of medications prescribed for the defendant while the defendant was receiving competency restoration services in the facility or through the program. The court shall provide to the attorney representing the defendant and the attorney representing the state copies of a report based on notice under this article, other than notice under Subsection (b)(1), to enable any objection to the findings of the report to be made in a timely manner as required under Article 46B.084(a-1).

(d) If the head of the facility or program provider notifies the court that the initial restoration period is about to expire, the notice may contain a request for an extension of the period for an additional period of 60 days and an explanation for the basis of the request. An explanation provided under this subsection must include a description of any evidence indicating a reduction in the severity of the defendant's symptoms or impairment.

EXTENSION OF ORDER

Art. 46B.080. (a) On a request of the head of a facility or a program provider that is made under Article 46B.079(d) and notwithstanding any other provision of this subchapter, the court may enter an order extending the initial restoration period for an additional period of 60 days.

(b) The court may enter an order under Subsection (a) only if the court determines that:

- (1) the defendant has not attained competency; and
- (2) an extension of the initial restoration period will likely enable the facility or program to restore the defendant to competency within the period of the extension.

(c) The court may grant only one 60-day extension under this article in connection with the specific offense with which the defendant is charged.

(d) An extension under this article begins on the later of:

- (1) the date the court enters the order under Subsection (a); or
- (2) the date competency restoration services actually begin pursuant to the order entered under Subsection (a).

COMPETENCY RESTORATION EDUCATION SERVICES

Art. 46B.0805. (a) On notification from the head of a facility or a jail-based competency restoration program provider under Article 46B.079(b)(1), the court shall order the defendant to receive competency restoration education services in a jail-based competency restoration program or an outpatient competency restoration program, as appropriate and if available.

(b) If a defendant for whom an order is entered under Subsection (a) was committed for competency restoration to a facility other than a jail-based competency restoration program, the court shall send a copy of that order to:

- (1) the sheriff of the county in which the court is located;
- (2) the head of the facility to which the defendant was committed for competency restoration; and

The sheriff or sheriff's deputy shall transport the defendant to the jail-based competency restoration program or outpatient competency restoration program, as appropriate.

(d) A jail-based competency restoration program or outpatient competency restoration program that receives a defendant under this article shall give to the court:

- (1) notice regarding the defendant's entry into the program for purposes of receiving competency

restoration education services; and
(2) subsequent notice as otherwise required under Article 46B.079.

RETURN TO COURT

Art. 46B.081. Subject to Article 46B.082(b), a defendant committed or released on bail under this subchapter shall be returned to the applicable court as soon as practicable after notice to the court is provided under Article 46B.079(a), (b)(2), (b)(3), or (b-1), but not later than the date of expiration of the period for restoration specified by the court under Article 46B.0711, 46B.072, or 46B.073.

The county in which the court is located shall reimburse the Health and Human Services Commission or program provider, as appropriate, for the mileage and per diem expenses of the personnel required to transport the defendant, calculated in accordance with rates provided in the General Appropriations Act for state employees.

ADMINISTRATION OF MEDICATION WHILE IN CUSTODY OF SHERIFF

Art. 46B.0825. (a) A sheriff or sheriff's deputy having custody of a defendant for transportation as required by Article 46B.0805 or 46B.082 or during proceedings described by Article 46B.084 shall, according to information available at the time and unless directed otherwise by a physician treating the defendant, ensure that the defendant is provided with the types and dosages of medication prescribed for the defendant.

(b) To the extent funds are appropriated for that purpose, a sheriff is entitled to reimbursement from the state for providing the medication required by Subsection (a).

(c) If the sheriff determines that funds are not available from the state to reimburse the sheriff as provided by Subsection (b), the sheriff is not required to comply with Subsection (a).

SUPPORTING COMMITMENT INFORMATION PROVIDED BY FACILITY OR PROGRAM

Art. 46B.083. (a) If the head of the facility, the jail-based competency restoration program provider, or the outpatient competency restoration program provider believes that the defendant is a person with mental illness and meets the criteria for court-ordered mental health services under Subtitle C, Title 7, Health and Safety Code, the head of the facility or the program provider shall have submitted to the court a certificate of medical examination for mental illness.

(b) If the head of the facility, the jail-based competency restoration program provider, or the outpatient competency restoration program provider believes that the defendant is a person with an intellectual disability, the head of the facility or the program provider shall have submitted to the court an affidavit stating the conclusions reached as a result of the examination.

DETERMINATION WHETHER DEFENDANT IS MANIFESTLY DANGEROUS

Art. 46B.0831. A defendant committed to a maximum security unit by the commission may be assessed, at any time before the defendant is restored to competency, by the review board established under Section 46B.105 to determine whether the defendant is manifestly dangerous. If the review board determines the defendant is not manifestly dangerous, the commission shall transfer the defendant to a non-maximum security facility designated by the commission.

PROCEEDINGS ON RETURN OF DEFENDANT TO COURT

Art. 46B.084. (a) (1) Not later than the next business day following the return of a defendant to the court, the court shall notify the attorney representing the state and the attorney for the defendant regarding the return. Within three business days of the date that notice is received under this subsection or, on a showing of good cause, a later date

specified by the court, the attorney for the defendant shall meet and confer with the defendant to evaluate whether there is any suggestion that the defendant has not yet regained competency.

(2) Notwithstanding Subdivision (1), in a county with a population of less than 1.2 million or in a county with a population of four million or more, as soon as practicable following the date of the defendant's return to the court, the court shall provide the notice required by that subdivision to the attorney representing the state and the attorney for the defendant, and the attorney for the defendant shall meet and confer with the defendant as soon as practicable after the date of receipt of that notice.

(a-1) (1) Following the defendant's return to the court, the court shall make a determination with regard to the defendant's competency to stand trial. The court may make the determination based only on the most recent report that is filed under Article 46B.079(c) and based on notice under that article, other than notice under Subsection (b)(1) of that article, and on other medical information or personal history information relating to the defendant. A party may object in writing or in open court to the findings of the most recent report not later than the 15th day after the date on which the court received the applicable notice under Article 46B.079. The court shall make the determination not later than the 20th day after the date on which the court received the applicable notice under Article 46B.079, or not later than the fifth day after the date of the defendant's return to court, whichever occurs first, regardless of whether a party objects to the report as described by this subsection and the issue is set for hearing under Subsection (b).

(2) Notwithstanding Subdivision (1), in a county with a population of less than 1.2 million or in a county with a population of four million or more, the court shall make the determination described by that subdivision not later than the 20th day after the date on which the court received notification under Article 46B.079, regardless of whether a party objects to the report as described by that subdivision and the issue is set for a hearing under Subsection (b).

(b) If a party objects under Subsection (a-1), the issue shall be set for a hearing. The hearing is before the court, except that on motion by the defendant, the defense counsel, the prosecuting attorney, or the court, the hearing shall be held before a jury.

(b-1) If the hearing is before the court, the hearing may be conducted by means of an electronic broadcast system as provided by Article 46B.013. Notwithstanding any other provision of this chapter, the defendant is not required to be returned to the court with respect to any hearing that is conducted under this article in the manner described by this subsection.

(c) - repealed

(d)(1) If the defendant is found competent to stand trial, on the court's own motion criminal proceedings against the defendant in the case shall be resumed not later than the 14th day after the date of the court's determination under this article that the defendant's competency has been restored.

(2) Notwithstanding Subdivision (1), in a county with a population of less than 1.2 million or in a county with a population of four million or more, on the court's own motion criminal proceedings in the case against the defendant shall be resumed as soon as practicable after the date of the court's determination under this article that the defendant's competency has been restored.

(d-1) This article does not require the criminal case to be finally resolved within any specific period.

(e) If the defendant is found incompetent to stand trial and if all charges pending against the defendant are not dismissed, the court shall proceed under Subchapter E.

(f) If the defendant is found incompetent to stand trial and if all charges pending against the defendant are dismissed, the court shall proceed under Subchapter F.

**SUBSEQUENT RESTORATION PERIODS
AND EXTENSIONS OF THOSE PERIODS PROHIBITED**

Art. 46B.085. (a) The court may order only one initial period of restoration and one extension under this subchapter in connection with the same offense.

(b) After an initial restoration and an extension are ordered as described by Subsection (a), any subsequent court orders for treatment must be issued under Subchapter E or F.

COURT-ORDERED MEDICATIONS

Art. 46B.086. (a) This article applies only to a defendant:

- (1) who is determined under this chapter to be incompetent to stand trial;
- (2) who either:

(A) remains confined in a correctional facility, as defined by Section 1.07, Penal Code, for a period exceeding 72 hours while awaiting transfer to an inpatient mental health facility, a residential care facility, or an outpatient competency restoration program;

(B) is committed to an inpatient mental health facility, a residential care facility, or a

jail-based competency restoration program for the purpose of competency restoration;
(C) is confined in a correctional facility while awaiting further criminal proceedings following competency restoration; or
(D) is subject to Article 46B.072, if the court has made the determinations required by Subsection (a-1) of that article;

(3) for whom a correctional facility or jail-based competency restoration program that employs or contracts with a licensed psychiatrist, an inpatient mental health facility, a residential care facility, or an outpatient competency restoration program provider has prepared a continuity of care plan that requires the defendant to take psychoactive medications; and

(4) who, after a hearing held under Section 574.106 or 592.156, Health and Safety Code, if applicable, has been found to not meet the criteria prescribed by Sections 574.106(a) and (a-1) or 592.156(a) and (b), Health and Safety Code, for court-ordered administration of psychoactive medications.

(b) If a defendant described by Subsection (a) refuses to take psychoactive medications as required by the defendant's continuity of care plan, the director of the facility or the program provider, as applicable, shall notify the court in which the criminal proceedings are pending of that fact not later than the end of the next business day following the refusal. The court shall promptly notify the attorney representing the state and the attorney representing the defendant of the defendant's refusal. The attorney representing the state may file a written motion to compel medication. The motion to compel medication must be filed not later than the 15th day after the date a judge issues an order stating that the defendant does not meet the criteria for court-ordered administration of psychoactive medications under Section 574.106 or 592.156, Health and Safety Code, except that, for a defendant in an outpatient competency restoration program, the motion may be filed at any time.

(c) The court, after notice and after a hearing held not later than the 10th day after the motion to compel medication is filed, may authorize the director of the facility or the program provider, as applicable, to have the medication administered to the defendant, by reasonable force if necessary. A hearing under this subsection may be conducted using an electronic broadcast system as provided by Article 46B.013.

(d) The court may issue an order under this article only if the order is supported by the testimony of two physicians, one of whom is the physician at or with the applicable facility or program who is prescribing the medication as a component of the defendant's continuity of care plan and another who is not otherwise involved in proceedings against the defendant. The court may require either or both physicians to examine the defendant and report on the examination to the court.

(e) The court may issue an order under this article if the court finds by clear and convincing evidence that:

- (1) the prescribed medication is medically appropriate, is in the best medical interest of the defendant, and does not present side effects that cause harm to the defendant that is greater than the medical benefit to the defendant;
- (2) the state has a clear and compelling interest in the defendant obtaining and maintaining competency to stand trial;
- (3) no other less invasive means of obtaining and maintaining the defendant's competency exists; and
- (4) the prescribed medication will not unduly prejudice the defendant's rights or use of defensive theories at trial.

(f) A statement made by a defendant to a physician during an examination under Subsection (d) may not be admitted against the defendant in any criminal proceeding, other than at:

- (1) a hearing on the defendant's incompetency; or
- (2) any proceeding at which the defendant first introduces into evidence the contents of the statement.

(g) For a defendant described by Subsection (a)(2)(A), an order issued under this article:

- (1) authorizes the initiation of any appropriate mental health treatment for the defendant awaiting transfer; and
- (2) does not constitute authorization to retain the defendant in a correctional facility for competency restoration treatment.

Art. 46B.091. (a) In this article:

- (1) "Commission" means the Health and Human Services Commission.
- (2) "Executive commissioner" means the executive commissioner of the Health and Human Services Commission.

(b) A county or counties jointly may develop and implement a jail-based competency restoration program.

(c) A county that implements a program under this article shall contract with a provider of jail-based competency restoration services that is a local mental health authority or local behavioral health authority that is in good standing with the commission, which may include an authority that is in good standing with the commission and subcontracts with a provider of jail-based competency restoration services.

(d) A jail-based competency restoration program must:

- (1) provide jail-based competency restoration services through the use of a multidisciplinary treatment team that are:
 - (A) directed toward the specific objective of restoring the defendant's competency to stand trial; and
 - (B) similar to other competency restoration programs;
- (2) employ or contract for the services of at least one psychiatrist;
- (3) provide jail-based competency restoration services through licensed or qualified mental health professionals;
- (4) provide weekly competency restoration hours commensurate to the hours provided as part of a competency restoration program at an inpatient mental health facility;
- (5) operate in the jail in a designated space that is separate from the space used for the general population of the jail;

- (7) provide mental health treatment and substance use disorder treatment to defendants, as necessary, for competency restoration; and
- (8) supply clinically appropriate psychoactive medications for purposes of administering court-ordered medication to defendants as applicable and in accordance with Article 46B.086 of this code or Section 574.106, Health and Safety Code.

(e) The executive commissioner shall adopt rules as necessary for a county to develop and implement a program under this article. The commission shall, as part of the rulemaking process, establish contract monitoring and oversight requirements for a local mental health authority or local behavioral health authority that contracts with a county to provide jail-based competency restoration services under this article. The contract monitoring and oversight requirements must be consistent with local mental health authority or local behavioral health authority performance contract monitoring and oversight requirements, as applicable.

(f) The commission may inspect on behalf of the state any aspect of a program implemented under this article.

(g) A psychiatrist or psychologist for the provider who has the qualifications described by Article 46B.022 shall evaluate the defendant's competency and report to the court as required by Article 46B.079.

(h) If at any time during a defendant's commitment to a program implemented under this article the psychiatrist or psychologist for the provider determines that the defendant has attained competency to stand trial:

- (1) the psychiatrist or psychologist for the provider shall promptly issue and send to the court a report demonstrating that fact; and
- (2) the court shall consider that report as the report of an expert stating an opinion that the defendant has been restored to competency for purposes of Article 46B.0755(a) or (b).

(i) If at any time during a defendant's commitment to a program implemented under this article the psychiatrist or psychologist for the provider determines that the defendant's competency to stand trial is unlikely to be restored in the foreseeable future:

- (1) the psychiatrist or psychologist for the provider shall promptly issue and send to the court a report demonstrating that fact; and
- (2) the court shall:
 - (A) proceed under Subchapter E or F and order the transfer of the defendant, without unnecessary delay, to the first available facility that is appropriate for that defendant, as provided under Subchapter E or F, as applicable; or
 - (B) release the defendant on bail as permitted under Chapter 17.

(j) If the psychiatrist or psychologist for the provider determines that a defendant committed to a program

implemented under this article has not been restored to competency by the end of the 60th day after the date the defendant began to receive services in the program, the jail-based competency restoration program shall continue to provide competency restoration services to the defendant for the period authorized by this subchapter, including any extension ordered under Article 46B.080, unless the jail-based competency restoration program is notified that space at a facility or outpatient competency restoration program appropriate for the defendant is available and, as applicable:

- (1) for a defendant charged with a felony, not less than 45 days are remaining in the initial restoration period; or
- (2) for a defendant charged with a felony or a misdemeanor, an extension has been ordered under Article 46B.080 and not less than 45 days are remaining under the extension order.

(j-1) After receipt of a notice under Subsection (j), the defendant shall be transferred without unnecessary delay to the appropriate mental health facility, residential care facility, or outpatient competency restoration program for the remainder of the period permitted by this subchapter, including any extension that may be ordered under Article 46B.080 if an extension has not previously been ordered under that article. If the defendant is not transferred, and if the psychiatrist or psychologist for the provider determines that the defendant has not been restored to competency by the end of the period authorized by this subchapter, the defendant shall be returned to the court for further proceedings. For a defendant charged with a misdemeanor, the court may:

- (1) proceed under Subchapter E or F;
- (2) release the defendant on bail as permitted under Chapter 17; or
- (3) dismiss the charges in accordance with Article 46B.010.

(k) Unless otherwise provided by this article, the provisions of this chapter, including the maximum periods prescribed by Article 46B.0095, apply to a defendant receiving competency restoration services, including competency restoration education services, under a program implemented under this article in the same manner as those provisions apply to any other defendant who is subject to proceedings under this chapter.

(l) This article does not affect the responsibility of a county to ensure the safety of a defendant who is committed to the program and to provide the same adequate care to the defendant as is provided to other inmates of the jail in which the defendant is located.

(m) The court retains authority to order the transfer of a defendant who is subject to an order for jail-based competency restoration services to an outpatient competency restoration program if:

- (1) the court determines that the defendant is not a danger to others and may be safely treated on an outpatient basis with the specific objective of attaining competency to stand trial; and
- (2) the other requirements of this subchapter relating to an order for outpatient competency restoration services are met.

(b) Proceedings for commitment of the defendant to court-ordered mental health services are governed by Subtitle C, Title 7, Health and Safety Code, to the extent that Subtitle C applies and does not conflict with this chapter, except that the criminal court shall conduct the proceedings whether or not the criminal court is also the county court.

(c) If the court enters an order committing the defendant to a mental health facility, the defendant shall be:

- (1) treated in conformity with Subtitle C, Title 7, Health and Safety Code, except as otherwise provided by this chapter; and

Art. 46B.103. (a) If it appears to the court that the defendant may be a person with an intellectual disability, the court shall hold a hearing to determine whether the defendant is a person with an intellectual disability.

(b) Proceedings for commitment of the defendant to a residential care facility are governed by Subtitle D, Title 7, Health and Safety Code, to the extent that Subtitle D applies and does not conflict with this chapter, except that the criminal court shall conduct the proceedings whether or not the criminal court is also a county court.

(c) If the court enters an order committing the defendant to a residential care facility, the defendant shall be:

- (1) treated and released in accordance with Subtitle D, Title 7, Health and Safety Code, except as otherwise provided by this chapter; and

CIVIL COMMITMENT PLACEMENT: FINDING OF VIOLENCE

Art. 46B.104. A defendant committed to a facility as a result of proceedings initiated under this chapter shall be committed to the facility designated by the commission if:

- (1) the defendant is charged with an offense listed in Article 17.032(a); or
- (2) the indictment charging the offense alleges an affirmative finding under Article 42A.054(c) or (d).

TRANSFER FOLLOWING CIVIL COMMITMENT PLACEMENT

Art. 46B.105. (a) Unless a defendant committed to a maximum security unit by the commission is determined to be manifestly dangerous by a review board established under Subsection (b), not later than the 60th day after the date the defendant arrives at the maximum security unit, the defendant shall be transferred to:

- (1) a unit of an inpatient mental health facility other than a maximum security unit;

(b) The executive commissioner shall appoint a review board of five members, including one psychiatrist licensed to practice medicine in this state and two persons who work directly with persons with mental illness or intellectual disability, to determine whether the defendant is manifestly dangerous and, as a result of the danger the defendant presents, requires continued placement in a maximum security unit.

(c) The review board may not make a determination as to the defendant's need for treatment.

(d) A finding that the defendant is not manifestly dangerous is not a medical determination that the defendant no longer meets the criteria for involuntary civil commitment under Subtitle C or D, Title 7, Health and Safety Code.

(e) If the superintendent of the facility at which the maximum security unit is located disagrees with the determination, the matter shall be referred to the executive commissioner. The executive commissioner shall decide whether the defendant is manifestly dangerous.

MODIFICATION OF ORDER FOLLOWING INPATIENT CIVIL COMMITMENT PLACEMENT

Art. 46B.1055. (a) This article applies to a defendant who has been transferred under Article 46B.105 from a maximum security unit to any facility other than a maximum security unit.

(b) The defendant, the head of the facility to which the defendant is committed, or the attorney representing the state may request that the court modify an order for inpatient treatment or residential care to order the defendant to participate in an outpatient treatment program.

(c) If the head of the facility to which the defendant is committed makes a request under Subsection (b), not later than the 14th day after the date of the request the court shall hold a hearing to determine whether the court should

modify the order for inpatient treatment or residential care in accordance with Subtitle C, Title 7, Health and Safety Code.

(d) If the defendant or the attorney representing the state makes a request under Subsection (b), not later than the 14th day after the date of the request the court shall grant the request, deny the request, or hold a hearing on the request to determine whether the court should modify the order for inpatient treatment or residential care. A court is not required to hold a hearing under this subsection unless the request and any supporting materials provided to the court provide a basis for believing modification of the order may be appropriate.

(e) On receipt of a request to modify an order under Subsection (b), the court shall require the local mental health authority or local behavioral health authority to submit to the court, before any hearing is held under this article, a statement regarding whether treatment and supervision for the defendant can be safely and effectively provided on an outpatient basis and whether appropriate outpatient mental health services are available to the defendant.

(f) If the head of the facility to which the defendant is committed believes that the defendant is a person with mental illness who meets the criteria for court-ordered outpatient mental health services under Subtitle C, Title 7, Health and Safety Code, the head of the facility shall submit to the court before the hearing a certificate of medical examination for mental illness stating that the defendant meets the criteria for court-ordered outpatient mental health services.

(g) If a request under Subsection (b) is made by a defendant before the 91st day after the date the court makes a determination on a previous request under that subsection, the court is not required to act on the request until the earlier of:

- (1) the expiration of the current order for inpatient treatment or residential care; or
- (2) the 91st day after the date of the court's previous determination.

(h) Proceedings for commitment of the defendant to a court-ordered outpatient treatment program are governed by Subtitle C, Title 7, Health and Safety Code, to the extent that Subtitle C applies and does not conflict with this chapter, except that the criminal court shall conduct the proceedings regardless of whether the criminal court is also the county court.

(i) The court shall rule on a request made under Subsection (b) as soon as practicable after a hearing on the request, but not later than the 14th day after the date of the request.

(j) An outpatient treatment program may not refuse to accept a placement ordered under this article on the grounds that criminal charges against the defendant are pending.

CIVIL COMMITMENT PLACEMENT: NO FINDING OF VIOLENCE

- (1) a facility designated by the commission; or
- (2) an outpatient treatment.

(b) A facility or outpatient treatment program may not refuse to accept a placement ordered under this article on the grounds that criminal charges against the defendant are pending.

RELEASE OF DEFENDANT AFTER CIVIL COMMITMENT

Art. 46B.107. (a) The release of a defendant committed under this chapter from the commission, an outpatient treatment program, or another facility is subject to disapproval by the committing court if the court or the attorney representing the state has notified the head of the facility, or outpatient treatment provider, as applicable, to which the defendant has been committed that a criminal charge remains pending against the defendant.

(b) If the head of the facility, or outpatient treatment provider, to which a defendant has been committed under this chapter determines that the defendant should be released from the facility, the head of the facility, or outpatient treatment provider, shall notify the committing court and the sheriff of the county from which the defendant was committed in writing of the release not later than the 14th day before the date on which the facility, or outpatient treatment provider, intends to release the defendant.

(c) The head of the facility, or outpatient treatment provider, shall provide with the notice a written statement that states an opinion as to whether the defendant to be released has attained competency to stand trial.

(d) The court shall, on receiving notice from the head of a facility or outpatient treatment provider of intent to release the defendant under Subsection (b), hold a hearing to determine whether release is appropriate under the applicable criteria in Subtitle C or D, Title 7, Health and Safety Code. The court may, on motion of the attorney representing the state or on its own motion, hold a hearing to determine whether release is appropriate under the applicable criteria in Subtitle C or D, Title 7, Health and Safety Code, regardless of whether the court receives notice

that the head of a facility or outpatient treatment provider provides notice of intent to release the defendant under Subsection (b). The court may conduct the hearing:

- (1) at the facility; or
- (2) by means of an electronic broadcast system as provided by Article 46B.013.

(e) If the court determines that release is not appropriate, the court shall enter an order directing the head of the facility, or outpatient treatment provider, to not release the defendant.

(f) If an order is entered under Subsection (e), any subsequent proceeding to release the defendant is subject to this article.

REDETERMINATION OF COMPETENCY

Art. 46B.108. (a) If criminal charges against a defendant found incompetent to stand trial have not been dismissed, the trial court at any time may determine whether the defendant has been restored to competency.

(b) An inquiry into restoration of competency under this subchapter may be made at the request of the head of the mental health facility, or outpatient treatment provider, or residential care facility to which the defendant has been committed, the defendant, the attorney representing the defendant, or the attorney representing the state, or may be made on the court's own motion.

REQUEST BY HEAD OF FACILITY OR OUTPATIENT TREATMENT PROVIDER

Art. 46B.109. (a) The head of a facility, or outpatient treatment provider, to which a defendant has been committed as a result of a finding of incompetency to stand trial may request the court to determine that the defendant has been restored to competency.

(b) The head of the facility, or outpatient treatment provider, shall provide with the request a written statement that in their opinion the defendant is competent to stand trial.

MOTION BY DEFENDANT, ATTORNEY REPRESENTING DEFENDANT, OR ATTORNEY REPRESENTING STATE

(b) A motion for a determination of competency may be accompanied by affidavits supporting the moving party's assertion that the defendant is competent.

APPOINTMENT OF EXAMINERS

Art. 46B.111. On the filing of a request or motion to determine that the defendant has been restored to competency or on the court's decision on its own motion to inquire into restoration of competency, the court may appoint disinterested experts to examine the defendant in accordance with Subchapter B.

DETERMINATION OF RESTORATION WITH AGREEMENT

Art. 46B.112. On the filing of a request or motion to determine that the defendant has been restored to competency or on the court's decision on its own motion to inquire into restoration of competency, the court shall find the defendant competent to stand trial and proceed in the same manner as if the defendant had been found restored to competency at a hearing if:

- (1) both parties agree that the defendant is competent to stand trial; and
- (2) the court concurs.

DETERMINATION OF RESTORATION WITHOUT AGREEMENT

Art. 46B.113. (a) The court shall hold a hearing on a request by the head of a facility, or outpatient treatment provider, to which a defendant has been committed as a result of a finding of incompetency to stand trial to determine whether the defendant has been restored to competency.

(b) The court may hold a hearing on a motion to determine whether the defendant has been restored to competency or on the court's decision on its own motion to inquire into restoration of competency, and shall hold a hearing if a motion and any supporting material establish good reason to believe the defendant may have been restored to competency.

(c) If a court holds a hearing under this article, on the request of the counsel for either party or the motion of the court, a jury shall make the competency determination. If the competency determination will be made by the court rather than a jury, the court may conduct the hearing:

- (1) at the facility; or
- (2) by means of an electronic broadcast system as provided by Article 46B.013.

(d) If the head of a facility, or outpatient treatment provider, to which the defendant was committed as a result of a finding of incompetency to stand trial has provided an opinion that the defendant has regained competency, competency is presumed at a hearing under this subchapter and continuing incompetency must be proved by a preponderance of the evidence.

(e) If the head of a facility, or outpatient treatment provider, has not provided an opinion described by Subsection (d), incompetency is presumed at a hearing under this subchapter and the defendant's competency must be proved by a preponderance of the evidence.

TRANSPORTATION OF DEFENDANT TO COURT

Art. 46B.114. If the hearing is not conducted at the facility to which the defendant has been committed under this chapter or conducted by means of an electronic broadcast system as described by this subchapter, an order setting a hearing to determine whether the defendant has been restored to competency shall direct that, as soon as practicable but not earlier than 72 hours before the date the hearing is scheduled, the defendant be placed in the custody of the sheriff of the county in which the committing court is located or the sheriff's designee for transportation to the court. The sheriff or the sheriff's designee may not take custody of the defendant under this article until 72 hours before the date the hearing is scheduled.

SUBSEQUENT REDETERMINATIONS OF COMPETENCY

Art. 46B.115. (a) If the court has made a determination that a defendant has not been restored to competency under this subchapter, a subsequent request or motion for a redetermination of competency filed before the 91st day after the date of that determination must:

- (1) explain why the person making the request or motion believes another inquiry into restoration is appropriate; and
- (2) provide support for the belief.

(b) The court may hold a hearing on a request or motion under this article only if the court first finds reason to believe the defendant's condition has materially changed since the prior determination that the defendant was not restored to competency.

(c) If the competency determination will be made by the court, the court may conduct the hearing at the facility to which the defendant has been committed under this chapter or may conduct the hearing by means of an electronic broadcast system as provided by Article 46B.013.

DISPOSITION ON DETERMINATION OF COMPETENCY

Art. 46B.116. If the defendant is found competent to stand trial, the proceedings on the criminal charge may proceed.

DISPOSITION ON DETERMINATION OF INCOMPETENCY

Art. 46B.117. If a defendant under order of commitment to a facility, or outpatient treatment provider, is found to not have been restored to competency to stand trial, the court shall remand the defendant pursuant to that order of commitment, and, if applicable, order the defendant placed in the custody of the sheriff or the sheriff's designee for transportation back to the facility, or outpatient treatment provider.

(b) If it appears to the court that there is evidence to support a finding of mental illness or an intellectual disability, the court shall enter an order transferring the defendant to the appropriate court for civil commitment proceedings and stating that all charges pending against the defendant in that court have been dismissed. The court may order the defendant:

- (1) the court discharges the person and terminates its jurisdiction under Article 46C.268; or
- (2) the cumulative total period of institutionalization and outpatient or community-based treatment and supervision under the court's jurisdiction equals the maximum term provided by law for the offense of which the person was acquitted by reason of insanity and the court's jurisdiction is automatically terminated under Article 46C.269.

(b) If the court determines that there is evidence to support a finding of mental illness or intellectual disability, the court shall enter an order transferring the person to the appropriate court for civil commitment proceedings to determine whether the person should receive court-ordered mental health services under Subtitle C, Title 7, Health and Safety Code, or be committed to a residential care facility to receive intellectual disability services under Subtitle D, Title 7, Health and Safety Code. (b) The report in general terms must describe and explain the procedure, techniques, and tests used in the examination of the person.

EFFECT OF STABILIZATION ON TREATMENT REGIMEN

Art. 46C.254. If an acquitted person is stabilized on a treatment regimen, including medication and other treatment modalities, rendering the person no longer likely to cause serious harm to another, inpatient treatment or residential care may be found necessary to protect the safety of others only if:

- (1) the person would become likely to cause serious harm to another if the person fails to follow the treatment regimen on an Order to Receive Outpatient or Community-Based Treatment and Supervision; and
- (2) under an Order to Receive Outpatient or Community-Based Treatment and Supervision either:
 - (A) the person is likely to fail to comply with an available regimen of outpatient or community-based treatment, as determined by the person's insight into the need for medication, the number, severity, and controllability of side effects, the availability of support and treatment programs for the person from community members, and other appropriate considerations; or
 - (B) a regimen of outpatient or community-based treatment will not be available to the person.

TRIAL BY JURY

Art. 46C.255. (a) The following proceedings under this chapter must be before the court, and the underlying matter determined by the court, unless the acquitted person or the state requests a jury trial or the court on its own motion sets the matter for jury trial:

ORDER OF COMMITMENT TO INPATIENT TREATMENT OR RESIDENTIAL CARE

Art. 46C.256. (a) The court shall order the acquitted person committed to a mental hospital or other appropriate facility for inpatient treatment or residential care if the state establishes by clear and convincing evidence that:

- (1) the person has a severe mental illness or intellectual disability ;
 - (2) the person, as a result of that mental illness or intellectual disability is likely to cause serious bodily injury to another if the person is not provided with treatment and supervision; and
 - (3) inpatient treatment or residential care is necessary to protect the safety of others.
- (b) In determining whether inpatient treatment or residential care has been proved necessary, the court shall consider whether the evidence shows both that:
- (1) an adequate regimen of outpatient or community-based treatment will be available to the person; and
 - (2) the person will follow that regimen.
- (c) The order of commitment to inpatient treatment or residential care expires on the 181st day following the date the order is issued but is subject to renewal as provided by Article 46C.261.

ORDER TO RECEIVE OUTPATIENT OR COMMUNITY-BASED TREATMENT AND SUPERVISION

Art. 46C.257. (a) The court shall order the acquitted person to receive outpatient or community-based treatment and supervision if:

- (1) the state establishes by clear and convincing evidence that the person:

- (A) has a severe mental illness or intellectual disability; and
 - (B) as a result of that mental illness or intellectual disability is likely to cause serious bodily injury to another if the person is not provided with treatment and supervision; and
 - (2) the state fails to establish by clear and convincing evidence that inpatient treatment or residential care is necessary to protect the safety of others.
- (b) The order of commitment to outpatient or community-based treatment and supervision expires on the first anniversary of the date the order is issued but is subject to renewal as provided by Article 46C.261.

RESPONSIBILITY OF INPATIENT OR RESIDENTIAL CARE FACILITY

Art. 46C.258. (a) The head of the facility to which an acquitted person is committed has, during the commitment period, a continuing responsibility to determine:

- (1) whether the acquitted person continues to have a severe mental illness or intellectual disability and is likely to cause serious harm to another because of any severe mental illness or intellectual disability; and
- (2) if so, whether treatment and supervision cannot be safely and effectively provided as outpatient or community-based treatment and supervision.

(b) The head of the facility must notify the committing court and seek modification of the order of commitment if the head of the facility determines that an acquitted person no longer has a severe mental illness or an intellectual disability, is no longer likely to cause serious harm to another, or that treatment and supervision can be safely and effectively provided as outpatient or community-based treatment and supervision.

(c) Not later than the 60th day before the date of expiration of the order, the head of the facility shall transmit to the committing court a psychological evaluation of the acquitted person, a certificate of medical examination of the person, and any recommendation for further treatment of the person. The committing court shall make the documents available to the attorneys representing the state and the acquitted person.

STATUS OF COMMITTED PERSON

Art. 46C.259. If an acquitted person is committed under this subchapter, the person's status as a patient or resident is governed by Subtitle C or D, Title 7, Health and Safety Code, except that:

- (1) transfer to a nonsecure unit is governed by Article 46C.260;
- (2) modification of the order to direct outpatient or community-based treatment and supervision is governed by Article 46C.262; and
- (3) discharge is governed by Article 46C.268.

Art. 46C.260. (a) A person committed to a facility under this subchapter shall be committed to a facility designated by the commission.

(b) A person committed under this subchapter shall be transferred to the designated facility immediately on the entry of the order of commitment.

(c) Unless a person committed to a maximum security unit by the commission is determined to be manifestly dangerous by a review board under this article, not later than the 60th day following the date of the person's arrival at the maximum security unit the person shall be transferred to a non-maximum security unit of a facility designated by the commission.

(d) The executive commissioner shall appoint a review board of five members, including one psychiatrist licensed to practice medicine in this state and two persons who work directly with persons with mental illnesses or persons with intellectual disabilities, to determine whether the person is manifestly dangerous and, as a result of the danger the person presents, requires continued placement in a maximum security unit.

(e) If the head of the facility at which the maximum security unit is located disagrees with the determination, then the matter shall be referred to the executive commissioner. The executive commissioner shall decide whether the person is manifestly dangerous.

RENEWAL OF ORDERS FOR INPATIENT COMMITMENT OR OUTPATIENT OR COMMUNITY-BASED TREATMENT AND SUPERVISION

Art. 46C.261. (a) A court that orders an acquitted person committed to inpatient treatment or orders outpatient or community-based treatment and supervision annually shall determine whether to renew the order.

(b) Not later than the 30th day before the date an order is scheduled to expire, the institution to which a person is committed, the person responsible for providing outpatient or community-based treatment and supervision, or the attorney representing the state may file a request that the order be renewed. The request must explain in detail the reasons why the person requests renewal under this article. A request to renew an order committing the person to inpatient treatment must also explain in detail why outpatient or community-based treatment and supervision is not appropriate.

(c) The request for renewal must be accompanied by a certificate of medical examination for mental illness signed by a physician who examined the person during the 30-day period preceding the date on which the request is filed.

(d) On the filing of a request for renewal under this article, the court shall:

- (1) set the matter for a hearing; and
- (2) appoint an attorney to represent the person.

(e) The court shall act on the request for renewal before the order expires.

(f) If a hearing is held, the person may be transferred from the facility to which the acquitted person was committed to a jail for purposes of participating in the hearing only if necessary but not earlier than 72 hours before the hearing begins. If the order is renewed, the person shall be transferred back to the facility immediately on renewal of the order.

(g) If no objection is made, the court may admit into evidence the certificate of medical examination for mental illness. Admitted certificates constitute competent medical or psychiatric testimony, and the court may make its findings solely from the certificate and the detailed request for renewal.

(h) A court shall renew the order only if the court finds that the party who requested the renewal has established by clear and convincing evidence that continued mandatory supervision and treatment are appropriate. A renewed order authorizes continued inpatient commitment or outpatient or community-based treatment and supervision for not more than one year.

(i) The court, on application for renewal of an order for inpatient or residential care services, may modify the order to provide for outpatient or community-based treatment and supervision if the court finds the acquitted person has established by a preponderance of the evidence that treatment and supervision can be safely and effectively provided as outpatient or community-based treatment and supervision.

COURT-ORDERED OUTPATIENT OR COMMUNITY-BASED TREATMENT AND SUPERVISION AFTER INPATIENT COMMITMENT

Art. 46C.262. (a) An acquitted person, the head of the facility to which the acquitted person is committed, or the attorney representing the state may request that the court modify an order for inpatient treatment or residential care to order outpatient or community-based treatment and supervision.

(c) If a request is made by an acquitted person or the attorney representing the state, the court must act on the request not later than the 14th day after the date of the request. A hearing under this subsection is at the discretion of the court, except that the court shall hold a hearing if the request and any accompanying material provide a basis for believing modification of the order may be appropriate.

(d) If a request is made by an acquitted person not later than the 90th day after the date of a hearing on a previous request, the court is not required to act on the request except on the expiration of the order or on the expiration of the 90-day period following the date of the hearing on the previous request.

(e) The court shall rule on the request during or as soon as practicable after any hearing on the request but not later than the 14th day after the date of the request.

(f) The court shall modify the commitment order to direct outpatient or community-based treatment and supervision if at the hearing the acquitted person establishes by a preponderance of the evidence that treatment and supervision can be safely and effectively provided as outpatient or community-based treatment and supervision.

COURT-ORDERED OUTPATIENT OR COMMUNITY-BASED TREATMENT AND SUPERVISION

Art. 46C.263. (a) The court may order an acquitted person to participate in an outpatient or community-based regimen of treatment and supervision:

- (3) after a period of inpatient treatment or residential care under Article 46C.262.

(b) An acquitted person may be ordered to participate in an outpatient or community-based regimen of treatment and supervision only if:

- (1) the court receives and approves an outpatient or community-based treatment plan that comprehensively provides for the outpatient or community-based treatment and supervision; and
- (2) the court finds that the outpatient or community-based treatment and supervision provided for by the plan will be available to and provided to the acquitted person.

(c) The order may require the person to participate in a prescribed regimen of medical, psychiatric, or psychological care or treatment, and the regimen may include treatment with psychoactive medication.

(d) The court may order that supervision of the acquitted person be provided by the appropriate community supervision and corrections department or the facility administrator of a community center that provides mental health or intellectual disability services.

(e) The court may order the acquitted person to participate in a supervision program funded by the Texas Correctional Office on Offenders with Medical or Mental Impairments.

(f) An order under this article must identify the person responsible for administering an ordered regimen of outpatient or community-based treatment and supervision.

(g) In determining whether an acquitted person should be ordered to receive outpatient or community-based treatment and supervision rather than inpatient care or residential treatment, the court shall have as its primary concern the protection of society.

LOCATION OF COURT-ORDERED OUTPATIENT OR COMMUNITY-BASED TREATMENT AND SUPERVISION

Art. 46C.264. (a) The court may order the outpatient or community-based treatment and supervision to be provided in any appropriate county where the necessary resources are available.

(b) This article does not supersede any requirement under the other provisions of this subchapter to obtain the consent of a treatment and supervision provider to administer the court-ordered outpatient or community-based treatment and supervision.

SUPERVISORY RESPONSIBILITY FOR OUTPATIENT OR COMMUNITY-BASED TREATMENT AND SUPERVISION

Art. 46C.265. (a) The person responsible for administering a regimen of outpatient or community-based treatment and supervision shall:

- (1) monitor the condition of the acquitted person; and
- (2) determine whether the acquitted person is complying with the regimen of treatment and supervision.

(b) The person responsible for administering a regimen of outpatient or community-based treatment and supervision shall notify the court ordering that treatment and supervision and the attorney representing the state if the person:

- (1) fails to comply with the regimen; and
- (2) becomes likely to cause serious harm to another.

MODIFICATION OR REVOCATION OF ORDER FOR OUTPATIENT OR COMMUNITY-BASED TREATMENT AND SUPERVISION

Art. 46C.266. (a) The court, on its own motion or the motion of any interested person and after notice to the acquitted person and a hearing, may modify or revoke court-ordered outpatient or community-based treatment and supervision.

(b) At the hearing, the court without a jury shall determine whether the state has established clear and convincing evidence that:

- (1) the acquitted person failed to comply with the regimen in a manner or under circumstances indicating the person will become likely to cause serious harm to another if the person is provided continued outpatient or community-based treatment and supervision; or
- (2) the acquitted person has become likely to cause serious harm to another if provided continued outpatient or community-based treatment and supervision.

(c) On a determination under Subsection (b), the court may take any appropriate action, including:

- (1) revoking court-ordered outpatient or community-based treatment and supervision and ordering the person committed for inpatient or residential care; or
- (3) imposing additional or more stringent terms on continued outpatient or community-based treatment.

(d) An acquitted person who is the subject of a proceeding under this article is entitled to representation by counsel in the proceeding.

(e) The court shall set a date for a hearing under this article that is not later than the seventh day after the applicable motion was filed. The court may grant one or more continuances of the hearing on the motion of a party or of the court and for good cause shown.

Art. 46C.267. (a) The state or the head of the facility or other person responsible for administering a regimen of outpatient or community-based treatment and supervision may file a sworn application with the court for the detention of an acquitted person receiving court-ordered outpatient or community-based treatment and supervision. The application must state that the person meets the criteria of Article 46C.266 and provide a detailed explanation of that statement.

(b) If the court determines that the application establishes probable cause to believe the order for outpatient or community-based treatment and supervision should be revoked, the court shall issue an order to an on-duty peace officer authorizing the acquitted person to be taken into custody and brought before the court.

(c) An acquitted person taken into custody under an order of detention shall be brought before the court without unnecessary delay.

(d) When an acquitted person is brought before the court, the court shall determine whether there is probable cause to believe that the order for outpatient or community-based treatment and supervision should be revoked. On a finding that probable cause for revocation exists, the court shall order the person held in protective custody pending a determination of whether the order should be revoked.

(e) An acquitted person may be detained under an order for protective custody for a period not to exceed 72 hours, excluding Saturdays, Sundays, legal holidays, and the period prescribed by Section 574.025(b), Health and Safety Code, for an extreme emergency.

(f) This subchapter does not affect the power of a peace officer to take an acquitted person into custody under Section 573.001, Health and Safety Code.

ADVANCE DISCHARGE OF ACQUITTED PERSON AND TERMINATION OF JURISDICTION

Art. 46C.268. (a) An acquitted person, the head of the facility to which the acquitted person is committed, the person responsible for providing the outpatient or community-based treatment and supervision, or the state may request that the court discharge an acquitted person from inpatient commitment or outpatient or community-based treatment and supervision.

(b) Not later than the 14th day after the date of the request, the court shall hold a hearing on a request made by the head of the facility to which the acquitted person is committed or the person responsible for providing the outpatient or community-based treatment and supervision.

(c) If a request is made by an acquitted person, the court must act on the request not later than the 14th day after the date of the request. A hearing under this subsection is at the discretion of the court, except that the court shall hold a hearing if the request and any accompanying material indicate that modification of the order may be appropriate.

(d) If a request is made by an acquitted person not later than the 90th day after the date of a hearing on a previous request, the court is not required to act on the request except on the expiration of the order or on the expiration of the 90-day period following the date of the hearing on the previous request.

(e) The court shall rule on the request during or shortly after any hearing that is held and in any case not later than the 14th day after the date of the request.

(f) The court shall discharge the acquitted person from all court-ordered commitment and treatment and supervision and terminate the court's jurisdiction over the person if the court finds that the acquitted person has established by a preponderance of the evidence that:

- (1) the acquitted person does not have a severe mental illness or intellectual disability; or
- (2) the acquitted person is not likely to cause serious harm to another because of any severe mental illness or intellectual disability.

TERMINATION OF COURT'S JURISDICTION

Art. 46C.269. (a) The jurisdiction of the court over a person covered by this subchapter automatically terminates on the date when the cumulative total period of institutionalization and outpatient or community-based treatment and supervision imposed under this subchapter equals the maximum term of imprisonment provided by law for the offense of which the person was acquitted by reason of insanity.

(b) On the termination of the court's jurisdiction under this article, the person must be discharged from any inpatient treatment or residential care or outpatient or community-based treatment and supervision ordered under this subchapter.

(c) An inpatient or residential care facility to which a person has been committed under this subchapter or a person responsible for administering a regimen of outpatient or community-based treatment and supervision under this subchapter must notify the court not later than the 30th day before the court's jurisdiction over the person ends under this article.

(d) This subchapter does not affect whether a person may be ordered to receive care or treatment under Subtitle C or D, Title 7, Health and Safety Code.

Art. 46C.270. (a) An acquitted person may appeal a judgment reflecting an acquittal by reason of insanity on the basis of the following:

- (2) a finding that the offense on which the prosecution was based involved conduct that:
 - (A) caused serious bodily injury to another person;
 - (B) placed another person in imminent danger of serious bodily injury; or
 - (C) consisted of a threat of serious bodily injury to another person through the use of a deadly weapon.

Sec. 591.002. PURPOSE. (a) It is the public policy of this state that persons with an intellectual disability have the opportunity to develop to the fullest extent possible their potential for becoming productive members of society.

(b) It is the purpose of this subtitle to provide and assure a continuum of quality services to meet the needs of all persons with an intellectual disability in this state.

(c) The state's responsibility to persons with an intellectual disability does not replace or impede parental rights and responsibilities or terminate the activities of persons, groups, or associations that advocate for and assist persons with an intellectual disability.

(d) It is desirable to preserve and promote living at home if feasible. If living at home is not possible and placement in a residential care facility is necessary, a person must be admitted in accordance with basic due process requirements, giving appropriate consideration to parental desires if possible. The person must be admitted to a facility that provides habilitative training for the person's condition, that fosters the personal development of the person, and that enhances the person's ability to cope with the environment.

(e) Because persons with an intellectual disability have been denied rights solely because they are persons with an intellectual disability, the general public should be educated to the fact that persons with an intellectual disability who have not been adjudicated incompetent and for whom a guardian has not been appointed by a due process proceeding in a court have the same rights and responsibilities enjoyed by all citizens of this state. All citizens are urged to assist persons with an intellectual disability in acquiring and maintaining rights and in participating in community life as fully as possible.

(f) If a physician issues an order to administer psychoactive medication to a client without the client's consent because the client is having a medication-related emergency:

- (1) the physician shall document in the client's clinical record in specific medical or behavioral terms the necessity of the order and that the physician has evaluated but rejected other generally accepted, less intrusive forms of treatment, if any; and
- (2) treatment of the client with the psychoactive medication shall be provided in the manner, consistent with clinically appropriate medical care, least restrictive of the client's personal liberty.

Sec. 592.153. ADMINISTRATION OF MEDICATION TO CLIENT COMMITTED TO RESIDENTIAL CARE FACILITY. (a) In this section, "ward" has the meaning assigned by Section 1002.030, Estates Code.

(b) A person may not administer a psychoactive medication to a client who refuses to take the medication voluntarily unless:

- (1) the client is having a medication-related emergency;
- (2) the client is under an order issued under Section 592.156 authorizing the administration of the medication regardless of the client's refusal; or
- (3) the client is a ward who is 18 years of age or older and the guardian of the person of the ward consents to the administration of psychoactive medication regardless of the ward's expressed preferences regarding treatment with psychoactive medication.

Sec. 592.154. PHYSICIAN'S APPLICATION FOR ORDER TO AUTHORIZE PSYCHOACTIVE MEDICATION; DATE OF HEARING. (a) A physician who is treating a client may file an application in a probate court or a court with probate jurisdiction on behalf of the state for an order to authorize the administration of a psychoactive medication regardless of the client's refusal if:

- (1) the physician believes that the client lacks the capacity to make a decision regarding the administration of the psychoactive medication;
- (2) the physician determines that the medication is the proper course of treatment for the client; and
- (3) the client has been committed to a residential care facility under Subchapter C, Chapter 593, or other law or an application for commitment to a residential care facility under Subchapter C, Chapter 593, has been filed for the client.

(b) An application filed under this section must state:

- (1) that the physician believes that the client lacks the capacity to make a decision regarding administration of the psychoactive medication and the reasons for that belief;
- (2) each medication the physician wants the court to compel the client to take;
- (3) whether an application for commitment to a residential care facility under Subchapter C, Chapter 593, has been filed;
- (4) whether an order committing the client to a residential care facility has been issued and, if so, under what authority it was issued;

- (5) the physician's diagnosis of the client; and
- (6) the proposed method for administering the medication and, if the method is not customary, an explanation justifying the departure from the customary methods.

(c) An application filed under this section must be filed separately from an application for commitment to a residential care facility.

(d) The hearing on the application may be held on the same date as a hearing on an application for commitment to a residential care facility under Subchapter C, Chapter 593, but the hearing must be held not later than 30 days after the filing of the application for the order to authorize psychoactive medication. If the hearing is not held on the same date as the application for commitment to a residential care facility under Subchapter C, Chapter 593, and the client is transferred to a residential care facility in another county, the court may transfer the application for an order to authorize psychoactive medication to the county where the client has been transferred.

(e) Subject to the requirement in Subsection (d) that the hearing shall be held not later than 30 days after the filing of the application, the court may grant one continuance on a party's motion and for good cause shown. The court may grant more than one continuance only with the agreement of the parties.

Sec. 592.155. RIGHTS OF CLIENT. A client for whom an application for an order to authorize the administration of a psychoactive medication is filed is entitled:

- (1) to be represented by a court-appointed attorney who is knowledgeable about issues to be adjudicated at the hearing;
- (2) to meet with that attorney as soon as is practicable to prepare for the hearing and to discuss any of the client's questions or concerns;
- (3) to receive, immediately after the time of the hearing is set, a copy of the application and written notice of the time, place, and date of the hearing;
- (4) to be informed, at the time personal notice of the hearing is given, of the client's right to a hearing and right to the assistance of an attorney to prepare for the hearing and to answer any questions or concerns;
- (5) to be present at the hearing;
- (6) to request from the court an independent expert; and
- (7) to be notified orally, at the conclusion of the hearing, of the court's determinations of the client's capacity and best interest.

Sec. 592.156. HEARING AND ORDER AUTHORIZING PSYCHOACTIVE MEDICATION. (a) The court may issue an order authorizing the administration of one or more classes of psychoactive medication to a client who:

- (1) has been committed to a residential care facility; or
- (2) is in custody awaiting trial in a criminal proceeding and was committed to a residential care facility in the six months preceding a hearing under this section.

(b) The court may issue an order under this section only if the court finds by clear and convincing evidence after the hearing:

- (1) that the client lacks the capacity to make a decision regarding the administration of the proposed medication and that treatment with the proposed medication is in the best interest of the client; or
- (2) if the client was committed to a residential care facility by a criminal court with jurisdiction over the client, that treatment with the proposed medication is in the best interest of the client, and either:
 - (A) the client presents a danger to the client or others in the residential care facility in which the client is being treated as a result of a mental disorder or mental defect as determined under Section 592.157; or
 - (B) the client:
 - (i) has remained confined in a correctional facility, as defined by Section 1.07, Penal Code, for a period exceeding 72 hours while awaiting transfer for competency restoration treatment; and
 - (ii) presents a danger to the client or others in the correctional facility as a result of a mental disorder or mental defect as determined under Section 592.157.

(c) In making the finding that treatment with the proposed medication is in the best interest of the client, the court shall consider:

- (1) the client's expressed preferences regarding treatment with psychoactive medication;
- (2) the client's religious beliefs;
- (3) the risks and benefits, from the perspective of the client, of taking psychoactive medication;

- (4) the consequences to the client if the psychoactive medication is not administered;
- (5) the prognosis for the client if the client is treated with psychoactive medication;
- (6) alternative, less intrusive treatments that are likely to produce the same results as treatment with psychoactive medication; and
- (7) less intrusive treatments likely to secure the client's consent to take the psychoactive medication.

(d) A hearing under this subchapter shall be conducted on the record by the probate judge or judge with probate jurisdiction, except as provided by Subsection (e).

(e) A judge may refer a hearing to a magistrate or court-appointed associate judge who has training regarding psychoactive medications. The magistrate or associate judge may effectuate the notice, set hearing dates, and appoint attorneys as required by this subchapter. A record is not required if the hearing is held by a magistrate or court-appointed associate judge.

(f) A party is entitled to a hearing de novo by the judge if an appeal of the magistrate's or associate judge's report is filed with the court before the fourth day after the date the report is issued. The hearing de novo shall be held not later than the 30th day after the date the application for an order to authorize psychoactive medication was filed.

(g) If a hearing or an appeal of an associate judge's or magistrate's report is to be held in a county court in which the judge is not a licensed attorney, the proposed client or the proposed client's attorney may request that the proceeding be transferred to a court with a judge who is licensed to practice law in this state. The county judge shall transfer the case after receiving the request, and the receiving court shall hear the case as if it had been originally filed in that court.

(h) As soon as practicable after the conclusion of the hearing, the client is entitled to have provided to the client and the client's attorney written notification of the court's determinations under this section. The notification shall include a statement of the evidence on which the court relied and the reasons for the court's determinations.

(i) An order entered under this section shall authorize the administration to a client, regardless of the client's refusal, of one or more classes of psychoactive medications specified in the application and consistent with the client's diagnosis. The order shall permit an increase or decrease in a medication's dosage, restitution of medication authorized but discontinued during the period the order is valid, or the substitution of a medication within the same class.

(j) The classes of psychoactive medications in the order must conform to classes determined by the department.

(k) An order issued under this section may be reauthorized or modified on the petition of a party. The order remains in effect pending action on a petition for reauthorization or modification. For the purpose of this subsection, "modification" means a change of a class of medication authorized in the order.

(l) For a client described by Subsection (b)(2)(B), an order issued under this section:

- (1) authorizes the initiation of any appropriate mental health treatment for the patient awaiting transfer; and
- (2) does not constitute authorization to retain the client in a correctional facility for competency restoration treatment.

Sec. 592.157. FINDING THAT CLIENT PRESENTS A DANGER. In making a finding under Section 592.156(b)(2) that, as a result of a mental disorder or mental defect, the client presents a danger to the client or others in the residential care facility in which the client is being treated or in the correctional facility, as applicable, the court shall consider:

- (1) an assessment of the client's present mental condition; and
- (2) whether the client has inflicted, attempted to inflict, or made a serious threat of inflicting substantial physical harm to the client's self or to another while in the facility.

Sec. 592.158. APPEAL. (a) A client may appeal an order under this subchapter in the manner provided by Section 593.056 for an appeal of an order committing the client to a residential care facility.

(b) An order authorizing the administration of medication regardless of the refusal of the client is effective pending an appeal of the order.

Sec. 592.159. EFFECT OF ORDER. (a) A person's consent to take a psychoactive medication is not valid and may not be relied on if the person is subject to an order issued under Section 592.156.

(b) The issuance of an order under Section 592.156 is not a determination or adjudication of mental incompetency and does not limit in any other respect that person's rights as a citizen or the person's property rights or legal capacity.

Sec. 592.160. EXPIRATION OF ORDER. (a) Except as provided by Subsection (b), an order issued under Section 592.156 expires on the anniversary of the date the order was issued.

(b) An order issued under Section 592.156 for a client awaiting trial in a criminal proceeding expires on the date the defendant is acquitted, is convicted, or enters a plea of guilty or the date on which charges in the case are dismissed. An order continued under this subsection shall be reviewed by the issuing court every six months.

(b) Except as provided by Subsection (e), the application must be filed with the county clerk in the county in which the proposed resident resides. If the director of a residential care facility files an application for judicial commitment of a voluntary resident, the county in which the facility is located is considered the resident's county of residence.

(c) The county court has original jurisdiction of all judicial proceedings for commitment of a person with an intellectual disability to residential care facilities.

(d) Except as provided by Section 593.0511, a person may not be committed to the department for placement in a residential care facility under this subchapter unless a report by an interdisciplinary team recommending the placement has been completed during the six months preceding the date of the court hearing on the application. (b) A person under a protective custody order may not be detained in a nonmedical facility used to detain persons charged with or convicted of a crime, unless an extreme emergency exists and in no case for longer than 24 hours.

(c) The county health authority shall ensure that the detained person receives proper care and medical attention pending removal to a residential care facility.

Sec. 593.046. RELEASE FROM PROTECTIVE CUSTODY. (a) The administrator of a facility in which a person is held in protective custody shall discharge the person not later than the 20th day after the date on which custody begins if the court that issued the protective custody order has not issued further detention orders.

(b) A facility administrator who believes that the person is a danger to himself or others shall immediately notify the court that issued the protective custody order of this belief.

Sec. 593.047. SETTING ON APPLICATION. On the filing of an application the court shall immediately set the earliest practicable date for a hearing to determine the appropriateness of the proposed commitment.

(b) The Texas Rules of Civil Procedure apply to the selection of the jury, the court's charge to the jury, and all other aspects of the proceedings and trial unless the rules are inconsistent with this subchapter.

Sec. 593.050. CONDUCT OF HEARING. (a) The hearing must be open to the public unless the proposed resident or the resident's representative requests that the hearing be closed and the judge determines that there is good cause to close the hearing.

(b) The proposed resident is entitled to be present throughout the hearing. If the court determines that the presence of the proposed resident would result in harm to the proposed resident, the court may waive the requirement in writing clearly stating the reason for the decision.

(c) The proposed resident is entitled to and must be provided the opportunity to confront and cross-examine each witness.

(d) The Texas Rules of Evidence apply. The results of the determination of an intellectual disability and the current interdisciplinary team report and recommendations, except in the case of a long-term placement under Section 593.0511, shall be presented in evidence.

(e) The party who filed the application has the burden to prove beyond a reasonable doubt that long-term placement of the proposed resident in a residential care facility is appropriate.

Sec. 593.051. DISMISSAL AFTER HEARING. If long-term placement in a residential care facility is not found to be appropriate, the court shall enter a finding to that effect, dismiss the application, and if appropriate, recommend application for admission to voluntary services under Subchapter B.

Sec. 593.0511. LONG-TERM PLACEMENT WITHOUT INTERDISCIPLINARY TEAM RECOMMENDATION. A court may commit a proposed resident to long-term placement in a residential care facility without an interdisciplinary team recommendation under Section 593.013 if the court determines beyond a reasonable doubt that the proposed resident meets the requirements for commitment to a residential care facility under Section 593.052.

Sec. 593.052. ORDER FOR COMMITMENT. (a) A proposed resident may not be committed to a residential care facility unless:

- (1) the proposed resident is a person with an intellectual disability;
- (2) a petition to the court to issue a commitment order by the guardian of the proposed resident or, if the proposed resident is a minor, the parent of the proposed resident or the current interdisciplinary team report and recommendations, if applicable, show that because of the proposed resident's intellectual disability, the proposed resident:
 - (A) represents a substantial risk of physical impairment or injury to the proposed resident or others; or
 - (B) is unable to provide for and is not providing for the proposed resident's most basic personal physical needs;
- (3) the proposed resident cannot be adequately and appropriately habilitated in an available, less restrictive setting; and
- (4) the residential care facility provides habilitative services, care, training, and treatment appropriate to the proposed resident's needs.

(b) If it is determined that the requirements of Subsection (a) have been met and that long-term placement in a residential care facility is appropriate, the court shall commit the proposed resident for care, treatment, and training to a community center or the department when space is available in a residential care facility.

(c) The court shall immediately send a copy of the commitment order to the department or community center.

Sec. 593.053. DECISION. The court in each case shall promptly report in writing the decision and findings of fact.

Sec. 593.054. NOT A JUDGMENT OF INCOMPETENCE. An order for commitment is not an adjudication of mental incompetency.

Sec. 593.055. DESIGNATION OF FACILITY. If placement in a residential facility is necessary, preference shall be given to the facility nearest to the residence of the proposed resident unless:

- (1) space in the facility is unavailable;
- (2) the proposed resident, parent if the resident is a minor, or guardian of the person requests otherwise; or
- (3) there are other compelling reasons.

Sec. 593.056. APPEAL. (a) A party to a commitment proceeding has the right to appeal the judgment to the appropriate court of appeals.

- (b) The Texas Rules of Civil Procedure apply to an appeal under this section.
- (c) An appeal under this section shall be given a preference setting.
- (d) The county court may grant a stay of commitment pending appeal.

SUBCHAPTER D. FEES

Sec. 593.071. APPLICATION OF SUBCHAPTER. This subchapter applies only to a resident admitted to a residential care facility operated by the department.

Sec. 593.072. INABILITY TO PAY. A resident may not be denied residential care because of an inability to pay for the care.

Sec. 593.073. DETERMINATION OF RESIDENTIAL COSTS. The executive commissioner by rule may determine the cost of support, maintenance, and treatment of a resident.

Sec. 593.074. MAXIMUM FEES. (a) Except as provided by this section, the department may not charge for a resident total fees from all sources that exceed the cost to the state to support, maintain, and treat the resident.

(b) The executive commissioner may use the projected cost of providing residential services to establish by rule the maximum fee that may be charged to a payer.

(c) The executive commissioner by rule may establish maximum fees on one or a combination of the following:

- (1) a statewide per capita;
- (2) an individual facility per capita; or
- (3) the type of service provided.

(d) Notwithstanding Subsection (b), the executive commissioner by rule may establish a fee in excess of the department's projected cost of providing residential services that may be charged to a payer:

- (1) who is not an individual; and
- (2) whose method of determining the rate of reimbursement to a provider results in the excess.

Sec. 593.075. SLIDING FEE SCHEDULE. (a) The executive commissioner by rule shall establish a sliding fee schedule for the payment by the resident's parents of the state's total costs for the support, maintenance, and treatment of a resident younger than 18 years of age.

(b) The executive commissioner by rule shall set the fee according to the parents' net taxable income and ability to pay.

(c) The parents may elect to have their net taxable income determined by their most current financial statement or federal income tax return.

(d) In determining the portion of the costs of the resident's support, maintenance, and treatment that the parents are required to pay, the department, in accordance with rules adopted by the executive commissioner, shall adjust, when appropriate, the payment required under the fee schedule to allow for consideration of other factors affecting the ability of the parents to pay.

(e) The executive commissioner shall evaluate and, if necessary, revise the fee schedule at least once every five years.

Sec. 593.076. FEE SCHEDULE FOR DIVORCED PARENTS. (a) If the parents of a resident younger than 18 years of age are divorced, the fee charged each parent for the cost of the resident's support, maintenance, and treatment is determined by that parent's own income.

(b) If the divorced parents' combined fees exceed the maximum fee authorized under the fee schedule, the department shall equitably allocate the maximum fee between the parents in accordance with department rules, but a parent's fee may not exceed the individual fee determined for that parent under Subsection (a).

Sec. 593.077. CHILD SUPPORT PAYMENTS FOR BENEFIT OF RESIDENT. (a) Child support payments for the benefit of a resident paid or owed by a parent under court order are considered the property and estate of the resident and the:

- (1) department may be reimbursed for the costs of a resident's support, maintenance, and treatment from those amounts; and
- (2) executive commissioner by rule may establish a fee based on the child support obligation in addition to other fees authorized by this subchapter.

(b) The department shall credit the amount of child support a parent actually pays for a resident against monthly charges for which the parent is liable, based on ability to pay.

(c) A parent who receives child support payments for a resident is liable for the monthly charges based on the amount of child support payments actually received in addition to the liability of that parent based on ability to pay.

(d) The department may file a motion to modify a court order that establishes a child support obligation for a resident to require payment of the child support directly to the residential care facility in which the resident resides for the resident's support, maintenance, and treatment if:

- (1) the resident's parent fails to pay child support as required by the order; or
- (2) the resident's parent who receives child support fails to pay charges based on the amount of child support payments received.

(e) In addition to modification of an order under Subsection (d), the court may order all past due child support for the benefit of a resident paid directly to the resident's residential care facility to the extent that the department is entitled to reimbursement of the resident's charges from the child support obligation.

Sec. 593.078. PAYMENT FOR ADULT RESIDENTS. (a) A parent of a resident who is 18 years of age or older is not required to pay for the resident's support, maintenance, and treatment.

(b) Except as provided by Section 593.081, a resident and the resident's estate are liable for the costs of the resident's support, maintenance, and treatment regardless of the resident's age.

Sec. 593.080. STATE CLAIMS FOR UNPAID FEES. (a) Unpaid charges accruing after January 1, 1978, and owed by a parent for the support, maintenance, and treatment of a resident are a claim in favor of the state for the cost of support, maintenance, and treatment of the resident and constitute a lien against the parent's property and estate as provided by Section 533.004, but do not constitute a lien against any other estate or property of the resident.

(b) Except as provided by Section 593.081, costs determined under Section 593.073 constitute a claim by the state against the entire estate or property of the resident, including any share the resident may have by gift, descent, or devise in the estate of the resident's parent or any other person.

Sec. 593.081. TRUST EXEMPTION. (a) If the resident is the beneficiary of a trust that has an aggregate principal of \$250,000 or less, the corpus or income of the trust for the purposes of this subchapter is not considered to be the property of the resident or the resident's estate, and is not liable for the resident's support, maintenance, and treatment regardless of the resident's age.

(b) To qualify for the exemption provided by Subsection (a), the trust must be created by a written instrument, and a copy of the trust instrument must be provided to the department.

(c) A trustee of the trust shall, on the department's request, provide to the department a current financial statement that shows the value of the trust estate.

(d) The department may petition a district court to order the trustee to provide a current financial statement if the trustee does not provide the statement before the 31st day after the date on which the department makes the request. The court shall hold a hearing on the department's petition not later than the 45th day after the date on which the petition is filed. The court shall order the trustee to provide to the department a current financial statement if the court finds that the trustee has failed to provide the statement.

(e) Failure of the trustee to comply with the court's order is punishable by contempt.

(f) For the purposes of this section, the following are not considered to be trusts and are not entitled to the exemption provided by this section:

- (1) a guardianship established under the former Texas Probate Code or under the Estates Code;
- (2) a trust established under Chapter 142, Property Code;
- (3) a facility custodial account established under Section 551.003;
- (4) the provisions of a divorce decree or other court order relating to child support obligations;
- (5) an administration of a decedent's estate; or
- (6) an arrangement in which funds are held in the registry or by the clerk of a court.

Sec. 593.082. FILING OF CLAIMS. (a) In this section:

(1) "Person responsible for a resident" means the resident, a person liable for the support of the resident, or both.

(2) "Resident" means a person admitted to a residential care facility operated by the department for persons with an intellectual disability.

(b) A county or district attorney shall, on the written request of the department, represent the state in filing a claim in probate court or a petition in a court of competent jurisdiction to require a person responsible for a resident to appear in court and show cause why the state should not have judgment against the person for the resident's support and maintenance in a residential care facility operated by the department.

(c) On a sufficient showing, the court may enter judgment against the person responsible for the resident for the costs of the resident's support and maintenance.

(d) Sufficient evidence to authorize the court to enter judgment is a verified account, sworn to by the director of the residential care facility in which the person with an intellectual disability resided or has resided, as to the amount due.

(e) The judgment may be enforced as in other cases.

(f) The county or district attorney representing the state is entitled to a commission of 10 percent of the amount collected.

(g) The attorney general shall represent the state if the county and district attorney refuse or are unable to act on the department's request.

SUBCHAPTER E. ADMISSION AND COMMITMENT UNDER PRIOR LAW

Sec. 593.091. ADMISSION AND COMMITMENT. A resident admitted or committed to a department residential care facility under law in force before January 1, 1978, may remain in the facility until:

- (1) necessary and appropriate alternate placement is found; or
- (2) the resident can be admitted or committed to a facility as provided by this chapter, if the admission or commitment is necessary to meet the due process requirements of this subtitle.

Sec. 593.092. DISCHARGE OF PERSON VOLUNTARILY ADMITTED TO RESIDENTIAL CARE FACILITY. (a) Except as otherwise provided, a resident voluntarily admitted to a residential care facility under a law in force before January 1, 1978, shall be discharged not later than the 96th hour after the time the facility director receives written request from the person on whose application the resident was admitted, or on the resident's own request.

(b) The facility director may detain the resident for more than 96 hours in accordance with Section 593.030.

Sec. 593.093. REIMBURSEMENT TO COUNTY. (a) The state shall reimburse a county an amount not to exceed \$50 for the cost of a hearing held by the county court to commit a resident of a department facility who was committed under a law in force before January 1, 1978, and for whom the due process requirements of this subtitle require another commitment proceeding.

(b) The commissioners court of a county entitled to reimbursement under this section may file a claim for reimbursement with the comptroller.

CHAPTER 594. TRANSFER AND DISCHARGE

SUBCHAPTER A. GENERAL PROVISIONS

Sec. 594.001. APPLICABILITY OF CHAPTER. (a) A client may not be transferred or discharged except as provided by this chapter and department rules.

(b) This chapter does not apply to the:

- (1) transfer of a client for emergency medical, dental, or psychiatric care for not more than 30 consecutive days;
- (2) voluntary withdrawal of a client from intellectual disability services; or
- (3) discharge of a client by a director because the person is not a person with an intellectual disability according to the results of the determination of an intellectual disability.

(c) A discharge under Subsection (b)(3) is without further hearings, unless an administrative hearing under Subchapter A, Chapter 593, to contest the determination of an intellectual disability is requested.

Sec. 594.002. LEAVE; FURLOUGH. The director may grant or deny a resident a leave of absence or furlough.

Sec. 594.003. HABEAS CORPUS. This chapter does not alter or limit a resident's right to obtain a writ of habeas corpus.

SUBCHAPTER B. TRANSFER OR DISCHARGE

Sec. 594.011. SERVICE PROVIDER. A service provider shall transfer a client, furlough a client to an alternative placement, or discharge a client if the service provider determines:

- (1) that the client's placement is no longer appropriate to the person's individual needs; or
- (2) that the client can be better treated and habilitated in another setting; and
- (3) placement in another setting that can better treat and habilitate the client has been secured.

Sec. 594.012. REQUEST BY CLIENT, PARENT, OR GUARDIAN. (a) A client, the parent of a client who is a minor, or the guardian of the person may request a transfer or discharge.

(b) The service provider shall determine the appropriateness of the requested transfer or discharge.

(c) If a request is denied, the client, parent, or guardian of the person is entitled to a hearing under Section 594.015 to contest the decision.

Sec. 594.013. NOTICE OF TRANSFER OR DISCHARGE; APPROVAL. (a) A client and the parent or guardian must be notified not later than the 31st day before the date of the proposed transfer or discharge of the client.

Sec. 594.016. DECISION. (a) After each case, the hearing officer shall promptly report to the parties in writing the officer's decision, findings of fact, and the reasons for those findings.

(b) The hearing officer's decision is final on the 31st day after the date on which the decision is reported, unless an appeal is filed within that period.

(c) The filing of an appeal suspends the decision of the hearing officer, and a party may not take action on the decision.

(d) If an appeal is not filed from a final order granting a request for a transfer or discharge, the director shall proceed with the transfer or discharge.

(e) If an appeal is not filed from a final order denying a request for a transfer or discharge, the client shall remain in the same program or facility at which the client is receiving services.

Sec. 594.017. APPEAL. (a) A party to a hearing may appeal the hearing officer's decision without filing a motion for rehearing with the hearing officer.

- (1) an examination of the resident by a licensed physician indicates symptoms of mental illness to the extent that care, treatment, and rehabilitation in a state mental hospital is in the best interest of the resident;
- (2) the hospital administrator of the state mental hospital to which the resident is to be transferred agrees to the transfer; and
- (3) the director coordinates the transfer with the hospital administrator of the state mental hospital.

(b) A resident transferred from a residential care facility to a state mental hospital may not remain in the hospital for longer than 30 consecutive days unless the transfer is authorized by a court order under this subchapter.

Sec. 594.033. EVALUATION; COURT ORDER. The hospital administrator of the state mental hospital to which a court-committed resident is transferred shall immediately have an evaluation of the resident's condition performed.

Sec. 594.034. REQUEST FOR TRANSFER ORDER. (a) If the evaluation performed under Section 594.033 reveals that continued hospitalization is necessary for longer than 30 consecutive days, the hospital administrator of the state mental hospital to which a court-committed resident is transferred shall promptly request from the court that originally committed the resident to the residential care facility an order transferring the resident to the hospital.

(b) In support of the request, the hospital administrator shall send two certificates of medical examination for mental illness as described in Section 574.011, stating that the resident is:

(b) The hearing should be held in a physical setting that is not likely to have a harmful effect on the resident.

Sec. 594.038. HEARING BEFORE JURY. (a) The transfer hearing must be held before a jury unless a waiver of trial by jury is made in writing under oath by the resident, the parent if the resident is a minor, or the resident's guardian of the person.

(b) Notwithstanding the executed waiver, a jury shall determine the issue of the case if the resident, the parent, the guardian of the person, or the resident's legal representative demands a jury trial at any time before the hearing's determination is made.

- (1) prevent circumvention or evasion of the chapter; or
- (2) facilitate compliance with the chapter.

Sec. 595.003. CONSENT TO DISCLOSURE. (a) The content of a confidential record may be disclosed in accordance with the prior written consent of:

- (1) the person about whom the record is maintained;
- (2) the person's parent if the person is a minor;

(b) Disclosure is permitted only to the extent, under the circumstances, and for the purposes allowed under department rules.

Sec. 595.004. RIGHT TO PERSONAL RECORD. (a) The content of a confidential record shall be made available on the request of the person about whom the record was made unless:

(1) the person is a client; and

(d) If authorized by an appropriate order of a court of competent jurisdiction granted after application showing good cause, the content of a record may be disclosed without the consent required under Section 595.003. In determining whether there is good cause, a court shall weigh the public interest and need for disclosure against the injury to the person receiving services. On granting the order, the court, in determining the extent to which any disclosure of all or any part of a record is necessary, shall impose appropriate safeguards against unauthorized disclosure.

Sec. 595.0055. DISCLOSURE OF NAME AND BIRTH AND DEATH DATES FOR CERTAIN PURPOSES. (a) In this section, "cemetery organization" and "funeral establishment" have the meanings assigned by Section 711.001.
